Snapshots of some potential Jobguard[®] Nitrile users* at work:

- A quality assurance engineer tests a new silicon wafer.
- A grounds maintenance worker sprays pesticide on rose bushes.
- A poultry processing operator removes the bones from a chicken.
- An auto technician bleeds a brake line after replacing the master cylinder.

For the widest range of tasks where you need reliable strength, flexibility, and chemical resistance in a latex-free environment, you need Jobguard[®] Nitrile.

Jobguard[®] Nitrile is a pivotal performer on many fronts. Its special formulation of nitrile butadiene rubber (NBR) provides the kind of excellent resilience and puncture resistance needed for contact-intensive tasks. It has an outstanding substance resistance profile, highly impervious to oils, fats, solvents, and chemicals. It's even highly static proof, perfect for use around sensitive electronic components. With an ultra-formfitting design for ergonomic utility, for extra precision, and a high degree of movement to accommodate the most delicate tasks, Jobguard[®] Nitrile is the hands-down winner for protecting your safety and your productivity.

* Please consult your company policy to determine the appropriate glove for a given application.

TDO:TESTED Like every Spring-Fill Industries glove, Jobguard[®] Nitrile is manufactured using Test-Driven OptimizationSM, our system of exacting specifications, ensuring our formulation of NBR provides maximum protection without compromise.

SPRING-FILL GLOVES

We provide gloves to some of the most recognized food, industrial and medical glove users in the United States. Our highly motivated and dedicated team consists of individuals with 20+ years of experience. We strive to create and maintain long-lasting associations with our customers, which extend beyond the typical vendor/buyer relationship.

Spring-Fill provides disposable glove solutions to our customers worldwide. Our overseas office staff, located in Kuala Lumpur, Malaysia and Shanghai, China works with our partner factories continually sourcing high quality products at competitive prices. These factories are not only reliable, but they are also keenly aware of our customers' requirement of on-time shipments.

Spring-Fill Industries is part of a 3rd generation, family-run business located in suburban Chicago. Since 1992, SFI has been providing food, industrial and medical packaging solutions to our worldwide distributors. For over two decades; safety, productivity and quality have been the foundation of our business philosophy.

Protection without compromise...service without limits...glove after glove.

- An ER resident sets a patient's broken tibia and starts applying a cast.
- An industrial chemist prepares a test solution for titration.

When latex isn't an option, but you need manual barrier protection with the highest standards of reliability and protection for healthcare, scientific research, or similar clinical settings, you need firstcare® Nitrile.

Firstcare® Nitrile delivers the most reliable non-latex glove protection for people who absolutely need to avoid bodily fluids, pathogens, or contamination. Its formulation of nitrile butadiene rubber (NBR) provides excellent resilience and puncture resistance. It has an outstanding substance resistance profile, highly impervious to hydrocarbon oils, fats, solvents, and chemicals. Above all, its extremely low 1.5 AQL means you can be confident about its consistent protection, glove after glove. For latex-free environments where high clinical standards for safety are paramount, you'll be glad you have firstcare® Nitrile at hand, providing protection without compromise.

200 Howell Avenue
Riverhead, NY 11901**Bid # JAN-2017 Janitorial Supplies**

To Whom It May Concern:

We are enclosing samples, which are being submitted in compliance with the above-referenced bid.

Please Note! The samples are in accordance with the specified strength. However, since these are the only bags that we have in stock at the present time, the size of some bags may differ with a couple of inches. Also, the color or seal of some bags may be different. **Except for the gloves/aprons will be exactly as the sample enclosed.**

Upon approval of our bid we shall manufacture the bags exactly according to the specified size & color. The purpose of the samples is to test the strength of the bag and the material we are offering. These samples do serve this purpose.

All shipments made consistent with the enclosed samples will be deemed in full conformance with all bid specifications. We are relying upon approval of these samples for compliance of its bid and will ship only such bags, in the specified size/color. Acceptance of our bid shall conclusively constitute approval of the enclosed samples as conformity with bid specifications.

Futhermore, it is hereby understood that we are quoting the prices per the unit you have specified in the bid. However, as the table below indicates, we stock some items in a different pack. Therefore, unless you insist on your specified count, we may prefer to ship according to our standard pack. This will only expedite the delivery of your orders. Be advised, however, that we will not deviate without your definite approval.
