Re: **Riverhead Water District**
Water Distribution Leak Detection Survey Contract
H2M Project No.: RDWD 1701

Dear Supervisor Walter:

On Thursday, March 16, 2017, the Riverhead Water District received bids for their annual water distribution leak detection survey contract. One contractor, Upstate Leak Detection, LLC, of Hastings, New York submitted a bid. The total bid price for each of the three contract periods is \$6,700.00.

Upstate Leak Detection has successfully completed similar work for various water utilities over the past few years including the Riverhead Water District. Additionally, the bid prices submitted by them compare to projects similar in size and nature. It is our opinion that Upstate Leak Detection is qualified and their bid prices are fair and reasonable.

It should be noted that this contract is for system maintenance and emergency services. The total bid amounts were used as means of selecting a low bidder. The actual construction value is unknown at this time and will depend on the number of emergency and maintenance situations that occur during the year. Based on this, we recommend that the Town/District award the contract to Upstate Leak Detection, LLC for the period through December 31, 2018 in the amount of \$6,700. The award for the years 2019 and 2020 shall be made separately prior to the start of the respective year if the extension of the contract is deemed to be in the best interest of the District.

Should you have any questions or comments, please contact this office.

Very truly yours,

H2M architects + engineers
