INTRODUCTION

The purpose of this bid proposal is to procure residential solid waste, bulk waste, yard waste, and recyclables collection and disposal services for Contract Bid Areas (CBA) A through F in the Town of Riverhead Refuse and Garbage Collection District, under the terms and conditions set forth herein.

The Map of the Contract Bid Areas A through F is provided in Appendix A at the end of this Bid Package and is a part of the Contract documents collection and disposal of residential solid waste and recyclables. The map identifies street locations and the boundary of each of the six Contract Bid Areas. The current collection schedules for solid waste, recyclables and yard wastes in each CBA are annexed in Appendix B. The successful Bidder shall follow these schedules until proposed changes are approved by the Town Engineer.

Bidders are advised that a bid for the collection and disposal of residential solid waste, recyclables, yard waste and bulk waste may be for any or all of the six Town CBAs for the contract term.

All bidders are advised that the provision of waste disposal services or recycling services to the District and all CBAs therein is reserved to the Town, and that the provision of disposal or recycling services by any other contractor is not authorized under this procurement. Contractors are not authorized to collect or deliver solid waste or recyclables under their Contracts which are not solid waste and recyclables described within this Procurement, and no solid waste and recyclables generated elsewhere.

It is the intent of this Contract to facilitate the separate collection of recyclables so as to maximize their disposal at recycling and composting facilities as they are made available.

Bidders may submit bids on any or all CBAs. Notwithstanding same, the Town reserves the right to limit the number of CBA awards to one company if determined to best protect the interests of the residents of the District and in the best interest of the Town.

Prospective bidders should make a personal inspection of the CBA(s) on which bids will be submitted. Bidders should be familiar with any and all unique characteristics of the CBA(s), including waste volumes, population demographics, traffic patterns and street layouts, which may affect the performance of work. The Town makes no warranty or representation of the specific amounts or composition of waste/recyclables to be generated in any CBA, or as to any correlation between historical delivery records and future waste generation in any CBA. Historical waste delivery data from the prior district contract will be made available at the Town's Department of Engineering. Submitted bids should be

based on actual conditions in the field.

If you have any questions about the bid package, contact the Town Purchasing Agent in writing before April 18, 2024 at baldinucci@townofriverheadny.gov or Town of Riverhead, Attn: Teresa Baldinucci, 4 W Second Street, Riverhead, NY 11901.

Questions will only be accepted in writing – no phone calls will be acknowledged.

By submission of a bid, each bidder represents that it personally inspected the CBA(s) and is fully familiar with all types of stops, and that it is thoroughly familiar with the Contract documents and any addenda issued.

Each CBA shall be the subject of a separate contract awarded to the lowest responsible bidder for that CBA.

Bidders are advised of the Town's right to make alterations in the boundary of any CBA, either before or during the Contract.

The bid shall include the complete cost of furnishing all labor, equipment, and fees to complete the work in accordance with the Contract specifications, including all of the expenses incidental thereto. The Contractor shall assume all risks and responsibility and shall complete the work under whatever conditions he/she may encounter or create, without extra cost to the Town.

The bidder represents and warrants that the bidder is financially solvent and competent to perform the work under the Contract and to furnish all equipment therefore, and that he/she is familiar with all laws, regulations, and ordinances which in any way affect the work of those employed hereunder.

1.3 PREPARATION OF THE BID

Each bid must be:

The unsuccessful bidders, within 20 days after the bids are awarded, will have their Bid Security returned. The Bid Security for the successful bidder(s) will be returned after the award and the filing and approval of the Performance Bond, the signing of the Contract, and the filing of the required insurance certificates. Each bid shall be binding for a period of 60 days after the date the bids are opened to the extent Contractor/Bidder is awarded the bid.

and numbers, the written words will govern. Any mathematical error(s) on the Bid Form shall be corrected by the Town to the lowest number.

The Town reserves the right to take such steps necessary to determine the responsibility of the bidder to perform the obligations under the contract and request additional information about a bidder's qualifications to perform the work. Each bidder agrees to provide such additional information within three business days of receiving a written request for such information. The Town reserves the right to reject any bid where information has not been provided or investigation of available evidence or information does not satisfy the Town that the bidder is qualified to carry out the terms of the contract.

1.6 BINDING BIDS

Each bid shall be binding for a period of 60 days after the date set for the opening of bids.

1.7 RECEIPT AND OPENING OF THE BIDS

All bids must be received by the Town Clerk by **11:00 a.m. on April 25, 2024** at Town Hall, 4 West Second Street, Riverhead, New York 11901, at which time all bids received shall be publicly opened and read aloud.

1.8 DETERMINATION OF A SUCCESSFUL BIDDER

The Town will determine the successful bidder upon price, ability to perform the work, and such other factors listed below.

The lowest bid for each CBA shall be determined based on the aggregate total for the five-year contract period, evaluating the totality of options (1) and (2), as the Town seeks ability and flexibility to designate disposal at recyclable and transfer stations with this contract. The annual contract bid prices must reflect the cost of actual services being provided during each of the five years. Variation of annual contract bid prices by more than ten percent (10%) shall be grounds to disqualify a bidder.

In addition to price, the lowest responsible bidder will be determined after the following factors have been considered:

- a. The ability, capability and skill of the bidder to perform the contract or provide the service required;

- b. Whether the bidder has the facilities and financial ability to perform the contract or provide the service promptly, or within the time specified, without delay or interference;
- c. The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- d. The bidder's record of performance of previous contracts or services;
- e. The previous and existing compliance by the bidder with laws and ordinances relating to the contract or services;
- f. The quality, availability and adaptability of the equipment and services to the particular use required;
- g. The number and scope of conditions attached to the bid.

1.9 ACCEPTANCE OF BID

The Town reserves the right to determine the manner in which successful bidders will be selected as required by the best interests of the Town. The Town reserves the right to negotiate with the lowest bidder(s) a reduction in the bid price. The Town reserves the right to reject any or all bids, to waive irregularities and/or informalities in any bid, and to make an award in a manner consistent with law, deemed in the best interest of the Town.

Successful bids will be awarded by a Resolution of the Town Board. No other act of the Town shall constitute the award of a bid. After the Town notifies the successful bidders of the awarding of the contracts, the bidders shall have 20 days following the receipt of such notice to supply the necessary Performance Security, Town financial administrator's certificate and insurance policies, obtain a license to collect solid waste within the Town and to execute a formal contract with the Town for their CBA(s) at a time and place designated by the Town Attorney.

1.10 CHANGE OF OWNERSHIP

Any sale, purchase, transfer, assignment or other change in possession or ownership of twenty-five percent (25%) or more of the stock or other indication of ownership of the Contractor after the award of the Contract shall be subject to the prior approval of the Town. Any prospective purchaser or new owner shall submit all qualifications and disclosure information as submitted by the Contractor and shall provide access to its books and records to enable the Town or its

agents to conduct a background investigation, which shall be a prerequisite for consent to the sale, purchase or other transfer of ownership.

1.11 AUTOMATIC ADJUSTMENT FOR DWELLING UNIT CHANGES

Contract payment adjustments will be made in accordance with the contract units as set forth in the Introduction based on the type of property receiving service. The number of contract units within the CBA will be adjusted on the last business day of each month and shall apply to payments due for collection service in that month or part thereof.

1.12 SUBCONTRACTS AND ASSIGNMENTS

As per New York State General Municipal Law work shall not be subcontracted or assigned without the prior written approval of the Town Board. Approval of subcontracts shall be at the discretion of the Town Board. If the Contractor violates this section, the Contract shall be revoked and both the Contractor and subcontractor shall forfeit all monies earned during this Contract.

1.13 EXCHANGE OF CONTRACTS BETWEEN SUCCESSFUL BIDDERS

The successful bidders shall have five calendar days from the notice of award to request exchanges of CBA's among themselves so as to consolidate routes. For an exchange to be considered, the following criteria must be met and explained in writing:

- a. The proposed exchanges must be approved by the Town Board.
- b. The exchanging Contractors must agree to perform the Contract for the CBA at the equalized Contract unit cost per year awarded by the Town or the equalized Contract unit cost actually bid by the performing Contractor for that CBA, whichever is lower.
- c. The number of CBA's serviced by a single contractor shall not be increased or reduced as awarded by the Town.
- d. Any request to exchange CBA's shall not extend the date to execute the Contracts.

If an exchange is approved, the Contractor's equalized contract unit cost bid for the respective CBA's shall be adjusted to comply with subparagraph b above.

Upon the mutual agreement of the Town and the Contractor, by written notice, at least 60 days prior to the expiration of the initial term of this Contract, or any extension thereof, said term may be renewed up to two times, each for a one-year interval. The Contract Price for each one-year extension period will be calculated based on any change from the previous year in the Consumer Price Index (CPI-U) for All Urban Consumers Indexes and percent changes for selected periods New York-Northern New Jersey-Long Island NY—NJ-CT-PA (CUURA101SA0) as published by the U.S. Department of Labor using the following formula:

$$UC = Z + \frac{CPI-U \text{ for July 2024, 2025, 2026, 2027} - CPI-U \text{ for July 2023, 2024, 2026, 2026}}{2026 - 2023}$$

*calculations shall be consistent with the formula above if options to extend are exercised for 2030 and/or 2031

CPI-U = Consumer Price Index for All Urban Consumers for selected areas, all items indexed for the New York-Northern New Jersey-Long Island NY—NJ-CT-PA

UC = Adjusted Unit Cost for contract years 2026, 2027, 2028 and 2029 and if applicable, Option to Extend for 2030 and 2031.

Z = Unit Cost for 2025

2.3.2 Compliance With Laws

The Contractor shall, at its own expense and cost, comply with all applicable laws, rules and regulations, including but not limited to those governing the inspection and licensing of equipment used in the performance of this Contract, and the Town of Riverhead Local Law 8-1991, as amended, entitled, "Solid Waste Management", Chapter 273, Code of the Town of Riverhead.

All provisions required by law to be included in this Contract are hereby deemed included in this Contract as if set forth in length. Without limiting the foregoing, attention is especially drawn to the New York State Labor Law, Article 9, entitled, "Prevailing Wage for Building Service Employees" Sections 230 and 231, which govern the Carting Industry (Appendix C).

2.3.3 Insolvency

If at any time prior to the date herein fixed as the termination of the Contract Term, there shall be filed by or against the Contractor, in any Court pursuant to any statute either of the United States or any State, a petition in bankruptcy or insolvency for the reorganization or for the appointment of a receiver or trustee of all or a portion of the Contractor's property, and within 30 days thereof the Contractor fails to secure a discharge thereof, or if the Contractor makes an assignment for the benefit of creditors, or petitions for or enters into an arrangement, this Contract may be declared canceled and terminated and in which event neither Contractor nor any person through or under Contractor or by virtue of any statute or of an order of any court shall be entitled to the Contract nor any rights therein.

If the Contract is annulled under this article, the Contractor shall not be entitled to any damages on account thereof, nor shall such annulment affect the right of the Town to recover against the Contractor, or his surety, damages which may arise, or for extra costs which may be incurred by the Town as the result of the failure of the Contractor to carry out the terms of the Contract.

2.3.4 Breach of the Contract

If a Contractor fails to perform, or fails to perform its obligations under this Contract, in a manner satisfactory to the Town, or fails to perform said obligations in compliance with the requirements of applicable Federal, State, County, and Town laws, rules and ordinances, the Town shall have the right to take whatever corrective action as the Town deems appropriate, including but not limited to withholding of Contract Payments, terminating the Contract and/or calling upon the Surety which has issued the Performance Bond.

2.3.5 Excusable Non-Performance

Neither the Contractor nor the Town shall be liable for the failure to fulfill its responsibilities as provided for in this Contract, nor for any resultant damages or

financial losses if such failure is caused by supervening conditions entirely beyond the control of either party hereto due to an act of God, war, governmental order or regulation. The closure of a disposal site or landfill, or the increased cost for equipment, fuels, or prevailing wage, shall not constitute an act of God, war, government order, or regulation. If the Town Engineer determines that the event which caused the disruption of services has ended and the Contractor does not resume service immediately after notification by the Town Engineer that the event which caused the disruption of services has ended, the Contractor's failure to immediately resume services shall constitute a breach of contract by the Contractor.

2.3.6 Assignment of Contract

In accordance with Section 109 of the General Municipal Law of the State of New York, the Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of the Contract, nor of his right, title or interest therein, or his power to execute the Contract, to any other person or corporation without the previous consent, in writing, from the Town.

Penalties for violation of this section are set forth in General Municipal Law Section 109(2). Except for the sale or transfer of five percent (5%) or less of the shares of a publicly traded corporation, any change in stock ownership of a corporate Contractor, other than a transfer caused by the death of a stockholder, shall constitute an assignment and require the prior consent of the Town.

2.3.7 Joint and Several Liability

If the Contractor is comprised of more than one individual, corporation or other entity, each of the entities comprising the Contractor shall be jointly and severally liable for Contract violations.

2.3.8 Binding Effect

The provisions, covenants and conditions of this Contract are binding upon and inure to the benefit of the parties, their successors, representatives, heirs and assignees.

2.3.9 Amendment of the Contract

No modification or amendment to the terms hereof shall be effective or binding upon the Town unless written and signed by the authorized representatives of the Town and the Contractor. A signed original is to be fastened to the original contract kept by the Town Clerk and a signed original delivered to the Contractor.

2.3.10 Notification

All communications or notices between the Contractor and the Town shall be made in writing, by certified mail, return receipt requested; if to the Town said notification shall be addressed to the attention of the Supervisor of the Town of Riverhead, with a copy to the Town Engineer, and if to the Contractor at the address shown on the Contract, unless otherwise amended in writing. Any verbal notices shall be confirmed in writing within ten days in the same manner.

2.3.11 Performance Security

The successful bidder shall execute and furnish to the Town a Renewable Performance Bond or cash bond consistent with the awarded bid. The form of the Renewable Performance Bond is attached. The Contractor shall deliver the Performance Bond or cash bond no later than December 26, 2024.

The successful bidder shall provide a Renewable Performance Bond in a yearly amount equal to the Equalized Contract Units for the CBA multiplied by the Contract Bid Price for the applicable year. The Performance Bond shall be in effect for the entire term of the Contract.

A new Performance Bond shall be executed and furnished for any extension of the Contract in the amount of the annual total Contract Price for that extension year. Such Performance Bond or cash bond shall be delivered to the Town no later than September 15th prior to the commencement of the new extension year.

Failure of the Contractor to provide a Performance Bond or cash bond as set forth above, or the failure of the Contractor to maintain a Performance Bond in full force and effect for the duration of the Contract Term or during any extension thereof, shall constitute a breach of Contract.

The performance bond must be provided by an entity licensed by the New York State Insurance Department to provide Surety bonds in the State of New York. The bond provider must have a current Best's Key Rating of A-IV or better, and must be capable of writing bonds in the amount required by this Contract, as determined by the United States Government Circular 570: Department of Treasury Listing of Approved Sureties.

If at any time the Town becomes dissatisfied with any surety upon the bonds, or, if for any other reason, such bonds cease to be adequate security to the Town, the contractor shall substitute an acceptable bond in a form and sum satisfactory to the Town and signed by a new surety satisfactory to the Town. The premiums on the substitute bond shall be paid by the Contractor.

2.3.12 Inspection and Annual Disclosure

The Town shall have the right to appoint or designate inspectors to ascertain whether or not the Contractor is performing the terms of this Contract. The Contractor, after sufficient notice from the Town of the identity of the inspectors, shall allow the inspectors free access at all reasonable times to any and all of the Contractor's facilities and/or equipment and shall abide by the decisions and determinations of the Town.

Annually on January 2nd during the term of the Contract and any extension thereof, a corporate Contractor, other than a publicly traded corporation, shall file a statement, under oath, with the Town Clerk setting forth: the name, address and date of birth of each and every stockholder; the name, address and the date of birth of every director; and the name, address and date of birth of every officer.

This collected yard waste shall be delivered to a Town facility on the south side of Youngs Avenue, at the closed Town landfill, in Calverton. There will be no disposal fee for this yard waste. The Town will establish the weeks for the special yard waste collection. One of the weekly collections shall be scheduled for the third week in January for the collection of holiday trees. In addition, the Contractor shall provide 4 additional weekly collections of separated yard wastes in the months of November and December.

At the beginning of each contract year, the Town shall provide to the Contractor a schedule for the collection of specific recyclables, alternating weeks for the collection of newspaper/cardboard and commingled recyclables. The Town may modify the recyclable collection schedule as it deems necessary, upon sufficient notification to the Contractor. The Town, at this time, shall also notify the Contractor of the schedule for the weeks of the special collection of yard waste.

2.4.3 Collection Schedule and Routes

The Solid Waste collection schedule, the routes to be followed by the collection trucks, and the house numbers which will be served shall be presented to the Town Engineer for approval prior to the execution of the Contract, pursuant to Paragraph 2.3.13 hereof. Once finalized, the collection schedule, routes and house numbers to be served shall remain the same throughout the term of the contract, unless changed by the Town Engineer. Any proposed change in the truck routes shall be submitted in written form to the Town Engineer for approval prior to being implemented.

A Contractor's inability to comply with the collection schedule or to complete a day's route due to equipment breakdown, injury or other emergency must be reported to the Town Engineer immediately by telephone. Failure to do so will constitute a breach of Contract and the Town may take any action provided for in this Contract, or otherwise provided by law, in the event of a breach.

Properties with more than one dwelling as determined by the Town Assessor are entitled to proportionately more collection services.

2.4.5 Holidays

The Contractor shall distribute said schedules to all parcels within the awarded CBA as per schedule put forth by the Town Engineer. The fabrication and distribution costs shall be borne by the Contractor. Additionally, the Contractor will provide the Town with at least 150 copies of the printed schedule.

2.4.7 Town Engineer's Authority

The Town Engineer shall supervise the Contractor's performance of the work as specified in this contract and shall:

- a. determine the acceptability of the Contractor's performance;
- b. with the assistance of the Town Attorney, interpret the specifications, definitions and provisions of all Contract Documents, when appropriate;
- c. Suspend or excuse the performance of work when it is in the best interest of the Town to do so or when the performance of work, in the Town Engineer's judgment, is or will be dangerous or unsafe.

To limit all disputes and litigation, the Town Engineer's decisions and determinations relative to the Contractor's performance of this Contract shall be submitted by the parties to the Town Board, whose determination or decision shall be final and binding upon both parties. If aggrieved, the Contractor's sole remedy is to seek review pursuant to an Article 78 proceeding which must be commenced by the Contractor against the Town within 30 days of determination or decision. The Contractor waives any right to object to or challenge a Town Board decision or determination by an action at law for breach of Contract. This

Provision shall not preclude or otherwise limit the Town's right to pursue any and all remedies available to it should the Contractor breach this Contract.

2.4.8 Liquidated Damages

By execution of this Contract, the Town and the Contractor agree that the Town and the residents of the District will suffer damage and injury from the breach of the terms of this Contract by the Contractor that the amount of the actual damage suffered by the Town and the residents may be difficult, if not impossible to determine. Therefore, in lieu of proof of actual damage, the Town and the Contractor agree that, in addition to any other remedies which the Town may have, including termination of the Contract, the improper collection or failure of the Contractor to perform its obligations hereunder shall, after notice to the Contractor, result in the assessment of the penalties listed below, which assessment shall be deducted from the next monthly payment due the Contractor:

In the event that a violation is alleged at a Disposal Facility, upon direction by the Town, the involved vehicle will remain at the Disposal Facility until a written report is completed by the Town Engineer. Monetary penalties shall be considered a final determination when assessed by the Town Engineer. Penalties will not be arbitrarily and capriciously applied. 2.5 DELIVERY AND DISPOSAL

2.5.1 Delivery Control

The Contractor shall deliver the Solid Wastes collected within the CBA to a NYS Department of Environmental Conservation permitted Recyclables Processing Facility, Transfer Station Disposal Facility or Facilities of its choice subject to the Town's reservation of rights more fully described below.

The collected Recyclables shall be delivered to a permitted Recyclables Processing Facility for processing and marketing as recovered materials.

The Contractor shall provide the Town with copies of current licenses/permits for the Processing and Disposal Facilities receiving the Solid Wastes collected within the CBA. The Contractor shall notify the Town Engineer, in writing, of any change in the Facilities during the Contract Term.

The Town requests bids for two pricing schedules for each of the Collection Districts from prospective contractors with the following consideration:

- 1) The Town of Riverhead reserves the right to designate the Recyclable Processing Facility within 40 miles of the Riverhead Town Hall, 4 W Second Street, Riverhead, NY 11901 for all recyclables.
- 2) The Town of Riverhead reserves the right to designate the Recyclable Processing Facility and Transfer Station Disposal Facility, or other Facility of its choice, within 40 miles of the Riverhead Town Hall, 4 W Second Street, Riverhead, NY 11901 for all recyclables and all solid waste.

The Town may choose either option (1) or (2) per year for duration of contract term.

2.5.2 Tipping Fee Payments

The Contractor shall pay all Tipping Fees at the Processing/Disposal Facilities at its own expense, unless the Town opts to designate the Processing/Disposal Facilities, then the Town will pay any increase or receive credit for decrease in

Tipping Fees related to that option. Tipping Fees may change during the Contract Term. The Contractor assumes the risk of any increases in Tipping Fees they will pay during the Contract Term. Bids must include Tipping Fee costs annually.

2.5.3 Record Keeping and Reporting

The Contractor shall maintain records of the quantities of Solid Waste collected within the CBA. The Contractor shall submit to the Town Engineer, with payment requisitions, monthly reports of collected Solid Waste and Recyclables tonnages in an agreed to format (Appendix D).

2.5.4 Recycling Fund

The Town has created a Recycling Fund wherein a percent of the revenues realized by the contractor in the sale of the Recyclables collected within the District are returned to the Town. The Town hereby requires that the Contractor maintain accurate records of the sale (positive or negative) of the collected Recyclables and submit a quarterly report of said sales to the Town Engineer. The town further requires the Contractor to provide 20 percent of the net revenues to the Town in the form of a check made out to the Town of Riverhead Recycling Fund with said quarterly report. No payment is required if the net amount for the quarter is a negative number. Reports for negative quarters must be submitted also.

2.6 QUALITY OF SERVICE

2.6.1 Independent Contractor

It is understood and agreed that the Contractor's status hereunder is that of an independent Contractor. Neither the Contractor nor any person hired, employed or otherwise engaged by the Contractor shall be considered employees of the Town for any purpose, and they shall not hold themselves out to be officers or employees of the Town.

2.6.2 Character of Personnel

All employees and supervisory personnel used in the performance of this Contract shall be competent and qualified. The Contractor shall devote sufficient personnel, time and equipment to assure the satisfactory compliance with the provisions of the

Contract.

All operators of the collection trucks shall have current, applicable CDL operator's licenses. The Town Engineer shall have the right to request an operator provide his license for review.

In the event an employee of the Contractor is disorderly, obscene or discourteous, the Contractor shall remove the employee from any Contract work, upon the receipt of a written request from the Town Engineer to take such action. The Town Engineer shall indicate the reasons for the request and no removed employee shall be employed by the Contractor or any other Contractor performing Contract work for the Town without the prior written consent of the Town.

Prior to the commencement of the Contract and every month thereafter, the Contractor shall provide to the Town Engineer a certified payroll of employees assigned to and working under this Contract.

2.6.3 Supervisor and Contact Phone

The Contractor shall provide to the Town Engineer the name and telephone number of the supervisor who will oversee the Contract work. The supervisor must commit sufficient time in the field to ensure that the employees and equipment are completing the contractual work. The Town must be notified of any change of the supervisor.

2.6.4 Collection Practices

The Contractor shall collect, remove and dispose of all Solid Wastes in a manner which will not create odors or litter. After emptying Containers, the Contractor shall return the Containers upright to approximately the same location in which placed for collection by the resident, but in any event, out of the roadway and in such a manner so as not to create a traffic hazard. If such Container was lidded at the time of collection, the Contractor shall replace the lid thereon. The Contractor shall provide side/back door collection for disabled persons who qualify and present to the Town the appropriate documentation-there shall be no additional charge or compensation owed to Contractor for side door collection. The side door collection service is available for disabled persons who are unable by reason of age or infirmity

to place solid waste at regular locations (Town Code Chapter 273). The Town shall require a notarized certificate from a licensed physician certifying that such person is disabled and unable to place their items at curbside and in turn, the Town will notify the Contractor. The Contractor will collect items of such disabled persons in any mutually convenient place on the premises of such disabled persons; provided however that the Contractor shall not be required to go into houses or other structures; provided further however that the decision of the Town relative to the location of solid waste shall be final. The Contractor's repeated failure to perform its obligations under this paragraph, after notification by the Town, shall constitute Liquidated Damages.

The Contractor shall make every effort to prevent Solid Wastes from spilling onto streets and properties during the collection and transport of Solid Wastes. Should Solid Wastes be spilled at any time and at any location, the Contractor shall clean up any spillage immediately. A broom and shovel shall be maintained on the truck at all times for this purpose. Should the Contractor, after telephone notice by the Town or a resident, fail to clean up such reported spillage within three hours of such notification, Liquidated Damages will be applied.

The Contractor shall provide service to each and every Collection Unit within the CBA on each collection day year-round. The Contractor's failure to collect an entire street within a CBA for a second time after notice by the Town shall constitute a breach of this Contract. Upon notification by the Town that the Contractor has failed to meet its obligation under this paragraph, the Contractor shall immediately dispatch the necessary personnel and equipment to remedy the violation. Such remedial action by the Contractor shall be completed on the same day as the violation, or the same day of the notification of same by the Town. If the Contractor fails to remedy its violation as above specified, the Town Engineer may, at his discretion, take such remedial action as he deems necessary and the cost of same shall be charged to the Contractor and deducted from its next monthly payment by the Town.

2.6.5 Equipment

The collection vehicles used by the Contractor for District work shall be a model year

2024 or newer. All collection vehicles shall be equipped with an engine certified to at minimum meet US EPA 2025 emission standards. To the extent that new and/or amended US EPA Emission Standards are applicable at the time of commencement of this contract or at any time during performance of the services under the contract, Contractor shall immediately begin modification of such truck emissions to comply with EPA standards and complete emission modifications such that the entire fleet is fully compliant with federal EPA Emission Standards within 12 months of enactment/effective date of EPA Emission Standards. All vehicles and other equipment used in the performance of this Contract must be safe for use on Town roads, must be kept clean and must be maintained in good repair. All vehicles must be equipped with communication radios, rear-mounted digital video recording cameras, Town permit numbers permanently affixed, mufflers, and must comply with all Federal, State, County and Town licensing and/or registration requirements. All collection vehicles shall be painted a color chosen by the Town Engineer, shall bear the language "Under Contract with the Town of Riverhead Refuse and Garbage District" in letters at least eight inches in height on both sides of the vehicle, and shall prominently display the Town permit decals(s) issued by the Town and in such manner required by the Town Engineer. There shall be no advertising displayed on the vehicles. All collection vehicles identified for use in this contract shall not be dedicated to use for this contract and not used to service any other garbage contract, be it town, village, county, etc. The Contractor shall notify the Town within 24 hours if any vehicle dedicated to this work is taken out of service or otherwise disposed of during the term of this contract, or if any new vehicle is proposed to be added to the work. All collection vehicles must have working GPS at all times and the Contractor will give the Town access to real-time GPS tracking.

The Town reserves the right to inspect the Contractors vehicles and/or equipment to ensure that it is suitable for its intended purpose at any time, including prior to award and after award and during term of contract.

2.6.6 Damaged Property of Residents and Town

The Contractor shall avoid damaging Containers owned by the Residents. If the Contractor damages any Container, the Contractor must replace or adequately repair

the damaged container at the Contractor's expense or the Town shall replace the Container and deduct the Town's expense from the next monthly contract payment. Normal wear shall not constitute damage requiring replacement or repair under the terms of this Contract. The Town Engineer shall be the final arbiter in the event of a dispute between the Contractor and Resident.

The Contractor shall perform the work in a manner which will not damage any public or private property. The Contractor shall promptly repair or replace any and all damage caused in performing the work. Failure to do so will result in the Town's performing the work and deducting the cost of such work from the monthly contract payments.

2.6.7 Exclusive Service

The Contractor, while performing services pursuant to this Contract, shall work exclusively on collection and disposing of residential Solid Waste within the Town. However, the Contractor is and shall remain an independent Contractor and is not an employee of the Town. The Contractor's vehicles and employees servicing this Contract must complete all Contract work and dispose of the Solid Waste at the designated Disposal/Processing Facility prior to being used by the Contractor for non-Town related work. Under no circumstances shall Solid Waste collected from locations not entitled to CBA service be mixed with or placed on vehicles of the Contractor while the vehicle is collecting and disposing of Solid Wastes under this Contract. Mixture of Solid Wastes collected pursuant to this Contract with other wastes collected from locations not entitled to CBA service shall constitute a breach of this Contract entitling the Town to immediately terminate the Contract and call for the performance bond from the surety or other performance security.

Regular payments shall be determined by dividing the applicable Annual Contract Price into 12 equal monthly payments. Any payments due the Town from the Contactor shall be deducted on the voucher by the Town Engineer prior to the authorization of each monthly payment. Such deductions shall include Tipping Fees, incurred by the Town at any Disposal Facility, penalties assigned under Liquidated Damages, other costs incurred by the Town for cleanup, repair or collection of Solid Waste due to the Contractor's failure to perform such work when directed to do so, and/or any other costs permitted to be set off under any provision of this Contract. In the event that such deductions exceed the amount of the monthly payment due the Contractor for that month, the Contractor shall make prompt payment to the Town for the same. Said amount shall be deducted from the following month's payment if the Contractor fails to make such payment, despite due demand. The excess of such deductions over the Contractor's monthly payment for two consecutive months shall constitute a breach of this Contract by the Contractor.

The Contractor shall maintain full and complete books and records of accounts in accordance with generally accepted accounting practices and such other records as may be prescribed by the Town Engineer. Such books and records shall be retained by the

Contractor for a period of six years and shall at all times be available for audit and inspection by the Town Board or its duly designated representative. IRAN DIVESTMENT ACT CERTIFICATION

As a result of the Iran Divestment Act of 2012 (Act), Chapter 1 of the 2012 Laws of New York, a new provision has been added to the State Finance Law (SFL), § 165-a, effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list (prohibited entities list) of “persons” who are engaged in “investment activities in Iran” (both are defined terms in the law). Pursuant to SFL § 165-a(3)(b), the initial list is expected to be issued no later than 120 days after the Act’s effective date, at which time it will be posted on the OGS website.

By submitting a bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, Bidder/Bidder/contractor (or any assignee) certifies that once the prohibited entities list is posted on the OGS website, it will not utilize on such Contract any subbidder/contractor that is identified on the prohibited entities list.

Additionally, Bidder/Bidder/contractor is advised that once the list is posted on the OGS website, any Bidder/contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to the solicitation, must certify at the time the Contract is renewed, extended or assigned that it is not included on the prohibited entities list.

During the term of the Contract, should the TOWN OF RIVERHEAD receive information that a person is in violation of the above-referenced certification, the TOWN OF RIVERHEAD will offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then the TOWN OF RIVERHEAD shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Bidder/contractor in default.

The TOWN OF RIVERHEAD reserves the right to reject any bid or request for assignment for an entity that appears on the prohibited entities list prior to the award of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the prohibited entities list after contract award.

NYS PREVAILING WAGE RATES

Introduction to the Prevailing Rate Schedule

Information About Prevailing Rate Schedule

This information is provided to assist you in the interpretation of particular requirements for each classification of worker contained in the attached Schedule of Prevailing Rates.

Classification

It is the duty of the Commissioner of Labor to make the proper classification of workers taking into account whether the work is heavy and highway, building, sewer and water, tunnel work, or residential, and to make a determination of wages and supplements to be paid or provided. It is the responsibility of the public work contractor to use the proper rate. If there is a question on the proper classification to be used, please call the district office located nearest the project. District office locations and phone numbers are listed below.

Prevailing Wage Schedules are issued separately for "General Construction Projects" and "Residential Construction Projects" on a county-by-county basis.

General Construction Rates apply to projects such as: Buildings, Heavy & Highway, and Tunnel and Water & Sewer rates.

Residential Construction Rates generally apply to construction, reconstruction, repair, alteration, or demolition of one family, two family, row housing, or rental type units intended for residential use.

Some rates listed in the Residential Construction Rate Schedule have a very limited applicability listed along with the rate. Rates for occupations or locations not shown on the residential schedule must be obtained from the General Construction Rate Schedule. Please contact the local Bureau of Public Work office before using Residential Rate Schedules, to ensure that the project meets the required criteria.

Payrolls and Payroll Records

Contractors and subcontractors are required to establish, maintain, and preserve for not less than six (6) years, contemporaneous, true, and accurate payroll records.

Every contractor and subcontractor shall submit to the Department of Jurisdiction (Contracting Agency), within thirty (30) days after issuance of its first payroll and every thirty (30) days thereafter, a transcript of the original payrolls, subscribed and affirmed as true under penalty of perjury.

Paid Holidays

Paid Holidays are days for which an eligible employee receives a regular day's pay, but is not required to perform work. If an employee works on a day listed as a paid holiday, this remuneration is in addition to payment of the required prevailing rate for the work actually performed.

Overtime

At a minimum, all work performed on a public work project in excess of eight hours in any one day or more than five days in any workweek is overtime. However, the specific overtime requirements for each trade or occupation on a public work project may differ. Specific overtime requirements for each trade or occupation are contained in the prevailing rate schedules.

Overtime holiday pay is the premium pay that is required for work performed on specified holidays. It is only required where the employee actually performs work on such holidays.

The applicable holidays are listed under HOLIDAYS: OVERTIME. The required rate of pay for these covered holidays can be found in the OVERTIME PAY section listings for each classification.

Supplemental Benefits

Particular attention should be given to the supplemental benefit requirements. Although in most cases the payment or provision of supplements is straight time for all hours worked, some classifications require the payment or provision of supplements, or a portion of the supplements, to be paid or provided at a premium rate for premium hours worked. Supplements may also be required to be paid or provided on paid holidays, regardless of whether the day is worked. The Overtime Codes and Notes listed on the particular wage classification will indicate these conditions as required.

Effective Dates

When you review the schedule for a particular occupation, your attention should be directed to the dates above the column of rates. These are the dates for which a given set of rates is effective. The rate listed is valid until the next effective rate change or until the new annual determination which takes effect on July 1 of each year. All contractors and subcontractors are required to pay the current prevailing rates of wages and supplements. If you have any questions please contact the Bureau of Public Work or visit the New York State Department of Labor website (www.labor.ny.gov) for current wage rate information.

Apprentice Training Ratios

The following are the allowable ratios of registered Apprentices to Journey-workers.

For example, the ratio 1:1,1:3 indicates the allowable initial ratio is one Apprentice to one Journeyworker. The Journeyworker must be in place on the project before an Apprentice is allowed. Then three additional Journeyworkers are needed before a second Apprentice is allowed. The last ratio repeats indefinitely. Therefore, three more Journeyworkers must be present before a third Apprentice can be hired, and so on.

Please call Apprentice Training Central Office at (518) 457-6820 if you have any questions.
