**Re: Riverhead Water District
 Contract M – Mechanical Maintenance and Emergency Services
 H2M Project No.: RDWD 1750**

Dear Supervisor Walter:

On Thursday, March 16, 2017, the Riverhead Water District received bids for their annual mechanical maintenance and emergency services contract. One contractor, Bensin Contracting, Inc., of Holtsville, New York submitted a bid. Upon evaluation of Bensin Contracting's bid, two errors in calculation were reported. The corrected total bid price for the contract period ending December 31, 2018 is \$66,300.00, for 2019 is \$68,800, and for 2020 is \$70,700.00.

Bensin Contracting has successfully completed similar work for various water utilities over the past few years including the Riverhead Water District. Additionally, the bid prices submitted by them compare to projects similar in size and nature. It is our opinion that Bensin Contracting is qualified and their bid prices are fair and reasonable.

It should be noted that this contract is for system maintenance and emergency services. The total bid amounts were used as means of selecting a low bidder. The actual construction value is unknown at this time and will depend on the number of emergency and maintenance situations that occur during the year. Based on this, we recommend that the Town/District award the contract to Bensin Contracting, Inc. for the period through December 31, 2018 in the amount of \$66,300. The award for the years 2019 and 2020 shall be made separately prior to the start of the respective year if the extension of the contract is deemed to be in the best interest of the District.

Should you have any questions or comments, please contact this office.

Very truly yours,
