

7/20/2004 minutes

Minutes of a Town Board meeting held by the Town Board of the Town of Riverhead at Town Hall, 200 Howell Avenue, Riverhead, New York, on Tuesday, July 20, 2004, at 7:00 p.m.

**Present:**

Philip Cardinale,	Supervisor
Edward Densieski,	Councilman
Barbara Blass,	Councilwoman
Rose Sanders,	Councilwoman
George Bartunek,	Councilman

**Also Present:**

Barbara Grattan,	Town Clerk
Dawn Thomas, Esq.,	Deputy Town Attorney

Supervisor Cardinale called the meeting to order.

(At this time, there was a CD error)

The Pledge of Allegiance was recited, led by Mitch Freedman.

A proclamation was given to the Employee of the Quarter, Sue Edwards.

(Unidentified): "Joining Sue tonight is her husband, Charlie, her son, Charlie, her daughter, Missy, her daughter Lori, and her friend, Stephanie. Would you like to come up and join Sue?"

Sue joined our department at a point when we were gearing up for probably what is one of the busiest sections of building that Riverhead has ever experienced, at least in my 12 years. And we feel very fortunate in this department to have gotten Sue. She not only stepped in and took over the reins in terms of her job description, but she also moves (inaudible), very willing to learn new things, and we can always count on Sue's friendly disposition.

We deal with the public, as you know, on a day to day basis and there are times when our department has to interact with the public and, again, informing them of things that sometimes they would prefer not to hear. And Sue always somehow makes this palatable, okay, and, in fact, that pleasing of the public, the concern for the constituency of Riverhead, plus her ability to perform on the job, that led me to put her name in.

7/20/2004 minutes

As far as I'm concerned, very deservedly. We feel very fortunate that the department has Sue and (inaudible) honor that she has tonight. I'd like to call forward Mr. Barnes. Mr. Barnes is our department head. And also we have representatives Fran and Joanne, would you step forward, too. Mr. Barnes."

Mr. Barnes: "You don't know how much I appreciate having Sue on the staff. It was a very difficult decision. I'm glad that the Labor Management Committee picked Sue for Employee of the Quarter. And she has a wonderful family. Thank you Charlie, and Lori and Missy, and Charlie, Jr. Thank you very much (inaudible). At the same time tonight, the Town Board is going to promote Susan to account clerk typist and it's a wonderful promotion for her and for our office. Thank you (inaudible)."

(Unidentified) "Now Supervisor Cardinale, would you step forward and make the presentation, please?"

Supervisor Cardinale: "Yes. I'd be glad to. My staff keeps reminding me that we're only as good as the staff that (inaudible) the policies that the Town Board sets so we appreciate Sue and others like Sue who work hard to implement the policies we try hard to (inaudible).

So I'd like to read the proclamation and its on behalf of the entire Town Board.

WHEREAS, the designation as Employee of the Quarter is an honor bestowed upon an employee and only employees who have excelled in their positions;

WHEREAS, such honoree must go beyond the call of duty, consistently perform beyond expectations;

WHEREAS, Sue Edwards has been named Employee of the Second Quarter;

WHEREAS, Sue Edwards is truly a valued employee and serves as clerk typist and is dedicated to her duties, her co-workers, and the successful operation of the Building Department;

WHEREAS, Sue Edwards is courteous to all residents and applicants and goes the extra step to help them in any way she can."

(From the audience - unidentified - "Speak up, I can't hear

7/20/2004 minutes

you."

Supervisor Cardinale: "WHEREAS, Sue Edwards always makes herself available to the staff and applicants;

WHEREAS, Sue Edwards has only good days and never bad days and is always eager to get started on any task that is put before her; and

WHEREAS, Sue is a life long resident of Riverhead, married with two wonderful children, a valued and valuable employee of the Town.

BE IT RESOLVED, that I, Phil Cardinale, Supervisor, and the rest of the Town Board hereby congratulate and honor Sue Edwards this 20<sup>th</sup> day of July, and I thank you for your efforts."

Sue Edwards: "I just want to say thank you to everybody. This is a great place to work and a great bunch of people to work with. Thank you."

Leroy Barnes: (Inaudible comment)

Supervisor Cardinale: "Is there a representative of the Moose here? Please come up, Frank. How are you?"

We wanted to this evening at the first Town Board meeting after the 50<sup>th</sup> anniversary of the Royal Order of the Moose Chapter 1118, they had a great dinner party and I was unable to attend and unable to proclaim how the community feels about 50 years that the Royal Order of the Moose has been in Riverhead. So, Ralph and Norm said they'd come by tonight. (Inaudible) and stick around. But I'd like to read the proclamation and then let you say a few words as you choose.

WHEREAS, it is fitting and proper that the Town of Riverhead recognize the Royal Order of the Moose Lodge for its commitment and dedication above and beyond the call of duty and its service to the community for 50 years.

WHEREAS, the Royal Order of the Moose Chapter 1118 was created in 1954 as a fraternal group that organizes community charity events.

WHEREAS, the Royal Order of the Moose is dedicated to work for charity, unity, fraternity, and patriotism.

WHEREAS, the Royal Order of the Moose sponsors scholarships for

7/20/2004 minutes

children, retirement homes for members and an orphans home.

WHEREAS, the Royal Order of the Moose brings the community together with fund raisers that benefit such groups as the Girl Scouts, the Boy Scouts, the annual (inaudible) march, relay for life, Riverhead Fire Department, Riverhead Ambulance, American Cancer Society and Eastern Long Island blood drives.

NOW, THEREFORE, BE IT RESOLVED, that I, Phil Cardinale, Supervisor and the entire Town Board do hereby honor and congratulate the official members and supporters of the Royal Order of the Moose this 20<sup>th</sup>- actually it's the 10<sup>th</sup> day of July, and this 20<sup>th</sup> day of July, 2004.

Congratulations."

(Unidentified speaker): "(inaudible) of the Moose Lodge and it's a very good association. I am the 50<sup>th</sup> Governor (inaudible) of the Lodge. And basically we're out to help the community. We do fund raisers like Phil said and, you know, we help landscape the town and so forth. And it's the best kept secret on the east end that (inaudible). I thank you very much."

Supervisor Cardinale: "We're going to go back up. Bernadette maybe you could read that letter in.

Bernadette, would you please read into the record the letter related to 674. We- I should note that I and other members of the Board have received much correspondence. I had taken one out to read but I think yours will suffice and we have heard your concerns. We are fully looking into the entire questions that you have raised. So, please, go ahead."

Bernadette Voras: "Bernadette Voras, Reeves Park. First, just before I read this letter, thank you. Thank you for your consideration. Thank you to the Board because they have done the first thing that I have asked them.

I have many more things in mind but this is the beginning that I wanted and that I want for us, and we have it. So I consider this an extremely wonderful advancement and I expect even more. But I really thank the Board.

I especially appreciate the word unanimous. I consider that wonderful. You are listening to us and I'm very, very glad.

7/20/2004 minutes

I wrote this letter- the last time I had started research. I said that- the first time- okay, is that good?"

Barbara Grattan: "That's better."

Bernadette Voras: "I usually don't need microphones, but anyway. The first meeting, I'll try to be as fast as I can. The first meeting I got up here and I stated what I did, I'm sure everybody including myself has seen it on the television. So I decided I would start researching and all I've read, all I've read is about 10 pounds worth, hundreds of pages of the town code that is proposed, one part of which has been passed which, of course, is the two acre zoning.

Supervisor Cardinale at the first meeting- the last Town meeting prior to this one, I think it was the 6<sup>th</sup> of July, stated that the Board was working on the rest of the town code, going through it and so forth, and hoped that by September the 30<sup>th</sup> of this year, to approve the entire code so that it would be official, as the two acre zoning is official.

So that means that all of that is not official. And this made me very aware that night that there was a great deal at stake here, much more than I thought when I walked into the meeting. So I have been reading and I have discovered not using my words but just the words of the town code which, in my opinion, is worth every penny of the \$400,000 that you and I paid for it. This is my letter. I believe it had some influence.

It's to the Members of the Board and I addressed each one of them in a separate letter. The topic is the commercial development at Park Road and Sound Avenue.

I am writing to share with you the information I have gathered on this subject. I realize that many matters cross your desk daily. My information is meant to help you to see the entire situation at hand. Two elements in the Town of Riverhead comprehensive plan of November, 2003, cover the entire matter. I have chosen specific sections to highlight. The words are directly from the document. We, the taxpayers, spent more than \$400,000 to create the document. It must have stature.

Section 6. These are called elements. There are 12 of them in the entire document.

7/20/2004 minutes

6.1 is the vision statement. I love vision statements. Commercial retail development should be well planned on a site basis instead of sprawled along Riverhead's roads. This is the document, not me.

Downtown and hamlet centers should be promoted as centers for specialty shopping and civic life, building on their historic and pedestrian character. Route 58 should absorb most of the demand for regional and destination retail uses and thus should continue to be the mainstay for generating jobs and tax revenue.

Three- and then there's a dot, dot. There is more but I left it out. This is another thing I take from the document. Three best things about living in Riverhead. This is the result of the focus groups and this was consistent with the result of the- the focus group is the company that we hired and all the people that work for them, and then there were the resident surveys that were done. This is the- these are the three things that were most important to them.

Rural atmosphere, the waterfront, open space. These were the ones that had the highest percentages. The wording is very important.

Section 6-2 is called the summary of background research, other business zoned areas, the research. Most of Riverhead's business zoned areas and they mention them all. There was Wading River, Laurel, South Jamesport. I have chosen just one pertinent to us, Roanoke- are composed of vacant sites, agricultural land or open space.

The few free standing commercial establishments that have been built are few and far between. These areas do not have enough businesses or demand potential to function or grow into a whole district. While existing businesses should be allowed to stay, these districts would preferably be eliminated in order to provide- prevent commercial sprawl.

In the area north of downtown, commercial zoning covers areas that are mostly residential in use and thus rezoning to residential would be more appropriate. (Inaudible). These are my words.

The next section that is included, I present first in the original form. This is a document from June of 2003, the dates become very important here, ladies and gentlemen, June of 2003. I found out in comparing it to November, 2004, which is on the web site

7/20/2004 minutes

and you can download it. In other words, the document in its present form.

I found out that it was changed by the Planning Board. You would have never known this unless you had both documents and some generous individual saw after the last meeting, that I receive this document, the original June, 2003.

For some unknown reason, the Planning Board chose to change the words that we, the taxpayers, paid \$400,000 to see in the November document. Here is the original document, word for word, the section that is important.

Goals and policies for other business zoned areas. Goal 6.36, reduce the potential for commercial sprawl outside downtown, Route 58 and the hamlet centers.

Policy - 6.26A, eliminate commercial zoning in Wading River East, Roanoke, Laurel and north of downtown and Route 25 in Calverton, and replace it with residential or agricultural zoning consistent with surrounding land uses and zoning. The proposed rezoning of each site is demonstrated on the proposed land use plan in Chapter 2, the land use element. That' in the document.

Here is the quote. Roanoke, a small commercial zoned node is located at the intersection of Sound Avenue and Park Road, just west of the Roanoke Avenue intersection. A restaurant and a country store- it says just one- are found in this location and all the remaining land is vacant. Farms and open space surround the commercial node and small residential neighborhoods are found on the north side of Sound Avenue.

Competition from nearby Route 58 has curtailed market demand for development there. Now, pay very much attention to this. This is what I underlined. This does not appear in the final document.

In the future, increasing tourist and local traffic along Sound Avenue will create pressure for free standing convenience stores, gas stations, and fast food restaurants which would be more appropriate for Route 58. The commercial zoning of the business district should be removed in order to prevent such strip style development which would ruin the area's rural character.

Here is what was put in place of what I just emphasized. This is found in the document of November, 2003 and is now the present

7/20/2004 minutes

document. As this area is the only commercially zoned area along the length of the sound area- the sound area corridor, the existing commercial zoning should be retained. Okay.

Now, here's where I gave my opinion. In my opinion- I'm reading now, this is unethical and irresponsible behavior on the part of the persons or person who changed not only the stated and written will of the residents who took part in the development groups, but also the negation of the company to whom we paid \$400,000. Now, there's a little bit more. Have patience.

Besides the business element section, which is what I just took care of, in the master plan there is another pertinent section. Scenic and historic resources preservation element. Vision statement 5.1.

Riverhead has a distinctive scenic and historic character comprised of farmland, open space, historic hamlet centers (including downtown Riverhead), historic structures and sites and unique natural resource areas such as the pine barrens.

Because these resources play a key role in maintaining Riverhead as a desirable tourist destination and as an attractive place to live and work, these resources should be protected and carried forward into the town's future as development continues to occur. When I was reading this, I said how good can it get?

Natural features, these are what are mentioned. Hills and contours. I chose a little part. Part of the natural landscape and give a unique and special feeling to the northern part of Riverhead. Trees and woodlands. There are many old growth trees throughout Riverhead, including notable stands along Sound Avenue, and Reeves Park, too.

Agricultural landscape. These agricultural views are integral to Riverhead's identity as a rural community and play an important role in attracting tourists who support a growing number of agricultural associated retail businesses.

Scenic roads and corridors. Many people experience the town's rural and natural landscape from the town's roads, whether they're traveling by car or whatever.

And, finally, historic structures and sites. They can contribute to scenic views, particularly in rural areas and along

7/20/2004 minutes

scenic corridors.

Now, we're almost there. I fall back now on the general history of Riverhead, just a few- from 1776 to 1870. In 1792 Riverhead separated from Southold and started to evolve into a town in its own right with its distinct identity.

In 1945 to the present. Within an increasing population and more tourist traffic there has been increasing concern about the impacts of sprawling such as the loss of open space, threats to the natural environment, worsening traffic congestion, and loss of the town's rural character.

With the preparation of this comprehensive plan, i.e., the master plan town has a unique opportunity to channel and direct prevalent growth pressures in an appropriate way, so as to ensure that the town maintains a high quality of life.

Now, this is personal. Finally after reading these thoughts presented as they are in the master plan, I would hope that you as an elected official and it would be elected officials right now, each of you, the Board members, let me see- as an elected official, will do the will of the people who reside in, vote in and pay for this wonderful town.

In policy 5.3A, it says that there are important historic sites. They are the character of Riverhead. Updating the comprehensive survey of historic resources and identifying historic districts may make the town eligible for certified local government status in which there's money and help to get designated things saved and preserved forever.

I submit to you, the Board, that Howell M. Reeves Park given as a perpetual deeded gift to the town of Riverhead in September of 1923 by Cora Reeves Barnes, I actually put my hand in the Assessor's office on this wonderful deed which, to their surprise they had it in the office, it's wonderful. I read the minutes of the town meeting where that letter, which I have a copy of if anybody ever wants to read it, was presented by her husband. He read it for her. It's a wonderful letter. Is such an historical place in my opinion. In other words, I consider the original designated area of the park historic, though it is not technically stated as such.

What is now Park Road was just a wagon trail on the eastern of her property. That's what her letter said. She was giving us a

7/20/2004 minutes

small part of- one-third of the western end of her property as a gift for recreation.

In the Town Board minutes of the time, it was decided to pave this trail, she suggested it, so as to allow the citizens of Riverhead access to the 275 feet of shore front included in her gift. What could be more historic than this place? Okay? I can't think of anything.

The old stone pillars- I won't get redundant but I have a picture of those stone pillars. They are old, they are historic, and when people go by them, I think they are important. They put a stamp on our rural character.

The stone pillars at the entrance to the park attest to the significance of the place. There can be no commercial enterprise as envisioned by the two site plans submitted to the Board recently. They are completely out of character. Now, this is my opinion.

The people who propose these plans have no clue as to the history and the significance of this area. The Lobster Roll was a done deal in the Supervisor's office before anyone knew what happened. Likewise the eyesore furniture movers which I still can't understand. That site. It took over a building that is- that site is just north and west of the Lobster Roll. I can't figure that one either.

And my last and final sentence. This will be done in the open this time and that's not a threat. I know personally the Supervisor and I'm getting to know the Board, and I do trust you and I do absolutely trust you, that this will be done in the open, not in the closed offices. We can see it on the television, even the work sessions. We can come here any time we want.

This will be done in the open this time and I depend on your vision, because this is going to require vision, and your honesty to make right this situation. Let the master plan be your guide.

One more- there's more, just a little more."

(Inaudible comment from the audience)

Bernadette Voras: "Now- "

Supervisor Cardinale: "Bernadette, thank you."

7/20/2004 minutes

Bernadette Voras: "You're very welcome."

Supervisor Cardinale: " Bernadette, thank you, that was eloquent. I received a number of other letters that were precise-- "

Bernadette Voras: "I'm sure you have."

Supervisor Cardinale: "-- less eloquent, one of which was by Theodore and William McCain (phonetic) which I have in my hand which indicates simply that they retired to live in Reeves Park, bought a home, peaceful and scenic quality of life we've enjoyed for the past-- we sold our house in Queens to live in the country. Development of the land in this manner would hinder, hurt, destroy our quality of life. Please vote this out. Do not destroy our community. That was eloquent in its simplicity. You were eloquent in your eloquence. We are--"

Bernadette Voras: "I'm more wordy."

Supervisor Cardinale: "Yes. We are in this situation right now. We have a- I'm going to take a five minute break. I am going to come back. I have two public hearings. I then have comment on 45 resolutions, only the last of which is what I've read to you will pass. Then we have to pass those resolutions having listened to comment on them and then we are open to public comment on any subject you wish."

So I believe that we will be back in session by a couple minutes after eight and we probably will be in session for the next comment period for public comment on this will probably not be for another hour and a half or so. So it's up to you if you wish to stay or not, but I'm going to take a break for five minutes and then come back and open the first public hearing which actually was supposed to open at 7:10."

Bernadette Voras: "Thank you."

Supervisor Cardinale: "Thank you for your participation."

Bernadette Voras: "Thank you."

Supervisor Cardinale: "Okay. Let's take a- can we get back here by five after five- eight? Five after eight."

7/20/2004 minutes

Recess: 7:56 p.m.

Meeting reopened: 8:05 p.m.

Supervisor Cardinale: "We're going to have a hearing at this moment that was supposed to have started at 7:05. Hey, I can use this. Pretty good, huh? Okay, it's 8:05 and we have a hearing that we should have started at 7:05, which we're going to start. I should also say to the public who is the holdouts on the Reeves Park matter. Here's what we'll do.

We'll do the 7:05 hearing starting now at 8:05. We'll do the 7:10 hearing starting immediately after that. We'll do- and at that point, I want to take comment on the resolution that many of you are here for, Resolution 674, and then I'll proceed and with the Board make our vote and then we will proceed to comment on all other resolutions, do the vote on those resolutions, and then to general comment.

So with that, let's start the 7:05- first of all, before I do that, let's get through the ordinary part of the meeting we didn't also get through. Could you, Barbara- we wish to approve for Barbara, the minutes of the July 6<sup>th</sup> meeting and also the special Board meeting of July 8<sup>th</sup>. George, would you offer those for approval?"

Councilman Bartunek: "Yes. I'll offer the minutes of July 6, 2004. So moved."

Supervisor Cardinale: "And the July 8<sup>th</sup> minutes as well?"

Councilman Bartunek: "And July 8<sup>th</sup> also."

Supervisor Cardinale: "Okay. And would you second?"

Councilman Densieski: "Second."

Supervisor Cardinale: "Thank you for the second. Can we have a vote?"

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The minutes are approve."

Supervisor Cardinale: "And could you tell us about Reports that we received during the last two weeks, please?"

7/20/2004 minutes

**REPORTS :**

Animal Control	Statistics from January, 2004 to June 30, 2004
Police Department <u>Supervisor Cardinale:</u>	Monthly report for April "Applications you've received."

**APPLICATIONS :**

Site Plan	Cellular Telephone Co. - affix public utility wireless telecommunications antennas to approved monopole
Site Plan	Diggers - patio and wood trellis
Site Plan	N.Y. Gasoline Service Station in Jamesport, an amended site plan
Special Permit	Kent Animal Shelter - 300 sq. foot addition
Special Permit	Tanger Properties Limited Partnership - amended special permit

Barbara Grattan: "That concludes Applications."

Supervisor Cardinale: "Correspondence, please."

**CORRESPONDENCE :**

Warren McKnight	Regarding the lack of handicap accessibility at the 2 <sup>nd</sup> Street post office and the proposed new post office in Riverhead
Maureen Chiavola	Regarding the possible

7/20/2004 minutes

expansion of the senior adult  
day program

Barbara Grattan: "That concludes Correspondence."

Public Hearing opened: 8:05 p.m.

Supervisor Cardinale: "Okay. The first public hearing is for the consideration of a local law to amend Chapter 108 Section 108-3 Definitions regarding work force housing and farm stands. Could you call that hearing, please, Barbara?"

Barbara Grattan: "I have affidavits of publishing and posting for a public hearing to be held at Riverhead Town Hall, 200 Howell Avenue, Riverhead, New York on July 20, 2004 at 7:05 p.m. regarding the consideration of a local law to amend Chapter 108, Section 108-3 Definitions, Workforce Housing and Farmstands."

Supervisor Cardinale: "Okay. And this is as I recall two definitions that will complete the definition section of our zoning-residential zoning statute.

Is there any comment from the public in regard to those definitions? I know that they've been worked on with great diligence by Board members, especially Barbara and George. And I thank you for that.

Okay. If there is not any public comment, we will breathe a sigh. I didn't say of relief, I just said a sigh, and having opened the hearing at 8:05, we'll close it at 8:08."

Public Hearing closed: 8:08 p.m.

---

-

Public Hearing opened: 8:08 p.m.

Supervisor Cardinale: "We have a second hearing for the consideration of- to commence at 7:10 for the consideration of a local law for the addition of Chapter 29 entitled Outdoor Dining, Section 29-1 Sidewalk Cafes, right here in Riverhead. Could you read the notice please, Barbara?"

Barbara Grattan: "I have affidavits of publishing and posting

7/20/2004 minutes

for a public hearing to be held at Riverhead Town Hall, 200 Howell Avenue, Riverhead, New York on July 20, 2004 at 7:10 p.m. regarding the consideration of a local law for the addition of Chapter 29 entitled Outdoor Dining, Section 29-1 Sidewalk Cafes."

Supervisor Cardinale: "Okay. And, again, I think this particular outdoor dining section on sidewalk cafes which is in-- printed in the newspaper was worked on by Rose, is that it?"

Councilwoman Sanders: "And Barbara did assist."

Supervisor Cardinale: "Rose and Barbara."

Councilwoman Sanders: "And input from George as well."

Supervisor Cardinale: "And George and also it's a great idea. I know Eddie and I support it so if anyone has any comment about the wording of the outdoor dining sidewalk café statute, this is your time to speak. If not, I will note that- "

Councilman Bartunek: "Breathe another sigh of relief."

Supervisor Cardinale: "I will breathe another sigh- not of relief but of completion and it having been done at 8:08- yes?"

Councilwoman Sanders: "Can we just leave it open for the appropriate period of time?"

Supervisor Cardinale: "Okay, yes."

Councilwoman Sanders: "Because were some- "

Councilwoman Blass: "There are some corrections."

Councilwoman Sanders: "-- just modification, corrections that were not part when it was published (inaudible)."

Supervisor Cardinale: "Because we may want to proof it more completely and make sure that everything is in good order before we bring it up for passage, will be continued for the submission of written material- "

Councilwoman Blass: "Yes."

Supervisor Cardinale: "-- for- "

7/20/2004 minutes

Councilwoman Sanders: "Five days- ten days?"

Supervisor Cardinale: "-- ten days until, let's see, it would be the 30<sup>th</sup>, July 30<sup>th</sup>. The other hearing that not being necessary, we've closed today. Okay, so- "

Councilman Densieski: "Phil, a point on that."

Supervisor Cardinale: "Yes?"

Councilman Densieski: "We had talked about voting on it the same day. Now you're going to leave it open and that's fine. But are we going to have a resolution for the next meeting before summer's over?"

Supervisor Cardinale: "Yeah. That's a good point. I had completely overlooked that. What about the speed of this?"

Councilwoman Sanders: "We can limit the- "

Supervisor Cardinale: "The period for a few days."

Councilwoman Sanders: "-- the period for five days (inaudible)."

Supervisor Cardinale: "Okay. Let's leave it open for five days and leave the possibility of a special board meeting to get rid of this and a few other things."

Councilwoman Blass: "If I may make a suggestion. If possible, that since there was no commentary from the public, I know internally we have some corrections and some housecleaning to do on it. That could be ready for Thursday."

Supervisor Cardinale: "Great."

Councilwoman Blass: "In the event that it's ready for Thursday and you feel- we could have a town board meeting, to do it at that time."

Supervisor Cardinale: "Okay. So let's- to close- we'll keep it open for public comment until, I guess, noon Thursday."

Councilwoman Blass: "Sure."

7/20/2004 minutes

Supervisor Cardinale: "Public comment in writing noon Thursday. And that will allow us to discuss it at the work session and vote on it possibly in a work session, a special meeting on Thursday if we elect to do that. And, of course, we'll give the public notice if we elect to have a special meeting to pass it with the concept being we would get it passed so they could be utilized for this summer season.

Okay, so it's open until noon on Thursday for written comment.

And, if there's no other comment, I'll close the verbal comment at 8:12."

Public Hearing closed: 8:12 p.m.  
(Left open for written comment to July 22, 2004)

---

-

Supervisor Cardinale: "Okay, now we have a resolution-resolutions on this evening of 640 to 675. We also have an additional resolution of 676 which was in your packet as well which was referral to the Planning Board of something the Planning Director neglected to get to us and we wanted to get it over to the Planning Board in regard to a special permit application classifying the action- special permit of Eugene Cook and referring the petition to the Planning Board. That should be out there as well. So 640 to 676 we'll be passing.

And if there's any comment on any one of- first off. If there's any comment on 674 out there, which is the one from- the one that determines the environmental significance regarding the site plan application if EMB LLC and Boom Development (Olde Baiting Hollow Village) which I read into the record earlier.

Is there any comment on that? Bernadette, you have further comment? Anyone else have comment? Bernadette, come on up and put your further comment on."

Bernadette Voras: "Bernadette Voras, Reeves Park. It's not the comment. It's a question. I- in reading further, I have- the master plan- I have found many more things that are going to have an impact here. And I would like to know- I would like to mount a challenge to the wording as it was changed and I just need to know is that done by writing to you or what does one do?

7/20/2004 minutes

I don't want this to slip away because I have found some very important things right in the words on the plan, you know, I just scraped the surface in my letter, and there are other things that I have found out in the purchase and not purchasing of the properties and so forth, and they have to be known. Because I think that there- it is let us say very involved.

And I need to be assured that I will have the ability to present this before that September 30<sup>th</sup> time when you all will be looking to put this thing into action. And I need some guidance on this because I don't know how you operate."

Supervisor Cardinale: "Yeah. My suggestion- yeah, I'll just have to speak more closely.

There is at this moment we will have to- we're beginning the environmental impact statement process. That's a defined process and we will go through it in accordance with the law.

The ultimate decision this Board will have to make before September 30<sup>th</sup> is what to do with those four corners from a zoning perspective. The options available to be Rural- appear to be country CR, country rural, as may be defined by this board in conformity with the master plan suggested objectives.

There's another appropriate rural corridor, RC, and there is the outside possibility that three members of the board might believe that the proper thing is not to have a commercial zone there at all.

Now ultimately, let me say this because I think it needs saying, the very fact that the consultant's recommendation was changed is interesting but not dispositive because there are other instances within the master plan in which the consultant's recommendations pro commercial were rejected by the Planning Board and ultimately the then town board in 2003 in answer to environmental constituents who were concerned about environment.

But what really counts is the logic of what we're doing. And I am taken by the fact that as I sit here, the only logic advanced has been so far for a commercial zone that the Planning Board thought that there would be a need for a commercial oasis or node at that location since it had been there for 25 or 30 years, to service the residential population to the north.

7/20/2004 minutes

Well, they apparently were wrong because most of the residential population to the north is now telling us they are very happy to drive up to Route 58 and they do not think that is good reasoning.

So ultimately this board I would suggest should be guided by reason as always. But if you want to address that issue, letters to the board- "

Bernadette Voras: "We have a petition- many- "

Supervisor Cardinale: "-- a petition, letters- "

Bernadette Voras: "-- signatures at this time."

Supervisor Cardinale: "-- appearance at the public hearings concerning the proposed zoning. At some point between now and September 30<sup>th</sup>, this board, George and Barbara, who are on the committee for a review of this statute which is the initial draft being prepared by APP&S (phonetic), are going to acquire three votes to a proposed zoning that's going to be on a map, just like the residential zones were, and they're going to have a public hearing.

I would expect that you people would like to come to that public hearing and advise whether you think CR is appropriate, RC is appropriate, or neither is appropriate. So that's how you will be heard."

Bernadette Voras: "Okay. And that will appear a month before in the paper as legal notices?"

Supervisor Cardinale: "It's got to appear in late August if Mr. Hanley keeps us on track as he promises. We should have the first draft of those statutes, the commercial and industrial statutes from APP&S by my calendar tomorrow, by Mr. APP&S by the 28<sup>th</sup>. So the first draft of the proposed statutes will be available for review by the town board and by the implementation committee not later than July 28<sup>th</sup>."

However, that's not your issue. It's partly your issue what's in the statute but your real issue is which statute will be imposed upon this area. So you've just got to pay very close attention all through August and September."

Bernadette Voras: "Okay. You can count on it."

Supervisor Cardinale: "I bet you will."

7/20/2004 minutes

Bernadette Voras: "Thank you."

Supervisor Cardinale: "Thank you."

Bernadette Voras: "Thank you very much."

Supervisor Cardinale: "All right. Thank you. Sal, you had a comment? Now let me just- is this on the same one or another one?"

Sal Mastropolo: "No, this is on- "

Supervisor Cardinale: "General."

Sal Mastropolo: "The resolutions."

Supervisor Cardinale: "Okay. If there's no- I think what we can do if there's no further comment on this one, I could pull it, pass it if the Board would like so we can be finished with it, and move onto comment on the balance of the resolutions and passage of those.

So, is that acceptable to the Board?

Okay, then, just for one moment, Sal. I'm going to get it, pass it and then we can get some of these people home to enjoy the summer evening. On 67- I'd like to open the Town Board meeting to take 674 which is a resolution determining environmental significance regarding the site plan application of EMB, LLC and Boom Development (Olde Baiting Hollow Village)."

Resolution #674

Supervisor Cardinale: "We have that in front of us. Could you- could we move that for a vote, please?"

Councilman Bartunek: "I guess I second that."

Councilwoman Blass: "That's yours, Ed."

Supervisor Cardinale: "Ed, I think- "

Councilman Densieski: "I'm getting there."

Supervisor Cardinale: "Okay."

7/20/2004 minutes

Councilman Densieski: "674?"

Councilwoman Blass: "Yes."

Councilman Densieski: "Determines environmental significance regarding the site plan application of EMB, LLC and Boom Development (Olde Baiting Hollow Village). So moved."

Councilman Bartunek: "And seconded."

Supervisor Cardinale: "We have it moved and seconded. Could we have a vote, please?"

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Supervisor Cardinale: "Okay. As advertised this is passed. I'm going to close the Town Board meeting before we look at the other resolutions and take comment beginning with Sal on all other resolutions. Thank you. Sal, go ahead."

Sal Mastropolo: "Sal Mastropolo, Calverton. Resolution 641. My first question is, is this budgeted? That's my first question. My second question is, is the yard waste facility fenced?"

Councilman Densieski: "Yes."

Sal Mastropolo: "Well, if it's fenced, then why do we need five guards?"

Councilwoman Sanders: "We don't."

Councilman Densieski: "Five different."

Sal Mastropolo: "Yeah, I know. But why do we need guards at all if it's a fenced facility?"

Councilman Densieski: "Because there will be illegal dumping."

Sal Mastropolo: "I mean we're talking about a lot of money."

Councilman Densieski: "Well, people will take advantage of it and we'll have to pay to get rid of it."

Councilwoman Blass: "Sal, the yard waste has to be inspected

7/20/2004 minutes

to ensure that it's not comingled with solid waste because it's becoming part of a composting processing operation."

Sal Mastropolo: "And I guess that answers the third question, which I didn't get a chance to ask, was what are they going to be doing while they're guarding the garbage so they actually- "

Councilwoman Blass: "It's not garbage."

Councilman Densieski: "It's not garbage."

Councilwoman Blass: "It's yard waste."

Sal Mastropolo: "It's yard waste. Okay."

Councilwoman Blass: "That's correct. It's not garbage."

Sal Mastropolo: "So they're actually going to be receiving or checking the stuff in?"

Councilwoman Blass: "That's correct."

Councilman Densieski: "They help senior citizens unload and the handicapped."

Supervisor Cardinale: "Well, what will also help you to understand this and justify it is that these people actually work for- I think all of them, right, work for the- "

Councilman Densieski: "Sanitation."

Supervisor Cardinale: "-- work for the Department of Sanitation and this would allow them in effect to have a part time job as needed up there at an hourly rate which would not be double time or- "

Sal Mastropolo: "Well, the way this resolution came across, it came across as five new employees."

Supervisor Cardinale: "Yeah, that's exactly right. It isn't. It's- "

Sal Mastropolo: "Oh, well."

Supervisor Cardinale: "It's simply an hourly- instead of

7/20/2004 minutes

having to pay an employee to fill in there, time and a half, these people will be called upon and are willing to be called upon for part time service as needed up there- "

Sal Mastropolo: "Well, the resolution should be rewritten then because I read five new employees to guard the yard waste facility."

Councilman Densieski: "Five new part time employees."

Supervisor Cardinale: "Yeah, the- "

Sal Mastropolo: "It doesn't say part time in here."

Supervisor Cardinale: "It doesn't say- it simply says if I read it correctly, authorizes the appointment of one, two, three, four, five to the position of guard."

Councilwoman Blass: "To serve on a rotating basis- "

Supervisor Cardinale: "Okay. We will- we will clarify that point."

Sal Mastropolo: "Okay. 649- "

Supervisor Cardinale: "Yes, please, go on."

Sal Mastropolo: "649."

Supervisor Cardinale: "Yes?"

Sal Mastropolo: "Okay. The first comment is the hotel foundation is already in and the lot which the Dodge dealer came almost two months ago- "

Supervisor Cardinale: "Yes."

Sal Mastropolo: "-- to get permission to move the cars down to Suffolk Life, the cars are still there."

Councilman Densieski: "That's the motorcycle shop that's in- that's Maxim Motorcycles. That's different."

Sal Mastropolo: "It's different? Okay."

Councilman Densieski: "The next proposal is to the east of

7/20/2004 minutes

that."

Sal Mastropolo: "Okay. Next question is on page two, why are we charging \$.50 a yard for one of them and \$2.00 a yard for the other? How are we going to justify to the guy who's paying \$2.00 a yard that we're only charging \$.50 a yard to the guy who has lot #10."

Supervisor Cardinale: "Yes, we- "

Sal Mastropolo: "The resolution is \$2.00 a yard, they should both be paying \$2.00 a yard."

7/20/2004minutes

Supervisor Cardinale: "Except in- yeah, what that reflects, good pickup and normally it would be an error knowing us, but actually it's deliberate."

We had an extended discussion on this on TV a while back. The fee moved from \$.50 to \$2.00 and one of the applications had been submitted prior to that change in fee and one subsequent. That's why there's a differential. And doesn't that save Mister- who is it, Tony Strollo (phonetic)? He saved a fortune by having it in a few days early."

Sal Mastropolo: "Yeah. But isn't it when the application comes in or when they truck the soil out?"

Supervisor Cardinale: "That's exactly what we discussed. The options would be either- what was it? The application- when the application was made and this application was made a few days before the acceptance of the change of law by the Secretary of State in Albany. So he did luck out. You're right about that."

Sal Mastropolo: "Okay. 658. The second page. I never see anywhere where you say you approve the amended site plan. It's in the title. It says approve amended site plan. But there's no Whereas that says it's been approved and there's nothing that says subject to the following conditions like all of the other amended site plans."

Councilwoman Blass: "Sal, this resolution has- "

Supervisor Cardinale: "Thank you. You're absolutely right. That is going to be tabled because of not just because of our typing error but because the town Director of Planning has advised us that this may- you see how we call this approves amended site plan elevations? That this may not just be elevations but may be significant enough that it will require a full site plan approval."

Sal Mastropolo: "Okay. 659, the second paragraph Whereas, the third line."

Supervisor Cardinale: "Yes."

Sal Mastropolo: "It says 108-115 of the zoning code to overlay the provision of the Business, it's probably- "

Councilwoman Blass: "It's overlay."

7/20/2004minutes

Sal Mastropolo: "Overlay?"

Councilwoman Blass: "Yes."

Sal Mastropolo: "Okay."

Supervisor Cardinale: "That's what paragraph?"

Sal Mastropolo: "Second paragraph- second Whereas, the third line down."

Supervisor Cardinale: "Okay. I will correct that spelling."

Sal Mastropolo: "663."

Supervisor Cardinale: "Yes?"

Sal Mastropolo: "Third Whereas, change his to their. Their representation in this matter since the law firm is representing Mr. Kozakiewicz and Miss Thomas."

Supervisor Cardinale: "Third Whereas?"

Sal Mastropolo: "Yeah. Second line down."

Supervisor Cardinale: "Yes."

Sal Mastropolo: "His should be their."

Supervisor Cardinale: "Got it."

Sal Mastropolo: "672. We discussed this once before and it seems like we're still going with the same set of rules. Okay?"

Supervisor Cardinale: "Yes."

Sal Mastropolo: "3B. Personal leave may not be accumulated. It must be used within the calendar year earned except that unused personal days at the end of the year shall be converted to sick time and may be used as sick time subject to all the rules and pertaining to sick time. And then on the very next page or two pages later, it says sick time can be bought out. I mean, we continue to contradict ourselves in our employment- "

Supervisor Cardinale: "Yes. What was your first question- paragraph?"

7/20/2004minutes

Councilman Bartunek: 3B."

Sal Mastropolo: "3B."

Supervisor Cardinale: "Yes."

Sal Mastropolo: "Personal leave may not be accumulated. Okay? It must be used within the calendar year. And then we go on to say except that you can convert it to sick time and oh, by the way, you can buy out sick time."

Supervisor Cardinale: "Yeah. I know- I'm still looking for the reference though but I know what you're saying. We have discussed this in the past. The- and there is- and I did explore it with Rick, Jack Hansen, and there was a- and I agree with your observation and also Chris Kent's. Unfortunately there was a reason we couldn't change it and I'm trying to remember what it was and Hansen is not here. But let me have the page number and I'll look- "

Sal Mastropolo: "Well, it's 672 3B."

Supervisor Cardinale: "Three- 672- "

Sal Mastropolo: "Yeah. 672 is the resolution; 3B- "

Supervisor Cardinale: "Okay, now I know why."

Sal Mastropolo: "Okay."

Supervisor Cardinale: "3B. 672, Section 3."

Sal Mastropolo: "Right."

Supervisor Cardinale: "Section 3 is- 672, Section 3B, okay, I see it now. Okay. Well, yeah, what- I will check that. What they're saying actually is that you cannot accumulate it from year to year but you can convert it to sick time which means that you wouldn't have it as personal time, you'd have it as sick time. There's a- you can't carry over personal leave to the next year and have three days this year, three more days, six, nine, twelve, fifteen. But you can at the end of the year if you haven't used your personal time kick it over to sick time."

Sal Mastropolo: "Then you should strike the first line, personal leave may not be accumulated- "

7/20/2004minutes

Supervisor Cardinale: "Yes."

Sal Mastropolo: "-- it must be used within the calendar year because that's baloney."

Supervisor Cardinale: "We discussed that, yes."

Sal Mastropolo: "Right."

Supervisor Cardinale: "Yeah. We should- the better language would be it can be accumulated only to be carried over as sick time. Okay."

Sal Mastropolo: "Okay. 673."

Supervisor Cardinale: "Yes?"

Sal Mastropolo: "Okay. The first line- number one under vacation. The employee shall be entitled to 80 hours of vacation January 1<sup>st</sup> to December 31<sup>st</sup>. Now 673 refers to Mr. Dave Cullen who's a part timer who cannot work more than 20 hours a week."

Supervisor Cardinale: "That's correct."

Sal Mastropolo: "All right."

Supervisor Cardinale: "He's presently a- "

Sal Mastropolo: "You're telling me that a part timer gets four weeks vacation?"

Supervisor Cardinale: "No."

Sal Mastropolo: "That's what you're telling me."

Supervisor Cardinale: "No. Eighty hours is two weeks- "

Sal Mastropolo: "No. It's four weeks. He only works 20 hours a week."

Supervisor Cardinale: "Well, it's- a part timer, he's working 20. That's a good point. So what he- I guess your question is it's too much vacation."

Sal Mastropolo: "That's right."

Supervisor Cardinale: "Part of this- well, what that number is

7/20/2004minutes

based upon is this. In- Dave is moving from a full time to a part time position. He was working 35 hours, he will be working 20 hours or approximately 6/10's of the time. We took 6/10's of his current vacation which is three weeks, 105 hours, and we gave him 6/10's of that which is 63 hours, not 80.

The 17 additional hours were because he gave up, if you look in the contract, he gave up his 21 hours of personal- of personal days so that we added the- made the 21 hours of personal days, 17 hours of vacation. So what they did is they prorated everything as you suggested we should do, at 20 over 35 that he had in his old contract. But that number is off for the reason I indicated. They added 17 because they didn't give him 21 hours of personal days which they had in the other contract."

Sal Mastropolo: "Okay. I'm glad you said that. How come we didn't prorate the health insurance? The town shall pay on the employee's behalf 100% of the cost of either the individual or family coverage for hospitalization under the town health insurance program. If you are going to prorate everything- "

Supervisor Cardinale: "Yeah."

Sal Mastropolo: "-- then you should prorate his health insurance."

Supervisor Cardinale: "Well, because his health- they did not prorate health insurance, that's accurate."

Sal Mastropolo: "We're not very consistent."

Supervisor Cardinale: "Well, no. But the- this particular individual is a full time employee presently with insurance. So if you work for a- for one year as a part- under this- in this town, if you work as a part time employee or a full time employee for a year, you are going to get full insurance. That's the way the contract for the CSEA works, too.

In fact, for better or worse, if you work 10 hours for this town after one year, you are eligible to get full insurance. And that's partly because as a public employer we don't want to see people without insurance because ultimately the public is going to pay it anyway. But that's the justification for better or worse."

Sal Mastropolo: "Given the way we're managing our fiscal policy, I would suggest to the Town Board that we don't have any part

7/20/2004minutes

time employees. Because let me tell you something. We're paying twice as much for every part time employee. If you have two part timers working 20 hours a week, we're paying health insurance, full health insurance, for two people when we could be paying health insurance for one person doing the same job."

Supervisor Cardinale: "I think that's a valid point and I made that- I made that in- when we were having a discussion about the Town Attorneys, that we have two part time Town Attorneys. On the other hand, the members of the Board that carried that vote made the valid point that you get better talent with part time employees than you can get for the price. This is a guy that made \$150,000 in the outside and he's working for the Town of Riverhead for thirty-five bucks an hour. And I think that's a great deal."

Sal Mastropolo: "Well, I was going to ask the other question which I don't think you would have answered, but what was his salary when he was a full time employee because 20 hours a week at \$35.00 an hour is \$700 a week."

Supervisor Cardinale: "Thirty-five a week at twenty an hour is \$36,000 annually for 20 hours a week. He was making- although as I said he was making 150 on the outside, he took- his initial job as \$45,000 annually."

Sal Mastropolo: "For 35 hours a week?"

Supervisor Cardinale: "Thirty five hours a week."

Sal Mastropolo: "Big difference."

Supervisor Cardinale: "It is. It is. And the only way we're going to keep this employee and if you know Dave- "

Sal Mastropolo: "I don't know Dave. All I know is that-"

Supervisor Cardinale: "The only way we're going to keep this guy is this- under these terms."

Sal Mastropolo: "What I was going to say is all I know is that when the new Board came on, and you're doing a good job, okay?"

Supervisor Cardinale: "Right."

Sal Mastropolo: "It seems like the number of employees around Town Hall has gone up."

7/20/2004minutes

Supervisor Cardinale: "That's not accurate. But that's a good point because I've been watching that. We are actually understaffed. We do not have- on \$70,000 a year, human services director which we are funded for. We do not have a grants administrator which was funded for \$55,000. We were understaffed in the Building Department for a good many months and we just hired someone in as an account clerk typist.

So we actually are understaffed. We have three or four police officers that we are under, but I'm watching that and I agree with you. It is frustrating. It's frustrating for me, too. But you- in life, I guess, if you want good employees, you are going to have to pay for them.

Thank you."

Sal Mastropolo: "You're welcome."

Supervisor Cardinale: "I appreciate those typos you picked and your comments. Is there any other comment? Yes, sir."

Bruce Madonna: "Good evening. My name is Bruce Madonna and I live at 21 Front Street in South Jamesport. At the meeting two weeks ago we talked about what is Resolution 646 tonight, the no parking zones in South Jamesport."

Supervisor Cardinale: "Yes."

Bruce Madonna: "And at that time, I believe you had requested that it be separated out in some way so we could know what the changes were from the existing parking regulations because this initially was presented as kind of bringing us back to where parking regulations should have been in South Jamesport. Was that done? Do we know which ones are new?"

Supervisor Cardinale: "There is- yeah, that's a good question, a fair question. Barbara, I don't want to put you on the spot because I know you are very familiar with this because you worked on it for the last year and a half. Can you separate out the old and the new from that- "

Councilwoman Blass: "Mr. Madonna, if you turn around on the wall is a diagram- "

Supervisor Cardinale: "Look at that."

7/20/2004minutes

Councilwoman Blass: "-- for the most part what is proposed as blue which I believe are seasonal, that's where parking had been prohibited. It is now parking permitted by permit- with the appropriate permit."

Bruce Madonna: "All right. So everything that's blue used to be prohibited and- "

Councilwoman Blass: "It was seasonal parking was prohibited on the other side of the street, okay. What we did then was to ensure that one side of all of those streets could be parked with permits and one side had to have parking prohibition.

So if you're asking me on those streets exactly which ones had which side, I couldn't tell you because some- there are like four, five different descriptions of each of those signs. Some say seasonal parking by permit through May 15<sup>th</sup> through September. You've seen the different kinds of signs that are down there. Okay?

This just tried to make the- it uniform such that each of the streets, there was a pattern. To the west, I guess, the west of each of those streets has the prohibition and to the east, it's parking by permit only."

Bruce Madonna: "All right. I'm sorry. I don't mean to be dense but in the past it was- parking was prohibited on those streets, just prohibited, not by permit only. Is that what I'm hearing?"

Councilwoman Blass: "There was parking- in some cases, there was parking prohibition and in some cases there was parking during the permitted season, seasonal, May 15<sup>th</sup> through September 15<sup>th</sup> only.

What we did was create a consistent pattern such that on each street one side had parking by permit only and one side had parking prohibition and that was to ensure that the roads themselves were passable."

Bruce Madonna: "All right. Well, I'm sure you know because you're familiar with the area, that many of the people here park on the street, many of the people that have residences there. And I know that there's a question as to what's going on with some of the businesses that are down there and sometimes have parking on both sides of the street.

But historically in so far as how people have used those

7/20/2004minutes

streets, they've always parked in front of their homes, many of them. And it seems like this is taking away the ability to do that. I know that for myself now in front of my house it will be parking prohibited completely on one side of the street and on the other side, will be by permit only.

Therefore, I can't put my cars out on the street unless they have a permit on them or guests can't be out there unless they have a permit on them, if I'm understanding this correctly. Okay? But you're saying that that's really just continuation of what was there before in terms of what was prohibited before so it's prohibited now."

Councilwoman Blass: "In some cases. I'm not saying in all cases these areas had parking prohibition. I'm saying in some cases that's correct and what we did was look at the street patterns from 2<sup>nd</sup> Street down and tried to make it consistent such that every side of the street and each of those streets it was one side where you could park by permit, one side that it was- that parking was prohibited."

Bruce Madonna: "And that was the way it was in the past, too?"

Councilwoman Blass: "I didn't say that."

Bruce Madonna: "Okay, I'm sorry. And I don't mean to be argumentative but when you say parking prohibition, do you mean that in the past it was- parking was outlawed on many of these areas, or do you mean that it was by permit only? Are those two- those aren't the same thing, right?"

Councilwoman Blass: "No, they're not the same thing, sir. No."

Bruce Madonna: "And, and now we're going to half of the streets there, half of the sides of the streets are going to have parking prohibited."

Councilwoman Blass: "We had parking prohibited on the west side of most of these streets."

Bruce Madonna: "Okay."

Councilwoman Blass: "The way the code- if I were to go into the code book now, you would see that there were parking prohibitions on certain sides of some of those streets. And I can show that to

7/20/2004minutes

you and we'll take some time later on and perhaps after the meeting-  
"

Bruce Madonna: "Okay. Prohibitions meaning not by permit either. Just prohibited. Is that- am I understanding you- "

Councilwoman Blass: "That is correct."

Bruce Madonna: "Okay. Thank you. That's what I needed to understand. Thank you."

Councilwoman Blass: "Okay. You're welcome."

Bruce Madonna: "All right. I had two other things. I'll try not to take too much time. Two other things that bother me. One was the exception on Center Street north of Front Street for that hundred feet and when I asked last time, I was told that's because it's a tough corner to get around.

But now that doesn't make any sense because what we're doing is we're allowing parking for that hundred feet on both sides of the street so if it's a hard corner to get around, why is it that we allow parking on both sides of Center Street just north of Front Street?"

Councilwoman Sanders: "I don't believe that's true."

Bruce Madonna: "The 100 feet north of Front Street. In the resolution is excepted from both prohibitions, both the one that says no parking and the one that says parking by permit only don't exist for the 100 feet north of Front Street on Center. So I didn't understand that one."

Councilwoman Blass: "I may have to go up and take a look at the map."

Bruce Madonna: "The map- I don't know if the map- the map doesn't show it."

Councilwoman Blass: "I know that."

Bruce Madonna: "But the wording in the resolution does say it. It says parking prohibited on one side all the way down to the 100 feet north of Front Street. And it says that on both the permitted portion and on the portion that's an absolute prohibition against parking.

7/20/2004minutes

And then I have one other thing that I just wanted to bring up and that's that the southern terminus of Center Street and the western terminus of Front Street are treated differently than all the other areas in that you've prohibited parking on both sides of the street. No parking by permit or anything else. That means that in front of the Schultz (phonetic) home, in front of and in between Schultz home and my home, parking is totally prohibited, and I don't know the need for that, that brought that up. It seems very arbitrary to me. No other terminus of a road has no parking on both sides."

Councilwoman Blass: "Okay. No other terminus of the road has parking on both sides. Okay. So on- at the end of Center Street there- "

Bruce Madonna: "It doesn't show it here but the wording says parking prohibited on both sides of the southern terminus of Center Street and the western terminus of Front Street. And all that does is stop all of these people right around here from having anywhere to park, even with a permit."

Councilwoman Sanders: "They can park on Center but to north of Front."

Bruce Madonna: "They can park up here. But that's the area that you said was dangerous."

Councilwoman Sanders: "Not, well, where it's permitted obviously, where it was permitted."

Bruce Madonna: "Then can I ask what the reason is for prohibiting it on both sides in that specific area? I mean, it's a- that's a very short area, it's 30 feet of pavement on the southern terminus of Center Street and it's about 50 feet of pavement on the western terminus of Front Street, and, I mean, this can't be for safety sake. No vehicles go through there. It's the terminus of a road. It seems almost punitive to the people that live right there that you would not prohibit- that you would prohibit parking on both sides."

Councilwoman Blass: "Okay. We'll take a look at that again."

Bruce Madonna: "Thank you. I appreciate it."

Councilwoman Blass: "You're welcome."

7/20/2004minutes

Supervisor Cardinale: "Okay, thank you. Any other comment on any of the resolutions? Sandra? This is on any resolution now. Yes, and then- you come on right up after her, if you'd like, sir."

Sandra Mott: "Sandra Mott. On #653 it says ratifies appointment of a part time assistant recreation leader skate park to the Recreation Department. How much do these people get paid for the skate park?"

Supervisor Cardinale: "663 you're looking at, Sandra?"

Sandra Mott: "653."

Supervisor Cardinale: "653?"

Sandra Mott: "Yes. Ratifies appointment of a part time assistant recreation leader/skate park."

Supervisor Cardinale: "Nine-fifty per hour."

Sandra Mott: "Pardon?"

Supervisor Cardinale: "653 indicates \$9.50 per hour on an as needed at will basis to be paid at the rate of \$9.50 an hour to serve at the pleasure of the Board. I assume this is a- does anybody know anything about Mr. Minuto personally? I know he's getting paid nine and a half dollars to serve as an as needed at will basis as a skate part assistant?"

Councilwoman Sanders: "What was the question?"

Supervisor Cardinale: "What they get paid. It's in the resolution. Nine-fifty."

Councilwoman Sanders: "Nine-fifty."

Sandra Mott: "And what is it that they do?"

Councilwoman Sanders: "What do they do? They are at the park making sure that people have their equipment, making sure that they have their membership to get in to use the park. Basically it's equipment. It's an overseer. There's somebody- and I believe that we're required by insurance- for insurance purposes, to have somebody on the site."

Sandra Mott: "Okay. I've said this before and I'll say it

7/20/2004minutes

later again when I get to another issue, there are hardly any people at that facility and we go past that a number of times. I mean, this evening there were five children that I could see based on the helmets they had on from a distance, I didn't stop and count. But from a distance. And is there any statistics as to how many people are actually using that facility?"

Councilwoman Sanders: "Sure. Absolutely."

Sandra Mott: "And how come they're never there when I drive by, morning, noon and night, or later afternoon? I mean I really never hardly see anyone there."

Councilwoman Sanders: "I happen to have those numbers. Not that long ago, I had asked Mr. Janecek to prepare some type of a comparison or a log to give me totals and you'd be surprised the numbers are not as low as some people think. But I'd be glad to share that with you- "

Sandra Mott: "Okay."

Councilwoman Sanders: "-- anytime you'd like to stop in, I can show you that report. But generally there are and the numbers are in the hundreds on- "

Sandra Mott: "Well, they must be invisible."

Councilwoman Sanders: "Okay. You can all shake your head, but the person that is assigned to be the guard, the leader at the park, is keeping the log so unless we're all shaking our head and we're making up names to put in a log- "

Sandra Mott: "No. I'm not saying you are. I'm just saying- "

Councilwoman Sanders: "There are people who use the park for different purposes, at different times, BMX bikes, the skateboarders. But I would be more than happy as I said to share that information with you."

Sandra Mott: "I was just curious. It just seems so few people for the amount of money that was invested in the facility, without any public hearing. I look back into some old news articles and stuff like that. I know it was supported by the recreation fees and so on-"

Councilwoman Sanders: "Right."

7/20/2004minutes

Sandra Mott: "-- and so forth, but nonetheless, I mean, and I ask that specifically because I know that you didn't collect fees for the boaters who came to your festival because you didn't have the staff to do it, that's what I was told. Monies weren't going to be collected from the boaters because even though you established your fees, you wanted them to have access to the festival which according to some program on Channel 12, it's self sufficient in making hundreds- a hundred thousand dollars minimum."

Councilwoman Sanders: "You're mixing up the riverfront with the East Creek docking facility I would imagine."

Sandra Mott: "No, no, no. I thought along the Swezey's, the marina, were you not going to- "

Councilwoman Sanders: "Yes. We did pass and adopt fees for collection on the riverfront."

Sandra Mott: "Right."

Councilwoman Sanders: "At the last moment, the decision was made to waive those fees because advertisements were that the Blues Festival was for free and it would just- "

Supervisor Cardinale: "And those fees are effective- "

Sandra Mott: "They were supposed to be effective July 1<sup>st</sup> according to the paper."

Supervisor Cardinale: "Yeah. They never got posted and they never were collected as I understand it because they were not posted, the signs, and they are effective right now and we invite everybody down there but they have to pay \$25.00 if they wish to stay overnight which is really dirt cheap."

Sandra Mott: "I know because we had this conversation- "

Supervisor Cardinale: "Right."

Sandra Mott: "-- I forgot where it was."

Supervisor Cardinale: "And incidentally the amusing thing of all of this is actually the Town Board was debating, we were having a good debate because there was a difference of opinion in that whether we should charge at the festival this past weekend, but Timmy Gannon

7/20/2004minutes

scooped us because he had published incorrectly in the Thursday paper before it, that we were waiving that. We actually had not decided to waive them but they were, in fact, waived."

Sandra Mott: "So you're going after him for the fees- "

Supervisor Cardinale: "So we're going to go after him for those fees."

Sandra Mott: "I see. Very good. Okay. That's nice. He's going to work that off at the animal shelter."

Supervisor Cardinale: "Yeah, that's it. Good."

Sandra Mott: "Because the discrepancy of we don't have enough money to collect money was sort of really absurd and I talked to- who's your assistant, the gentleman?"

Supervisor Cardinale: "Dave Cullen."

Sandra Mott: "Dave- "

Supervisor Cardinale: "Yes."

Sandra Mott: "-- and he said he'd bring it to your attention. Because there's a simple way to collect it if you don't want to have a particular person assigned, you do have someone. It's called a Bay Constable."

Supervisor Cardinale: "Yes."

Sandra Mott: "And they should be checking these boats anyhow to see if they're in compliance with the Coast Guard rules and regulations which I'm going to assume the Bay Constable is able or responsible for doing. And while he's there, he might as well put his hand out and collect the fee. And you don't have to hire anybody new."

Councilwoman Sanders: "There is a procedure in place that is- will be implemented as soon as- I would imagine are we effective now?"

Supervisor Cardinale: "It's effective now."

Councilwoman Sanders: "It's effective now."

7/20/2004minutes

Supervisor Cardinale: "Right now we're effective."

Councilwoman Sanders: "But it's effective now. There is a process that is in place to collect those fees, both in the morning and again in the afternoon. Every day."

Sandra Mott: "And you know why I'm concerned, because all I hear is we don't have the money but we'll save that for open conversation because that's what really made me very upset. We don't have the money to do, but we're not collecting money because we don't have people to collect the money."

Supervisor Cardinale: "Every \$25.00 counts, you're absolutely right. Thank you, Sandra."

Sandra Mott: "Thank you."

Supervisor Cardinale: "Any other comment? Yes, sir?"

(Inaudible - from the audience)

Supervisor Cardinale: "Is it in regard to a resolution? We're going to take that just in a moment as soon as we finish the resolutions and get them passed."

If there's no other comment on the resolutions, we can consider and pass the resolutions or not as it occurs and then we'll take general comment and move on. Yes?"

Councilwoman Blass: "I'm just going to get that map because in light of Mr. Madonna's comments, maybe we could be in a position to amend the resolution tonight to take into consideration his concerns."

Supervisor Cardinale: "Okay."

Councilwoman Blass: "So I'll get the map (inaudible)."

Supervisor Cardinale: "If you could- if- I think Dawn is going to- and the police chief. We've got real talent here moving that map. We've got the police chief and the town attorney."

Councilwoman Blass: "Thank you for providing it, Chief. He's the one that provided that map actually."

Supervisor Cardinale: "Okay. Yeah, we've got resolutions"

7/20/2004minutes

beginning with Resolution #640 which I'd like to start. So I'm going to re- I am going to readdress the resolutions and, Barbara, can you start us off with 640?"

Barbara Grattan: "Sure."

Resolution #640

Councilman Densieski: "Accepts the retirement of Michael Klick in the Sanitation Department. So moved."

Councilwoman Blass: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #641

Councilman Bartunek: "Ratifies the appointment of guards in the Sanitation Department. So moved."

Councilwoman Sanders: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders."

Councilwoman Sanders: "I'm sorry. We wanted to make some-- "

Supervisor Cardinale: "We wanted to clarify this."

Councilwoman Sanders: "Right. We wanted to indicate that we authorize the appointment of-- do you want to say town-- "

Supervisor Cardinale: "Town-- current town-- "

Councilwoman Sanders: "-- current town employees-- "

Councilwoman Blass: "To serve on a rotating basis."

Councilwoman Sanders: "Current-- "

Councilman Densieski: "Fill in guards."

Councilwoman Sanders: "-- town employees to serve-- "

7/20/2004minutes

Supervisor Cardinale: "As fill-- the suggestion was fill in guards or to serve as guards on a rotating-- "

Councilman Densieski: "Attendants maybe. Guards might not be the proper-- attendants-- "

Councilwoman Blass: "Actually it's the title that we have."

Councilman Densieski: "It's the title? Okay."

Councilwoman Sanders: "To serve as guards."

Supervisor Cardinale: "On a rotating basis."

Councilwoman Sanders: "On a rotating basis."

Supervisor Cardinale: "With that amendment, George, it's still your vote yes?"

Councilman Bartunek: "Yes."

Supervisor Cardinale: "Okay."

Councilwoman Sanders: "Thank you."

Barbara Grattan: "Current town employees to serve-- "

Councilwoman Sanders: "As guards."

Barbara Grattan: "-- as guards on a rotating basis."

Councilwoman Sanders: "On a rotating basis."

The Vote (Cont'd.): "Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #642

Councilman Densieski: "Ratifies the appointment of a part time heavy equipment operator on a rotating basis for the yard waste program. So moved."

Councilman Bartunek: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

7/20/2004minutes

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #643

Barbara Grattan: "Resolution #643, Councilwoman Blass."

Councilman Densieski: "Mr. Supervisor."

Supervisor Cardinale: "Yes?"

Councilman Densieski: "I did mention to Jack, I asked him if this was time sensitive and he indicated it was not. In the next couple of weeks I'm going to be coming forward with a recycling program for a lot of these things. If this is not time sensitive, I would ask this be tabled for further discussion after the next implementation of a recycling program."

Supervisor Cardinale: "Yeah. I have no problem with tabling it? If anyone else has a problem? Otherwise we are going to move to table, Ed."

Councilman Densieski: "I would like to move Resolution 643 to table, please."

Supervisor Cardinale: "Second, please."

Councilwoman Sanders: "Second."

Councilwoman Blass: "Second."

Supervisor Cardinale: "Seconded by Rose. May we have a vote, please."

The Vote: "Bartunek."

Councilman Bartunek: "Yes. Second to table."

The Vote: "Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is tabled."

Resolution #644

Councilwoman Sanders: "Water extension #45 capital project budget adjustment. We need to make that change."

7/20/2004minutes

Councilwoman Blass: "Amendment."

Supervisor Cardinale: "Yes. It should be transfer to repairs and maintenance from serial bond proceeds."

Councilwoman Sanders: "Right."

Councilwoman Blass: "That's correct."

Councilwoman Sanders: "That's correct."

Supervisor Cardinale: "And with that change- "

Councilman Bartunek: "I would second it. Yes."

Supervisor Cardinale: "Seconded. And vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #645

Councilwoman Blass: "This resolution promotes an account clerk typist in the Building Department and that was Sue Edwards. We honored her earlier this evening. So moved."

Councilman Densieski: "Second the motion."

Supervisor Cardinale: "Could I have a question here? I'm pleased to honor her and pleased to promote her. Can- does anyone know what the- what the amount of the increase is?"

Councilwoman Blass: "It's approximately \$5,000. It's significant because it's a group move as opposed to a step. It's the minimum that she was able to- "

Supervisor Cardinale: "Okay. But it's a group move."

Councilwoman Blass: "It's a group move."

Supervisor Cardinale: "Okay."

Councilwoman Blass: "Going from account clerk to an account clerk typist is a different group entirely."

Councilman Densieski: "Oh, okay. I was told it was a \$1,500

7/20/2004minutes  
increase."

Supervisor Cardinale: "Yeah, that's why I was asking."

Councilwoman Blass: "I think- when Mr. Hansen came in earlier today, did he not indicate to us, George- "

Councilman Bartunek: "There was no option."

Councilwoman Blass: "There was no option to- "

Councilman Bartunek: "There was no other option."

Councilwoman Blass: "And- but what was the amount that he indicated?"

Councilman Bartunek: "Five."

Councilwoman Blass: "Five thousand. So that is what I heard."

Supervisor Cardinale: "Because it is a promotion. As I understand it we must on a promotion give a 3%-- "

Councilwoman Blass: "It's a minimum 3% but we couldn't put her 3% because it's not in the group. She changes groups and she could not go on the "P" step meaning probation- "

Supervisor Cardinale: "Okay."

Councilwoman Blass: "-- because she's been a current employee. So she's on the first available step in the appropriate group and it turned out to be approximately a \$5,000 raise."

Councilman Densieski: "I think what you're trying to say is that she was underpaid before."

Supervisor Cardinale: "I think that would probably- that we would hope that to be the conclusion. But it also- I understand what you're saying and thank you."

Councilwoman Blass: "You're welcome."

Supervisor Cardinale: "Okay. With that further information, may we call the vote?"

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski,

7/20/2004minutes

yes; Cardinale, yes. The resolution is adopted.

Resolution #646

Councilwoman Blass: "Maybe we should table it until Thursday."

Councilwoman Sanders: "Until Thursday. That's good."

Councilwoman Blass: "Mr. Supervisor, if we could possibly table this until Thursday. I thought maybe I'd have a chance to author this during the- "

Supervisor Cardinale: "Yes."

Councilwoman Blass: "-- while we were considering the other resolutions but in the event that we have a special work- or a special town board meeting on Thursday that we could probably take it up at that time with those appropriate amendments."

Supervisor Cardinale: "Right. This would be the second one we could take up if we do a special."

Councilman Densieski: "Table."

Councilwoman Blass: "I make a motion to table Resolution #646."

Councilwoman Sanders: "Seconded."

Supervisor Cardinale: "Yes. Moved and seconded to table 646. Vote, please, to table."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is tabled."

Resolution #647

\_\_\_\_ (Inaudible comment - from the audience)

Supervisor Cardinale: "That meeting will start at 1:00 p.m. Correct, Jill? Yeah, the work- the special meeting will take place later if it occurred, it would occur at 4:00 that day. So the special work session, if you wanted to come down to discuss that, you could speak with Barbara sometime before Thursday or Thursday morning

7/20/2004minutes

you could speak with her. Okay?"

Councilwoman Blass: "We'll have the text in advance for your view. You're welcome."

Supervisor Cardinale: "Okay. So this is tabled."

Councilman Densieski: "We're on 647. Are you going to call 647, barbara?"

Supervisor Cardinale: "Yeah. 647."

Councilman Densieski: "Yes. Adopts a local law amending Chapter 48 entitled Beaches and Recreation Centers of the Riverhead Town Code. So moved."

Councilwoman Blass: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #648

Councilman Bartunek: "Approves application of North Fork Venture, LLC d/b/a Fauna. So moved."

Councilwoman Blass: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders."

Councilwoman Sanders: "This-- is this the resolution where-- "

Councilman Densieski: "Yeah, I've got 647 to 650."

Supervisor Cardinale: "Have you missed it, you mean? You don't have them?"

Councilman Densieski: "No."

Supervisor Cardinale: "Okay. I'll give you-- George has them them-- 648 is approving the application of North Fork-- apparently a Chapter 90 for Fauna for inside music July 21, 31, 7, 14 of August,

7/20/2004minutes

28 of August, 3 of September, 11, 18. I don't know that they need this."

Councilwoman Blass: "I was going to say did we verify which permits were necessary for this?"

Supervisor Cardinale: "Yeah. It is- we have not, in fact, Dawn, I hate to ask you know but it did occur to me as I reviewed them and Jill commented also, we're saying in this that we're approving the application of North Fork Venture, Fauna, the restaurant for an application for the purpose of conducting live entertainment at the Fauna restaurant indoors between 8:30 p.m. and 10:30 p.m. on eight days. Okay?"

I don't understand why they need our-- I don't understand what the application is. If-- I was told it's probably a Chapter 90 but if it isn't a Chapter 90, do they need a Chapter 90 to play music in a restaurant?"

Dawn Thomas: "If they're inviting the public and they're having a special event such as (inaudible)."

Supervisor Cardinale: "So if that's-- "

Councilwoman Sanders: "Even if it's indoors? There was one-- there were two of these. One was indoors and there was another one that was outdoors and that one seems to be missing from our packet tonight. There was-- "

Supervisor Cardinale: "I think outdoors we actually-- "

Barbara Grattan: "There was two."

Supervisor Cardinale: "Yeah, I know. Did we pass-- "

Councilwoman Blass: "We haven't done it yet."

Councilwoman Sanders: "We reviewed them on Thursday."

Supervisor Cardinale: "Okay. Well, you know, yeah, please let me know if you do locate it but why don't we do this? It looks more and more to me like we will do a special on Thursday. We need to pass this if we need to pass this, because the first date is July 24<sup>th</sup>."

Councilwoman Blass: "I think this is outdoors because there's tent. Is there a tent associated with his and that's why it's a 64?"

7/20/2004minutes

Right. So this must be the outdoor as opposed to the indoor. There were two."

Councilwoman Sanders: "There were two."

Barbara Grattan: "One was indoor; one was outdoor."

Supervisor Cardinale: "Why don't we-- we certainly have no objection to it occurring. Why don't we pass it and if we are-- if we missed one, we'll pick it up on Thursday. And if we're wrong, we can rescind it on Thursday."

Councilwoman Sanders: "Thank you."

Councilwoman Blass: "Great."

Supervisor Cardinale: "So could we call this for a vote?"

Barbara Grattan: "Okay. Who tabled this?"

Councilwoman Sanders: "No, we're not."

Supervisor Cardinale: "We're not tabling; we're going to vote."

Councilwoman Sanders: "George already voted, didn't he?"

The Vote: "Bartunek."

Councilman Bartunek: "That's mine."

The Vote (Cont'd.): "Sanders, yes."

Councilman Bartunek: "Yes."

Supervisor Cardinale: "Okay, we have two yeses."

The Vote (Cont'd.): "Blass, yes; Densieski, yes; Cardinale."

Supervisor Cardinale: "Yes, for #648."

Barbara Grattan: "The resolution is adoptd."

Resolution #649

Councilwoman Sanders: "Grants excavation permits to Jaral

7/20/2004minutes

Riverhead Corp. and Mary Ellen Real Estate LLC. So moved."

Councilman Bartunek: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #650

Councilwoman Blass: "Authorizes the release of irrevocable letter of credit of G.W. Plumbing, Inc. as drainlayer for the Riverhead Sewer District. So moved."

Councilman Densieski: "Second the motion."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #651

Councilman Densieski: "Found 649. Got it, yes. Resolution calling for a public hearing for the Houndsgate Development for a lateral water main for the Riverhead Water District. So moved."

Councilman Bartunek: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #652

Councilman Bartunek: "Resolution calling for a public hearing, Kelbridge Meadows Development lateral water main, Riverhead Water District. So moved."

Councilman Densieski: "Second the motion."

Supervisor Cardinale: "Moved and seconded. Vote, please."

7/20/2004minutes

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #653

Councilwoman Sanders: "Ratifies appointment of a part time assistant recreation leader, I assume for the skate park, to the Riverhead Recreation Department. So moved."

Councilwoman Blass: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #654

Councilwoman Blass: "This resolution approves the temporary sign permit of Midas Muffler Shop. So moved."

Councilman Densieski: "Second the motion."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #655

Councilwoman Sanders: "Accepts irrevocable letter of credit of Vinland Commons, LLC. So moved."

Councilman Bartunek: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #656

Councilman Bartunek: "Approves amended site plan of Foxwood Village clubhouse addition. So moved."

Councilwoman Blass: "And seconded."

7/20/2004minutes

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #657

Councilman Densieski: "Amends the site plan of John A. Rothe, that's also known as 1 East Main Street, the building on the corner. So moved."

Councilman Bartunek: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #658

Councilwoman Sanders: "I believe I would like to table this resolution as per the recommendation of the Planning Director."

Supervisor Cardinale: "Okay. We have a motion. Second to table?"

Councilwoman Blass: "Second to table."

Supervisor Cardinale: "Second for the motion to table."

Councilman Densieski: "Do we know the reason why?"

Councilwoman Blass: "Rick is willing to talk about it."

Supervisor Cardinale: "Rick, if you want to put it on the record. I think you had explained it as that this may be more than an approval of amended elevations."

Rick Hanley: "Yes. Rick Hanley, Planning Director. If you recall when we were talking about this, the Board wanted the title of this changed from approved site plan to elevation drawings. And when I went back to the lab and looked at the plan to rewrite the resolution, it was clear that there was more going on on this property than that simple roof change."

The extent of the changes, I think, may even kick this into a

7/20/2004minutes

proper site plan review. So I would like this to be tabled and discuss it further."

Supervisor Cardinale: "Thank you for the explanation."

Rick Hanley: "Okay."

Supervisor Cardinale: "Okay. With that explanation we have a motion and second to table. Can we have a vote?"

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is tabled."

Resolution #659

Councilwoman Blass: "Approves the site plan of Roanoke Realty Enterprises, LLC. So moved."

Councilman Densieski: "Second the motion."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #660

Councilman Bartunek: "Approves site plan of Cellular Telephone Company d/b/a AT&T Riverhead Water District water tank. So moved."

Councilwoman Blass: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #661

Councilwoman Sanders: "Amends site plan of Riverhead Congregation Jehovah's Witnesses. So moved."

Supervisor Cardinale: "Moved and seconded. Vote, please."

Councilman Densieski: "I'll second it."

Supervisor Cardinale: "Oh, sorry. Now we've got a second."

7/20/2004minutes

Moved and seconded."

The Vote: "Bartunek, yes; Sanders."

Councilwoman Sanders: "Is this to be amended or is it okay?"

Councilman Bartunek: "No, no."

Councilwoman Sanders: "Okay. Yes."

The Vote (Cont'd.): "Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #662

Councilwoman Blass: "Approves the site plan of Aircraft Warehousing, Inc. So moved."

Supervisor Cardinale: "Moved and- "

Councilwoman Sanders: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #663

Councilman Bartunek: "The title of this one. Authorizes the retention of the law firm of Sinnreich, Wasserman, Grubin & Cahill in Connecticut with the United States District Court litigation entitled Mark Houraney and Northeast Holdings, LLC. v. Town of Riverhead. So moved."

Councilman Densieski: "Second the motion."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders."

Councilwoman Sanders: "With the amendment. Is that with the amendment from his-- in the third Whereas-- "

Supervisor Cardinale: "Yes. With the amendment of his to their in the third Whereas."

7/20/2004minutes

Councilwoman Sanders: "Yes."

The Vote (Cont'd.): "Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted.

Resolution #664

Councilman Bartunek: "Creates Riverhead town policy for municipally owned taxpayer funded signage. So moved."

Councilwoman Sanders: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

Councilwoman Sanders: "Comment."

Supervisor Cardinale: "Comment. Go right ahead."

Councilwoman Sanders: "I need that translated for me."

Councilman Bartunek: "That means no discarding of garbage, minimum \$250.00. This was- "

Councilwoman Sanders: "Okay. Minimum \$250.00 what? Fine? Shouldn't it- "

Councilman Bartunek: "The English language that was given to Sister Margaret through the office of the Sanitation Department. Sister Margaret felt that this was the most appropriate, most understandable language in Spanish for what we were trying to intend on these signs."

Councilwoman Sanders: "Okay."

Councilman Bartunek: "This is not a literal translation of what we- of what Dawn Thomas suggested the sign read. But the interpreter felt that this was the most appropriate language."

Councilwoman Sanders: "So it- there doesn't have to be any mention of fine or- "

Councilman Bartunek: "That's according to Sister Margaret. I mean I would- I would recheck that. I questioned that. I questioned that, Rose, and it is- "

7/20/2004minutes

Councilwoman Sanders: "Do we go ahead and even though- and vote on it as it is and then if it needs to be- "

Councilman Bartunek: "Revised."

Councilwoman Sanders: "Just add the word fine, if necessary. Can we do that? Yes?"

Supervisor Cardinale: "I have- I think if you have the votes to carry, which I think you do- "

Councilwoman Sanders: "We can revise it."

Supervisor Cardinale: "I certainly would not object to getting it right if we're going to do it at all."

Councilwoman Sanders: "Okay. Thank you."

Supervisor Cardinale: "The- okay, so we now know that it says Spanish, no discarding of garbage minimum 250 (inaudible). Okay. Any discussion from anybody? This was heard once before. It's- and it is followed by a recission resolution. Anybody want to have any discussion on this or the following resolution? If not, we'll take a vote and comment as appropriate."

Councilwoman Sanders: "Barbara, was it moved and seconded?"

Barbara Grattan: "Yes. I'm waiting for a vote now."

Supervisor Cardinale: "Okay."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski."

Councilman Densieski: "I just received my packet of resolutions about 3:30 this afternoon. By the time I got to this resolution, it was 4:00 in the afternoon."

While I was aware that George was going to work on this, I had no idea this resolution was going to be in today's packet. As far as I was concerned, this issue was put to bed with the adoption of the previous resolution that allowed international symbols instead of foreign language signs which I am adamantly opposed to.

We've already accepted international symbols. We never even tried it. We didn't put one up at one beach. We have a lack of police enforcement on the beaches and I don't blame the chief because

7/20/2004minutes

he's understaffed. We're going to work on it and attempt to make beach wardens to have an authority, you know, an authority figure on the beaches. But putting this up is a much bigger issue than the \$25.00 for the signs.

In my opinion, the English language has always been the common denominator in this country. No matter where you came from in the world, you learned to speak the language as all of my ancestors did. I honestly believe that this is the beginning, this is how our culture is decaying.

I'm going to start tomorrow- I'm going to start a petition. I'm going to get as many people as I can to stop this because this is wrong. This is absolutely wrong. And they place the blame on other people here. It's been suggested by the Riverhead Town Sanitation Department and the Riverhead Police Department.

They don't even have the courage to say who's doing it. You have to do the blame game, place the blame on somebody else in case it backfires. Well, it's going to backfire because tomorrow and unfortunately I have other things that I could be working on but tomorrow I'm going to start a petition drive to stop foreign language signs in our town because it is wrong.

This is one of the biggest- "

Councilman Bartunek: "Ah- "

Councilman Densieski: "I have the floor, George. This is one of the biggest forms of bias that I have ever seen. There are 260 something written languages and we chose to put one foreign language up. Well, I chose to put none. I chose to put the English language and international symbols and the debate starts tomorrow.

I vote no."

The Vote (Cont'd.): "Cardinale."

Supervisor Cardinale: "Okay. In regard to this, there was a vote previously at 435 creating the Riverhead town policy. There was a three to two vote. George has re-thought his position which is the right of every member.

I would have preferred it be tabled and I indicated that for further discussion. George had indicated he will not be present at the August 5<sup>th</sup> meeting so he needed to have it heard tonight. I would

7/20/2004minutes

have preferred as indicated international symbols be tried which was the compromise solution and as the Supervisor I am trying to bring the Board together on all issues, not just this one.

And I-- but the heart of it is I feel no different than I did the first time so to stop-- if there is any because my vote is meaningless at anyway at the moment. But if there is any doubt, I'm going to vote no as I did the first time. I would have preferred the symbols be used. I would have preferred that it be tabled, too, but it was unable to do so because of the matter-- the fact that we would not have George here on the 5<sup>th</sup> and we had to move on this.

Most importantly, I don't-- I believe that the sign isn't the solution, whether it be in Spanish or English. I believe that we have a jump here with-- Jill is working with Ed and my office on a joint project to get beach warden volunteers down there because we are getting 700, 800 pounds, pounds of garbage on the beaches on Monday morning. Seven hundred or eight hundred pounds.

And I don't think the sign is the solution. I think the beach warden authority figure down there might be and I won't-- I said what I had to say the first time. I would have liked to have tried the symbols.

I vote no. There is a reversal here of town policy because of George's position which is his right to take. And we'll go on. So I vote no."

Barbara Grattan: "The resolution is adopted."

Councilman Bartunek: "Barbara, could I just take a minute to explain my position on this?"

Supervisor Cardinale: "Sure."

Councilman Bartunek: "Actually I do agree 100% with Ed and Ed's principles and that's why I voted the way I did the first time. However, when you have personnel from the Police Department as well as the Sanitation Department coming to you and they're almost pleading to try to educate or inform the people who are abusing the beaches and the initial vote that I placed back in May was because I was hoping that Ed was right. That we wouldn't have the type of disrespect for the beaches that we are seeing.

And I do agree with Phil, is that this is probably only a partial solution, if that, to the problem. But for the amount of money that's going to be expended here which is about \$10.00 a sign,

7/20/2004minutes

so it's going to cost about \$240.00 for the signs plus the cost for putting them up, I think it's certainly worthwhile at least attempting this. If it doesn't work, then I told Ed earlier I'd gladly support another resolution next year that would prohibit using signs in Spanish. Thank you."

Supervisor Cardinale: "Thank you. Okay. We are moving on to the next one."

Resolution #665

Councilwoman Blass: "This resolution rescinds Resolution #435. So moved."

Councilman Bartunek: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski."

Councilman Densieski: "The amusing thing about this resolution is they actually put my name on it to second it."

Councilman Bartunek: "We keep trying."

Councilman Densieski: "You can't make this stuff up, you really can't. Resolution 435 was well thought out, well drafted, and I will tell you this right now, well received by the community.

This has been the number one issue that constituents have called my office. I've been here five years. Bigger than airports. Bigger than racetracks. Bigger than Reeves Park commercial development. This has had more people call my office, write me letters, stop me in the street than any other issue.

The people have made it crystal clear. They don't want foreign language signs in this town and this is an insult to rescind this policy. No."

The Vote (Cont'd.): "Cardinale."

Supervisor Cardinale: "I vote no."

Barbara Grattan: "Okay, the resolution is adopted."

Resolution #666

7/20/2004minutes

Councilman Densieski: "Town of Riverhead Pulaski Street water tank repainting project budget adjustment. So moved."

Councilman Bartunek: "And seconded."

Supervisor Cardinale: "You know, I wanted to make a comment on this and more importantly, I'm wondering if we should not table this. This is that infamous engineering expense of \$26,000 on the tank repaint. And I still have not gotten what I had asked for which was a recitation of exactly what the \$26,000 is paying for. Did you? Maybe you saw it."

Councilman Densieski: "Phil?"

Supervisor Cardinale: "Yeah."

Councilman Densieski: "Considering this is Resolution 666, I'd be happy to move to table for you."

Supervisor Cardinale: "Yeah. Maybe we should table- just let me verify that I've got an explanation. Because this is the one where the repaint was a great deal because we got- rebuilt instead of repainted. But they charged us 26 in additional engineering fees. So why don't we table and- "

Councilman Densieski: "Gary, table it?"

Supervisor Cardinale: "Table it to talk."

Councilman Densieski: "Table 666. So moved."

Councilman Bartunek: "I second it."

Supervisor Cardinale: "Moved and seconded to table it for further discussion."

Barbara Grattan: "Excuse me. (Inaudible)."

The Vote: "Bartunek."

Councilman Bartunek: "Baiting Hollow Farms water extension-- "

Supervisor Cardinale: "No, we've got to vote on this."

Councilman Bartunek: "Oh, Yes, to table."

7/20/2004minutes

Supervisor Cardinale: "Moving right along."

The Vote (Cont'd.): "Sanders."

Councilwoman Sanders: "Did somebody move to table it?"

Supervisor Cardinale: "Yes, move to table. That's what we're voting on."

Councilwoman Sanders: "Yes."

The Vote (Cont'd.): "Blass, yes; Densieski, yes; Cardinale, yes. The resolution is tabled."

Resolution #667

Councilman Bartunek: "Baiting Hollow Farms water extension #78 budget adjustment. So moved."

Councilman Densieski: "Second the motion."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #668

Councilwoman Sanders: "Calverton Manor Extension 76 water extension budget adjustment. So moved."

Councilman Densieski: "Second the motion."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Resolution #669

Councilman Densieski: "Adopts a local law to amend Chapter 14 entitled Community Preservation of the Riverhead Town Code. So moved."

Councilwoman Blass: "And seconded."

7/20/2004minutes

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski."

Councilman Densieski: "I just want to point out that the-- and I believe that I'm talking on the right resolution, that this actually creates the Open Space Committee."

Councilwoman Blass: "Yes, it does."

Supervisor Cardinale: "That's correct."

Councilman Densieski: "Okay. On behalf of the Ag Advisory Committee, I'd just like to point out that they're opposed to separate committees. They feel that it may create competition for the same pot of money creating farmland and open space so they have concern about that. And I just want to state that on the record.

I will vote yes for the rest of it."

The Vote (Cont'd.): "Cardinale."

Supervisor Cardinale: "Yeah, I'm going to vote yes. I appreciate the concern. We have talked it through and the hope is that it won't create competition but what it will do is allow each group to lobby with the respective state and federal authorities for more funds for agricultural-- for development right purchase and open space purchases. I vote yes."

Barbara Grattan: "The resolution is adopted."

Resolution #670

Barbara Grattan: "Now Resolution 670 is appoints part time deputy town- "

Supervisor Cardinale: "Yeah. We wanted to reverse- take 671 and then 670, 673 and then 672."

Barbara Grattan: "Okay. Wait a minute, I've already changed mine. What have you got for 670?"

Supervisor Cardinale: "Six- oh, you've changed the numbers?"

7/20/2004minutes

Barbara Grattan: "Right. What have you got for 670?"

Supervisor Cardinale: "The first resolution which should be considered is the appointing of a part- 671, part time deputy town engineer."

Barbara Grattan: "Okay, got it."

Supervisor Cardinale: "Second, legislative assistant."

Barbara Grattan: "Councilman Densieski for 670."

Councilman Densieski: "Appoints a part time deputy town engineer. So moved."

Councilwoman Sanders: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, no, Blass, yes; Densieski."

Councilman Densieski: "This gentleman is an appointee of the Supervisor and I guess I could probably vote no to put him in another position, but I have to say that I feel that he saved this town a lot of money. I think the job that he does is a good job and despite the fact that Phil picked him out, I'm still going to vote yes."

Supervisor Cardinale: "Thank you."

The Vote (Cont'd.): "Cardinale."

Supervisor Cardinale: "I respect the opinions of all members of the Board and I appreciate the support on this. Dave is a-- I'm going to vote yes, of course. Dave has worked on special projects to the benefit of the town and I hope this position will allow him to focus and concentrate on these special projects, like the county court project and grants and Cablevision and town hall and county-- town hall and court expansion projects, budget reduction, engineering expense reduction.

So I think he'll be able to focus in the part time capacity and I appreciate the support of the members of the Board. So I vote yes."

Barbara Grattan: "That resolution is adopted."

Resolution #671

7/20/2004minutes

Barbara Grattan: "Resolution #671 is appoints legislative assistant to the Supervisor. Councilman Bartunek. We're changing the numbers."

Councilman Bartunek: "Appoints legislative assistant to the Supervisor. So moved."

Councilwoman Blass: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, no; Blass, no; Densieski."

Councilman Densieski: "I think any Supervisor of any political party has a right to pick the staff in his office. I'm not going to give-- actually, I will give my opinion.

I know John as a reporter from a couple local papers. I found him to be fair. I don't know his work ethic. We'll soon learn. I found him to be a decent human being and a fair person.

But even if I didn't, I would probably still support it because I think the Supervisor has to have the people surrounding him to make his office flow and to make it work for him.

So regardless of the salary, regardless on if I think the position is needed or if the person is good, the Supervisor has requested this for his inner office and I feel that the Board really should support the Supervisor's choice for his inner office.

I'm going to vote yes."

The Vote (Cont'd.): "Cardinale."

Supervisor Cardinale: "I vote yes and, again, I respect the position and appreciate the support."

Barbara Grattan: "The resolution is adopted."

Resolution #672

Barbara Grattan: "Now 672 is resetting terms and conditions of employment for David Cullen."

Councilman Bartunek: "For John Stefan."

7/20/2004minutes

Barbara Grattan: "Excuse me?"

Councilman Bartunek: "John Stefan."

Barbara Grattan: "We've got 672. We'll go in that order."

Councilman Bartunek: "Oh, I see."

Barbara Grattan: "Dave, and then we're going to go to- "

Supervisor Cardinale: "We're doing what was initially Dave. We're resetting the terms for Dave."

Barbara Grattan: "Yeah."

Councilman Bartunek: "That would be 672."

Barbara Grattan: "Correct."

Councilwoman Blass: "672 is resetting terms and conditions of employed for David Cullen, Deputy Town Engineer for Special Projects. So moved."

Councilwoman Sanders: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, no; Blass, abstain; Densieski."

Councilman Densieski: "Yeah. I truly believe that Dave has already more than saved his salary. I'm absolutely convinced of that. And he's one of the few people around here who gets things done from A to Z. The rest of us get from A to P, A to Q. I think one of us pointed out, A to B sometimes. I think he actually starts a job and kind of finishes it. And I honestly believe that he is saving the taxpayers hard earned dollars. So I'm going to vote yes."

The Vote (Cont'd.): "Cardinale, yes. The resolution is adopted."

Resolution #673

Councilman Bartunek: "Setting terms and conditions of employment for John Stefans, Legislative Assistant to the Town Supervisor. So moved."

7/20/2004minutes

Councilwoman Sanders: "And seconded."

Supervisor Cardinale: "Moved and seconded. Vote, please."

The Vote: "Bartunek, yes; Sanders, no; Blass, abstain; Densieski."

Councilman Densieski: "I must point out once again that this position is inside the Supervisor's office, the salary I don't find to be absolutely objectionable, and I think the Supervisor has to have some leeway. The people that go in the Supervisor's Office usually aren't there for too many years. It's kind of a insecure position sometimes. They have the life expectancy of a flash cube.

So, they're entitled to a fair living also and they are inside the Supervisor's office so I will support it. Yes."

The Vote (Cont'd.): "Cardinale."

Supervisor Cardinale: "Yes. Thank you."

Barbara Grattan: "The resolution is adopted."

Resolution #675

Barbara Grattan: "674 we did. 675 is bills."

Supervisor Cardinale: "And we have a- we want to do the bills and then add one. So- "

Councilwoman Blass: "Motion to pay bills."

Councilman Bartunek: "Do we have this one?"

Barbara Grattan: "Blass."

Supervisor Cardinale: "Motion to pay the bills."

Councilman Densieski: "So moved."

Supervisor Cardinale: "That's 675. Moved and can we have a second to pay the bills?"

Councilman Bartunek: "I second that."

7/20/2004minutes

Supervisor Cardinale: "Moved and seconded. Can we have a vote on paying the bills?"

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The bills are paid."

Resolution #676

Supervisor Cardinale: "We have an add on which we'll call 676 which is classifying an action and special permit of Eugene Cook and referring it to the Planning Board. This was late because Planning had thought it was delivered earlier and just delivered it before the meeting. If we can have someone- and it was shown to the public for comment. Anybody- someone move it, someone second it."

Councilman Densieski: "I'd be happy to move Resolution #674- "

Supervisor Cardinale: "Six."

Councilman Bartunek: "676. And I'll second it."

Supervisor Cardinale: "Moved and seconded. Can we have a vote, please?"

The Vote: "Bartunek, yes; Sanders, yes; Blass, yes; Densieski, yes; Cardinale, yes. The resolution is adopted."

Supervisor Cardinale: "Okay. We now have completed the resolutions and we'd like to take comment on anything that anyone would like to comment about."

Timmy, why don't you come on up? Mr. Meyer, after-- if you'll just step up. I know you've been waiting."

Unidentified - from the audience "There's a list, you know."

Supervisor Cardinale: "I didn't know that. Nobody's given it to me."

Barbara Grattan: "Nobody brought the list."

Supervisor Cardinale: "Can I have that, please? Thank you. Because we did that last time, too. I didn't get the list until the end. We got it."

Tim Yousik: "Would you prefer I wait? I'd be glad to. No problem."

7/20/2004minutes

Supervisor Cardinale: "Tim, go ahead. Talk to me."

Councilman Densieski: "You're already up."

Supervisor Cardinale: "All right. Sorry, I didn't even know there was a list. Okay. My goodness. But I hope a lot of people have left and I think they have. Because we had- Bernadette, I know she left. Bernadette Voras, number one. Sandra Lee Mott. Okay."

Sandra Mott: "Yeah, yeah, five minute rule like Bernadette had. Bernadette didn't have five minutes."

Supervisor Cardinale: "Bernadette, are you still here? God bless you. You stayed."

Sandra Mott: "Bernadette, you want to go? I was Girl Scout, first come, first served. Thank you very much."

The long and the short of it is that I'm here to talk about the animal sanctuary which you were kind enough to discuss the other week at the work session. To make a long story short, I have petitions. Ed talked about petitions. I have petitions.

These petitions were left at three public locations throughout the town of Riverhead and there are going to be more petitions. This is only a few to this date.

The petition reads: Petition for: One - one no kill animal sanctuary. Two, new location, water district property on Osborne Avenue, all inclusive cats and dogs. The undersigned residents of the town of Riverhead support the above petition statement. They were not pushed, coerced, harangued into this. These things were left through- at three different locations, four different locations, I beg your pardon, and brought around by several people.

Currently in one month we have a total of, let me just get my notes correct, 199- 199 residents voters in the town of Riverhead. Sure, you can see that. There we go. We have another- it's for the animals (inaudible). Thank you."

Councilman Densieski: "Even 200. Even 200."

Sandra Mott: "Thank you."

Supervisor Cardinale: "Sandy, what does this say- the

7/20/2004minutes  
petition?"

Sandra Mott: "I just read it."

Supervisor Cardinale: "Could you tell- a no kill policy."

Unidentified - from the audience): "An animal sanctuary. If I'm not mistaken the Riverhead pound kills, they do kill them."

Sandra Mott: "I'll be giving those stats in a second."

(Unidentified - from the audience): "I also tried to- I work with (inaudible)."

Supervisor Cardinale: "I understand. Yes. Okay."

Sandra Mott: "It's nothing new. It's nothing you haven't heard differently in 11 years."

Supervisor Cardinale: "Right."

Sandra Mott: "It's just in black and white from 200 people plus, and we will be getting more. And I don't believe in petitions. I was stunned. These things were just left at delis, at a post office, at a church, at several businesses. I'm really thrilled because you know, 47 votes is only what brought everybody into office."

Supervisor Cardinale: "Yeah."

Sandra Mott: "You know what I'm saying?"

Supervisor Cardinale: "Forty-nine actually."

Sandra Mott: "Forty-nine. Okay. We won't bicker. And I will tell you some people- okay, some people from out of town were kind enough to sign these in the public places. I was not there watching them. So you will see a Northport, you will see a Center Moriches here and there. But the majority- I'll bring that up in a second."

But as to killing, I got the copy of the Riverhead animal control staff's January, 2004 to June, 2004 that was submitted in this month's- or this evening's presentation in your outline. I did a little number, adding and subtracting. Total number of dogs taken into facility, 218. Total number of dogs redeemed by owner, 93.

7/20/2004minutes

Total number of dogs adopted by new owners, 81. Now that's the magic number I want you to keep in mind. Total number of dogs euthanased, 28. Total number of dogs killed by vehicles, 15. Total number of dogs escaped from facility, 1. That's 218.

Now let's do some subtraction. You don't have to take care of dogs that were killed by vehicles. So 218 minus 15 is 203. Returned to their owners, that's 93; that brings it down to 110. Twenty-eight that were killed, that brings it down to 82. Now in six months, you're only dealing with 14 dogs per month.

Do you know what you should do? Lock that place up and contract it out with a vet. That is not exactly cost effective and I would be the last one to say lock it up but lock it up. Because the most- the majority is killing them it seems to me, a very large majority. That's outrageous.

Euthanasia breakdown. Dogs surrendered by owner for euthanasia, 18. Dogs unadoptable, whatever that means, animal aggressive high risk, eight. Dogs medical euthanasia, two. You know what that means. Those statistics stink. You don't need a facility. You need to contract on a per dog basis with a vet and get rid of the facility, get rid of the maintenance, get rid of the staff except for one animal control and maybe a part time person, and start working with the organizations for the connecting back to their families which is a very nice 93 number.

But, you know, this is six months. Okay. So I'll bring these up in a second, too. You probably have it in your thing and I'll bring you the petitions in a minute. But that's the second thing I wanted to discuss.

The third thing I wanted to discuss was the fact that Animal Control as Phil knows and Jill knows and Ed knows had the nerve- had the nerve on July 7<sup>th</sup> to send two ladies to my parents' home, my parents' private home, knock on our door and ask me what I was going to do to help them find a home for their two 10 year old boy cats. The mother had died, the owner had died, and these two women were allergic, couldn't afford, excuse me, sent by Animal Control.

They didn't just show up because they saw me on TV. Animal Control workers, I don't know who, sent them to my parents' home. Excuse me. That's a disgrace. We try- and you know what I did besides after going into shock, who sent you where? I said to them I can't help you. And I think that was- if it was done to be nice for them to say I had some knowledge, that's great. But I don't think

7/20/2004minutes

that was the reason they sent me.

Now I get to worry about Mittens and Smokey were their names- are their names. I don't know what happened to them. Do they have a nerve to come to my house? It's like the 25 rabbits that were dumped in Calverton that some poor man who happened to know about rabbits and had hutches took care of them because Animal Control took them out."

Supervisor Cardinale: "You don't have the names of the Animal Control officers?"

Sandra Mott: "I have no idea."

Supervisor Cardinale: "You don't know?"

Sandra Mott: "That can be checked on the records. It was July 7<sup>th</sup>, Wednesday. Now I don't know, the ladies came that evening after I spent five hours on personal business."

Supervisor Cardinale: "Do you have their names?"

Sandra Mott: "I have them but I don't- I'm not going to do to them what was done to us."

Supervisor Cardinale: "Well, I mean, if you would like me to check to see- I asked Mr. Cornasi (phonetic) about this at the request of Jill. He denied that they had sent- that Animal- that he had sent them. So I want to find out if someone else there did because it's silly to think- "

Sandra Mott: "Ask them. Is that outrageous?"

Supervisor Cardinale: "-- to send people with cats to other people's door."

Sandra Mott: "Well, not only- at least they knocked on the door. That's more than they did in the past. They opened the door and threw them out on our front lawn."

Supervisor Cardinale: "On the other hand, you dropped a cat off at my door."

Sandra Mott: "I did not drop, no, I did not drop that cat. I called your house- "

Supervisor Cardinale: "I know you didn't. I know."

7/20/2004minutes

Sandra Mott: "-- and you were the one who opened it to the public. As far as I was concerned, that was a private relationship between Susan, you and me- "

Supervisor Cardinale: "And the cat?"

Sandra Mott: "-- and how is he?"

Supervisor Cardinale: "He's wonderful, unfortunately. He's eating me out of house and home."

Sandra Mott: "Well, good. And I told you how to save on the spay and neutering as well. I sent all that information."

Supervisor Cardinale: "That's an interesting story. I will tell you. We got him spayed."

Sandra Mott: "Oh, you did?"

Supervisor Cardinale: "But they told us after he was spayed that he was all- they couldn't figure it out that he was already spayed but there was no scar. It's a miracle or something. So we did get him spayed but it was an unnecessary act."

Sandra Mott: "So he is a boy. Well, hallelujah. Spay and neuter should be free in the town of Riverhead. That's good. So then he's becoming more agreeable."

Supervisor Cardinale: "Yes, he is. He's a happy cat. He eats well."

Sandra Mott: "That's right, exactly. Nicks in the ear. But he has a nick in another part and he's a happy boy nonetheless?"

Supervisor Cardinale: "Yeah."

Sandra Mott: "Good. Speaking of nicks- "

(Inaudible - from the audience)

Supervisor Cardinale: "We have a great kitten, too. Yes."

Sandra Mott: "Well, I have- "

(Unidentified - from the audience)

7/20/2004minutes

Supervisor Cardinale: "No. Thank you. Two is quite enough."

Sandra Mott: "You're on my time and I thank you for saying but let me get through these other things and then you can come up and the more people that say this, the better."

My other concern is for three six year old cats. There are letters to the editor that was written by a neighbor who's being evicted on August 3<sup>rd</sup> because she was kind enough when she was working to take them into her home. The three six year olds, one is a three-legged long hair; one is a complete black, one who puts his arms around you and hugs you; and one is a pale calico. They're in need of homes. My neighbor is being evicted because she had a good enough heart to bring these cats into her home and that was part of the rationale. I have a copy of her letter to the Traveler Watchman which I'll give to all of you.

I'm personalizing this all now because, you know, it is real personal. Close the pound, save the money, contract out with a vet and you get rid of the whole kit and kaboodle, pardon the pun. You know what I'm saying? You do not need that facility to be killing people's animals."

(Inaudible comment from the audience)

Sandra Mott: "We should have free spay and neutering, okay? That's what we should be working on. And as to the cattery that I was hopeful for, based on all the political promises, so on and so forth. I did some backtrack record keeping as to this skate park which we keep discussing- I keep discussing."

On March 16, 2000, allegedly 700 signatures were collected by the children, they don't pay taxes. Their parents might but the next article I read, it's a thousand. When I was here it was 450, I think, in person. Now you know when this was submitted? March 16, 2000. You know when this thing was bonded? January 4<sup>th</sup> of 2001. That has got to be one of the quickest processes without a public hearing.

Kozakiewicz was running the show then. He said that there was no need for a, let me quote, the skate park has been pretty well- the bond authorization for the skate park was unanimous and Board members also agreed that no public hearing was needed for this project. Quote. The skate park has been pretty well publicized, unquote, Supervisor Bob Kozakiewicz said. In addition (inaudible) said the

7/20/2004minutes

bond will be repaid using recreation fees collected from developers of the subdivision process rather than property taxes.

Well, that's fine. That's fine. But I have never seen anything go that quickly in this town for the marina thing. Okay? Now I'm going to wrap this up, time is passing.

And as to the thirty grand that we spent on that architect or whatever else we've spent for the facility that never happened at Calverton. Who ever approved that kind of money? That's grand theft, I would think. And here we have a little model of a sheet of paper dividing up a room for the cattery up by the pound. Close the pound. That's my new mantra. Close the pound and contract with a vet. Or some organization that can take it over. (Inaudible) Ark helps with pets. (Inaudible) Ark led by angels. People took it into their own home.

You want a modular home for a cattery? I was in Florida, you know, granted it was from Ocala where they got their modulars. You know what a brand new modular home is, a two bedroom one set up with patio? Sixty grand. I'm sure you can cut a deal with one that's being built in Pennsylvania. I think that's where Glenwood comes from for the most part.

Let's say, you have options and I want to spell them out for the hundredth time. I've written thank you notes galore. When I went through this, I couldn't believe how much I had been involved. It's raining cats and dogs. That's right. They threw them out on my front lawn. These ladies at least were benevolent enough to knock on the door.

And then we got the snotty comment from Ricky Mullen (phonetic) up there about North Fork Animal Welfare League and how they get all the money. They get all the money and how lucky they are and how they were picking on the poor Riverhead Animal Shelter people. Well, you know what? I'm going to pick on everybody. They have no right to be at my house. They have no right to be bringing innocent animals into my mind to think about and there's not that many people like you and your wife and your family to take into little innocents. And to know that- is it still Tiger Woods?"

Supervisor Cardinale: "Yes."

Sandra Mott: "If Tiger Woods is doing well, that makes me very happy. Mr. Tria told me a story about his little pet. People tell me a lot of stories and they're not all happy ones. I want a happy

7/20/2004minutes

one. I want this thing built and I want it built now and I don't want to be waiting because guess what? There's no reason to wait. We can build it, we can fund it, we can put it up and then have people actually see what they want to put their money into, not like that poor theater, you put the money in and they never get anything.

Let's put it up on Osborne and then we can do the fund raising and I can guarantee you not only this lady but these 200 other people will be there. I have had people say, when are you going to do this, dear? I want to volunteer. I'm only a homemaker. I'm only a homemaker. I have my children. But I want to help. I've had a lot of people say- no one has ever said no.

And if you all say no, you're going to not only break my heart which doesn't matter to anybody. You're going to break the heart of a lot of other people who are doing more than their fair share, and my poor friends who are being evicted because they had a bigger heart than a home like that lady with the 23. And there's no need for it. It's over five minutes. But, you know what? This is 11 years.

And you know it's right. I hear what you say to me. This is not something that's going to be outrageous. We can support this. We can fund this. This is not a question that- and no kill is the phraseology I use but I've (inaudible) with Mr. Lull and with Ed. Of course, there's never going to be a fully no kill. There will be circumstances but limited euthanasia.

Why are we worrying about how we're going to kill them. You know you have a freezer up there? You know what they do with the dogs that they kill? They put them in the freezer and then they wait and the cremation man comes and he gives them by a pound weight. They're like hamburger and then they're cremated. Do I want to know this? I didn't want to know this. But there.

I'll give you the petitions. There are a few that I had to keep back because I didn't make copies for myself but they will be coming in and I ask the public to call you. I ask the people to write you because they're as important as any skate park or anything else in this town, because they're living and they're breathing and nobody deserves to be dead just because they were- happened to be born- not spayed.

And I'm glad to hear that the baby is doing so good."

Supervisor Cardinale: "Thank you. If you can give them to Barbara, the Clerk, she'll file them."

7/20/2004minutes

Sandra Mott: "I thank you all very much. You've been very gracious over the years."

Supervisor Cardinale: "Thank you."

Sandra Mott: "But, you know, I'm- 11 years is a long time and I know, Phil, that things take time. But you must admit, Phil, this is too much time. We can do this and it can be done and then everybody can stand around and take their political pictures and say look what I've done. And, you know what? Everyone will pray for you."

Supervisor Cardinale: "I could use the prayers. Thank you."

Sandra Mott: "Well, me, too. Thank you."

Supervisor Cardinale: "The- Mary Segal- Meyer Segal."

Meyer Segal: "I forgot why I'm here to be honest with you."

Supervisor Cardinale: "I can't pronounce your name either. You're definitely not Mary Segal."

Meyer Segal: "This is a letter that Warren McKnight sent. This is troubling me. I know what you're going to say, but I'm going to say it anyway. Every time I go to the post office, speak to the postmaster and say something about the handicap accessibility, I get this I don't know what you're talking about. I don't want to hear it.

His excuse is the building was put up before handicapped came about. So I was hoping that maybe the Town Board could go over this gentleman's head and contact somebody in the post office, higher up, and see what happens.

Plus I made a remark that the water drains from the building into the street. He say I don't know what you're talking about. So I'd like maybe the Town Board to look into it."

Councilman Densieski: "Meyer?"

Meyer Segal: "Yes."

Councilman Densieski: "Yeah, just so you know. The post office- postmaster from Riverhead was very helpful and he did make an appointment and go with me to Hauppauge to see the big, big boss.

7/20/2004minutes

And he basically said, no, we're not going to do it. We had a rally out front, you know, we tried to put some pressure from the media on him and basically their answer in Hauppauge was, no, we're not going to do it."

Meyer Segal: "Do what?"

Councilman Densieski: "Put a handicapped ramp in."

Meyer Segal: "Well, isn't it a law? I don't- I'm not- "

Councilman Densieski: "No, it's not. They are pre-existing but it seems awful foolish to me that the United States Postal Service wouldn't be handicapped accessible in 2004."

Meyer Segal: "So what you're telling me is it's a waste- waste my breath."

Councilman Densieski: "No. I applaud you for being on the same page as everyone else in the community but they were not very receptive when I tried. I'll put it to you that way."

Meyer Segal: "I didn't know you had a rally otherwise I'd have been the first one there."

And the other excuse he gives me. I says, well, what happens God forbid I'm handicapped or my wife can't get up the steps? He says, give me a half hour notice and maybe we'll bring the mail down to you. That's baloney.

All right. At least you tried. I appreciate it. Thank you very much."

Supervisor Cardinale: "Sorry you had to wait so long and I appreciate your point. Isn't there supposed to be a new post office in this community at some point before I die?"

Councilman Densieski: "The one on West Main Street. And I hope that one, I expect that one is going to be handicapped- absolutely."

Meyer Segal: "We've been hearing that for four or five years. That's a cop out."

Supervisor Cardinale: "You think? Yeah, I don't see much progress, I agree with you. Hope springs eternal recently, but keep

7/20/2004minutes

your fingers crossed (inaudible)."

Meyer Segal: "I will. Thank you very much again."

Supervisor Cardinale: "Thank you. Let's see. Bernadette is still here?"

Bernadette Voras: "Yes, but a totally different topic. Bernadette Voras, Reeves Park."

Supervisor Cardinale: "If you get closer, you can get to comment. You want to go home? Maybe see your bar, how's it doing? You sure? All right."

Bernadette Voras: "This is a short one. A couple things. One. Iron Pier Beach in the off season, it's a prostitute haven. I've been there several times walking and I think that this has to be looked at a little bit more. They come and go in their cars, make appointments, and- "

Supervisor Cardinale: "Really?"

Bernadette Voras: "-- I- "

Supervisor Cardinale: "The Police Chief is right here."

Bernadette Voras: "Yes."

Supervisor Cardinale: "Dave, Dave, would you- "

Bernadette Voras: "I'll give him details."

Supervisor Cardinale: "Would you? Please."

Bernadette Voras: "That's the first thing. The second thing is speed limits. In looking at the town code, I can see that Roanoke Avenue is supposed to be 40 miles an hour. That's the sign I remember seeing in 1980 when I moved here. The only sign that is on there now is the 30 mile an hour close to town and then as you get up past the cement place, it says end of the 30 mile an hour zone.

Well, I just took the AARP course, you know, for the reduction, and so this is really getting to me. I've been driven off the road because I'm doing 40. Beeped at, honked at. And I'm getting tired of it. I would like to request that maybe we could have some signs that says it's 40 even if they do 60. At least the sign is there.

7/20/2004minutes

There- it seems to be a speedway. And that's not the only place, but that is one of them. And according to the map on the master plan, it is supposed to be 40 and Osborne is 45 and there's a few others. The only place in the town that has a 50 or a 55 are little teeny spots along Route 25A- Route 25. So that's something that I'd like to have looked at."

Supervisor Cardinale: "If you would on the locations that you want."

Councilman Densieski: "I have the (inaudible)."

Supervisor Cardinale: "You have them? The locations that you mentioned."

Bernadette Voras: "I'd be glad to make a list."

Supervisor Cardinale: "George has been working on, maybe he can give you an answer."

Bernadette Voras: "Oh, wonderful."

Councilman Bartunek: "The speed limit, believe it or not, if it's not posted automatically goes to 55 miles an hour."

Bernadette Voras: "Yes, I know that."

Councilman Bartunek: "And didn't we agree we're going to petition to the state to reduce the speed limit to- we are waiting to hear from the Department of Transportation."

Supervisor Cardinale: "That's on what street?"

Councilman Bartunek: "North Roanoke, north Osborne."

Supervisor Cardinale: "Roanoke, north of Main?"

Councilman Bartunek: "Northern part of Osborne and northern part of Roanoke."

Supervisor Cardinale: "Okay."

Bernadette Voras: "Just beyond the- next to the beginning of- I guess it would be Anderson's farm property there."

Councilman Bartunek: "Right."

7/20/2004minutes

Bernadette Voras: "The other thing is- oh, I just forgot it. Okay. There are a couple of things, but, oh, all right. In Reeves Park we have a home for the handicapped that on 8 Bells and Overbrook. And the folks who take the people from the home to their different appointments have a habit of coming down Overbrook, my street, at quite a speed. And I've been collecting license plates. I'm going to leave a very kindly note first to see if they will change their behavior, the folks who are running the place. That's who I'm going to write to.

But I would like to have a sign on either end of Overbrook. We have now three children who are below three years of age. I am worried. I am concerned. Now I used to-- when I first moved there, I used to stand out in the street. I was known for it. I don't feel like doing it anymore because I think they'll hit me.

So I don't know who to go to but I would like to ask the Board if you would consider a nice big sign that has, you know, the children at heart, to slow down and do 20 miles an hour because I would think that's the kind of road, you know, that you would do 20 on but evidently it's too logical."

Unidentified - from the audience: "Actually 20 on these streets is too much also. I happen to be two streets over from her and I actually today went 20 and decided it was way too fast to be going on a street that has so many children. My street we all have grandchildren and they're all under six and there must be 15 or 20 of them."

Supervisor Cardinale: "There's a highway safety committee upon which the police chief, the highway department superintendent, Ed as liaison for the Town Board, I believe, and maybe the town engineer assist, and if you will give me to my office a letter, I'll get it to them. They will then- they consider all sign requests and they consider all reduction of speed limit or stop sign requests."

Bernadette Voras: "Thank you."

Councilman Densieski: "I think that's George."

Supervisor Cardinale: "Maybe it's George."

Councilman Bartunek: "I think it's Ed."

Supervisor Cardinale: "One of them is on it."

7/20/2004minutes

Bernadette Voras: "Okay. Great. And the one last thing- "

Supervisor Cardinale: "Yes?"

Bernadette Voras: "-- on Park Road, there's only one sign that says 30 miles an hour and then there's one more up a little further. I would like to request that those signs be tripled in size."

Supervisor Cardinale: "Okay. Could you- now some of these may or may not be possible incidentally because we can't triple signs- "

Bernadette Voras: "Well, bigger."

Supervisor Cardinale: "-- it's state law. But could you put them in a list and just get it to me?"

Bernadette Voras: "Yes."

Supervisor Cardinale: "Because otherwise it will be yeah, right, and you'll never see anything. If you get a list, I'll get it to the police chief."

Bernadette Voras: "I'll make the list."

Supervisor Cardinale: "You'll actually get a letter back saying yes, yes, we can't do this because- yes, yes, we can't do this because."

Bernadette Voras: "Okay. I love closure."

Supervisor Cardinale: "Yes."

Unidentified - from the audience: "Could we get policemen sometimes on Park Road?"

Supervisor Cardinale: "Policemen?"

Unidentified - from the audience: "You know, a police car or whatever."

Supervisor Cardinale: "Every time I ask for a policeman or Timmy over there asks for a policeman on Main Street, or I ask for a policeman in Wading River, he says yes, all you have to do is hire a few more. So, we'll try."

Unidentified - from the audience: "Well, I see them all over but never going to the beach."

7/20/2004minutes

Bernadette Voras: "Well- "

Unidentified - from the audience: "Everyone in Riverhead (inaudible)."

Supervisor Cardinale: "Okay. We'll try but as they're saying, I need you to get up if you want to comment because you need to be on the recorded device. Thank you very much, Bernadette."

Bernadette Voras: "Thank you."

Supervisor Cardinale: "Okay. Moving right along here. Linda Gatz, do you have something you'd like to say?"

Linda Gatz: "This meeting has been quite interesting."

Supervisor Cardinale: "Oh, yeah."

Linda Gatz: "I found things out I never knew. And it's another marathon meeting. That's the ones I usually end up at somehow."

Supervisor Cardinale: "How long have you been in the town? This is- "

Linda Gatz: "How long have I been in the town?"

Supervisor Cardinale: "And you've learned something new at this meeting, this is good."

Linda Gatz: "I did learn something new."

Supervisor Cardinale: "Yeah."

Linda Gatz: "I'm here as probably some of you know, because Zdunko Lane is back with a question. It's come to my attention from my friends at the county center, that Mr. Terry has purchased one of the residential lots on our road. And it was suggested to me by, again, people that I used to work with, that he probably has purchased this to make it additional parking.

We are a private right of way and if this is going to come down the road to be a parking lot, we have a lot of questions and a lot of problems."

Supervisor Cardinale: "Right. I'm aware of the issue."

7/20/2004minutes

Linda Gatz: "Okay."

Supervisor Cardinale: "I have asked Rick Hanley who conveniently is out of the room now- "

Linda Gatz: "Yes. He was- he wasn't coming tonight until we were here this afternoon- "

Supervisor Cardinale: "Yeah, as soon as you got up, he left. I have him- I have asked him to give me a report because there are a lot of irregularities there. I've also spoken to the Fire Marshal about violations at the site so we're aware of the problem.

We've also entertained two gentlemen, one of whom I think is the father of one of the police officers who is not very happy from the Zdunko Lane neighborhood."

Linda Gatz: "Yes."

Supervisor Cardinale: "So we've heard it loud and clear. I can't give you a specific- if you give me a call or Jill a call tomorrow, she can give you a complete status of where we are."

Linda Gatz: "Okay. I was made aware today when I did come to the town hall that that particular lot and one other residential lot right across Zdunko from it were evidently ever since January, '59 when the zoning went in, zoned commercial. They have always been residential.

Mr. Zdunko lived in the one house himself, then sold it to Marvin Warner and now it belongs to Charles Bailey. Our problem being if this is allowed to become a parking lot which there are legalities he has to go through, that I understand. We've got single and separate right now. It cannot be done. It has to merge."

Supervisor Cardinale: "And then I think they can only go 30 feet in unless it's already commercial."

Linda Gatz: "Well, it's commercial, that whole lot is commercial at the moment. Now, see, you said that you might even vote to change the commercial on the north side of Sound Avenue. Maybe we could get our residential ones changed to residential on the south side. But, that's, you know, down the road.

I don't know why Mr. Zdunko did that. I mean on his original

7/20/2004minutes

things. I believe before he divided it into lots, he had that front part commercial for whatever reason. And like I say, zoning, I believe went in January of '59 and evidently it's been that way ever since but then when he made it into lots, those two lots became residential.

The right of way goes with the residential lots. However, I don't feel that the right of way should go with a commercial parking lot. It should have to come off of his own property. And it's right on an "S" turn. It's very dangerous even as it is without us having "X" number of people in there every time.

They never did have enough parking in that area. As she said earlier, this wasn't your regime. This was done, finished. I talked to you way back, when we were fighting it way back before and you weren't even involved with the town. You might- it was before you came on the town board."

Supervisor Cardinale: "It was prior to '98 then."

Linda Gatz: "And, you know, it's been a problem. I mean he's- I don't know what fascination he has with our little road. Obviously he's got some and the problem being (inaudible) and something needs to be done."

Supervisor Cardinale: "We're aware of the problem and I will keep- if you speak with Jill, she'll keep you up to date."

Linda Gatz: "Okay."

Supervisor Cardinale: "The deputy supervisor."

Linda Gatz: "Okay, thank you."

Supervisor Cardinale: "Okay, the next one is- well, moving down this list, Paul Smith. Is that Paul? How are you?"

Paul Smith: "Not that good."

Supervisor Cardinale: "Apparently. Just sitting too long."

Paul Smith: "Just sitting too long. But speaking about signs though, I gave your deputy supervisor a sign that we had from that last administration on Sound Avenue is a crest, just west of Zdunko Lane and we can't come out of that road in the morning doing 60 miles an hour and we have- I gave it to your deputy supervisor the sign

7/20/2004minutes

that Mr. Kwansa said would put up last administration."

Supervisor Cardinale: "Sign? Okay. It didn't do any good?"

Paul Smith: "We just- in other words from a dead stop, we can't be doing 60."

Supervisor Cardinale: "Right."

Paul Smith: "So we have a sign from Mr. Kwasna and the last administration that they were going to look into and erected, but to no avail.

My other question is can he have a gutted mobile home left untouched on our road? Mr. Terry owns the mobile home behind his restaurant. It's gutted. It's used for his own personal junkyard from what I can see. We ran this past the last administration to no avail. Now I'm asking you as the new administration, can this be allowable?"

Supervisor Cardinale: "There has- "

Paul Smith: "It's unlivable."

Supervisor Cardinale: "We had some- yeah, code enforcement has been out there. I can tell you this. I was dissatisfied with the response."

Paul Smith: "But nobody touches him."

Supervisor Cardinale: "Yeah. I believe that's a violation. I've asked them to- I've asked them to issue violations when there are violations and then if the person cleans them up, we can deal with, you know, the penalty for the violation. But they should issue tickets. And what they were doing apparently was going out and giving- having discussions. Time for discussion is past. If there's a violation, issue a violation. I'm not as up on it as I'd like to be, so I know Jill has talked to you."

Paul Smith: "Does he have a period of time within to answer these violations?"

Supervisor Cardinale: "If you issue an actual violation, yes. If you issue a warning, that's just a warning."

Paul Smith: "I don't know what Mr. Johnson gave a week or so ago."

7/20/2004minutes

Supervisor Cardinale: "Yeah, that was part of the problem. I think he gave him warnings, not violations."

Paul Smith: "But nothing is done."

Supervisor Cardinale: "If you give him a warning, it's just that. Nothing gets done. That was the gist of what I got. So I've asked that there be violations issued, that there be compliance demanded. If the fellow is trying to cooperate we can always say, okay, forget the fine, reduce the fine."

Paul Smith: "He's not cooperating."

Supervisor Cardinale: "Unless you issue a violation, you're not going to get cooperation is my experience. And probably if you issue a violation, you're not going to get cooperation from a lot of people."

Paul Smith: "He doesn't do anything anyway."

Supervisor Cardinale: "But then you can go to the Supreme Court and seek to enjoin the behavior and that's why we have a- "

Paul Smith: "Would that be our next step, to take him to court. Would that be our next venture to take him to court and have this removed?"

Supervisor Cardinale: "Yes. Either us, but wait for the- I would suggest that we- before you go ahead and go to court, let's see what the town is doing."

Paul Smith: "I mean this is- "

Supervisor Cardinale: "The town is supposed to issue a violation, get compliance. If they can't get compliance, they can go to the Supreme Court and seek to enjoin or stop the behavior by an order of the Supreme Court."

Paul Smith: "Because this has been, you know, we've been looking at this junkyard for three years."

Supervisor Cardinale: "Okay. I'm aware that you are upset because Jill talked to me about it."

Paul Smith: "I thank you, sir."

7/20/2004minutes

Supervisor Cardinale: "Thank you."

Paul Smith: "Thank you and the Board."

Supervisor Cardinale: "The next gentleman is Mark Terry who is not here but was here earlier. Then we have Dr. Carol Grantham who is also not here. Allen Fabricatore (phonetic) who was here but apparently no longer here. Philip Sotto (phonetic). Philip Sotto was here, not now. Dorothy O'Hare. She has passed on comment. Mike Foley. Mike, again, you're here all this evening. How are you?"

Mike Foley: "I'm well. Thank you. Good evening."

Supervisor Cardinale: "Yes?"

Mike Foley: "Just to speak on what we started out the meeting with."

Supervisor Cardinale: "Yes."

Mike Foley: "My family came to this community 52 years ago. My father bought a parcel of land before the Long Island Expressway and the Sunrise Highway were even on the Planning Board. And built a house in 1952 which I presently own as well as another house in Reeves Park.

And I don't know if I've missed some of my other family and friends in Reeves Park in speaking out in opposition to these proposed commercial zoning property that's going up. But it's strange. A couple of months ago, I was having some work done in my back yard and I went to a place called Heroes Plus which is just east of the first traffic circle on Route 58, and bought some lunch for the crew which I do whenever I have workers on my property.

Last week, I had some additional work done and I went to buy another hero and they were closed down. So I think in the spirit of the revitalization of the town of Riverhead, it is critical to that revitalization to have any proposed new businesses go to areas where they originally were intended to.

On the way home, because you were nice enough to tell us that this wasn't going to reconvene until about 10:00 tonight, I went back to visit with my company because we always have company out here. I use it as a summer home. There's no place I'd rather be than at Reeves Park in the summer. Three deer crossed Park Road from the east to the west right where the proposed parking lot is going to be for this strip mall.

7/20/2004minutes

It sounded to me like this Board was going in the right direction but I have to ask you something. Bernadette who came up here and spoke so eloquently and did her due diligence and found out changes that had happened in November of 2003, was this entire Board different in November of 2003?"

Supervisor Cardinale: "I was not here and George was not here at that time. The other members were her."

Mike Foley: "The other three were here?"

Supervisor Cardinale: "Yes."

Mike Foley: "Certainly."

Councilwoman Blass: "Could I just clarify? There were changes that were made in June at the Planning Board level in response or in connection with public hearings that the Planning Board had on the master plan. They made changes. They referred them to the then sitting town board. We made further changes as well as a result of the public hearing commentary. So the plan has been changed over the course of time on several occasions."

Mike Foley: "And certainly the spirit of that plan changed drastically when that sentence was put in that Bernadette spoke of in her earlier statement, that it just changed the entire context of a \$400,00 finding."

Certainly, when you talk to the people in the community of Reeves Park, we don't want a business there. We do a lot of shopping on Route 58 and Main Street. We are supportive of the revitalization of the town of Riverhead, but not at the expense of destroying the rural ambiance of Reeves Park.

In September 11 of 2001, one of our neighbors, a fireman, a New York City fireman named Tom Kelly, went down in that second tower. We have a memorial to him at the entranceway of Reeves Park. It would be horrific to have people that stop by there and browse and look around and dump their trash right at the entrance of our park.

Over 50% of the people in Reeves Park are summer residents. The proposal as I know it and certainly you corrected me, Mr. Cardinale, on the timing of that meeting last Thursday. Obviously I had the wrong information. But it's my understanding that there's supposed to be an egress onto Park Road out of that proposed strip mall. Is that correct? And that the parking spaces are supposed to be on the

7/20/2004minutes

north side of the strip mall. So it's going to be facing the residents of Reeves Park.

How many people are going to be coming around there during the wintertime that are going to leave that strip mall and make a right hand turn and go north through out community and see all the empty houses with no cars? And certainly 99% of the people that go through there will have good honest intentions and will look to spend their money to support those vendors. But that 1% could wreck havoc on those houses that are unprotected by people coming in there, looking for a quick burglary. And it's something that this board absolutely has to keep at the forefront of their decision making process.

And I implore you to do that. This is a residential community. This is good land. There would be plenty of room for good neighbors in a park that is growing not only by generation. There are two or three different generations of people that have gone- this has gone from grandfather to father to son. I'm going to leave my property- and actually I own two homes there now, to my children and, hopefully, their grandchildren.

This is not in the best interests of that community. This is not in the best interest of the tax base of the town. This is not in the best interest of the revitalization of the town of Riverhead. Thank you very much."

Supervisor Cardinale: "Okay. Thank you very much. The last person I have on my list of written requests to speak and then I can get to Timmy, is Bill Kasperovich. Yes, Bill."

William Kasperovich: "I'm sorry to see that conditions have come where the one time we have a town board down at Wading River, that you couldn't make it today, conditions were such that you had to change that. But many of the people in Wading River look forward to having you come down there."

Supervisor Cardinale: "Yes. We are coming still. We are coming the 1<sup>st</sup> week- first Tuesday in September will be the meeting. We- the church was unable to accommodate us for this meeting and so they will accommodate us for September 2<sup>nd</sup> I believe it is, September 3<sup>rd</sup>. The first Tuesday in September we'll be in Wading River at 7:00 p.m."

William Kasperovich: "Well, that's good to hear."

Supervisor Cardinale: "Yeah. We look forward to going there

7/20/2004minutes

as well. It's a good break."

William Kasperovich: "I didn't think things were so difficult here in the town hall that you needed a break."

Supervisor Cardinale: "Well, it's a change of pace."

William Kasperovich: "Business as usual."

Supervisor Cardinale: "That's it. Change of pace."

William Kasperovich: "Change of pace, okay. I'm not going to comment on the resolutions because I didn't go through them thoroughly but items that have caught my attention, I'll try to take up with your newly elected deputy engineer- "

Supervisor Cardinale: "Yes."

William Kasperovich: "-- and your legislative man because there is some items look like-- I was reading resolutions when Janowski being the Supervisor- "

Supervisor Cardinale: "September 7<sup>th</sup>. Okay, the first Tuesday is September 7<sup>th</sup>. Right? September 7<sup>th</sup>, Wading River is the meeting. I'm sorry, go ahead."

William Kasperovich: "So I'm not making- okay. The two real things that I wanted to go over was I refer to my street, 15<sup>th</sup> Street in Wading River, using my street as an example and this was referred to all other streets in the township.

In the DOT catalogue in Hauppauge, my street is listed as a private road. By the research done by the law department here in town, you people have half a dozen precedents why this street should be a public highway or a town road. Now, I can't point to the state code or to how the distance of roads are compiled to get our grants from the state or federal money, but I can find no reason why they should not be officially designated as a public highway.

Now, there are many reasons for this and I've talked about this at length over the years and that the responsibility of the town goes from one side to the other side of the right of way. The right of way is the road and for too many years now people have been using just the paved surface as the road and in the remaining property which should be used for storm drainage, for shoulders of the road, for mailbox placement, and this is ignored both by the town board-

7/20/2004minutes

not the town board, the town building department and the people that are contractors and the people that are involved.

What could I say to a lady that plants privet hedges in the right of way? She says to me it's a private road. Well, where can I point to show that it is not a private road. It's a public highway. So we need a resolution to pass that this is a public highway or this is a town road. And I make that request once again."

Supervisor Cardinale: "Thank you. And we are aware of that and we are going to be discussing that as soon as this Thursday with the town highway department and the town attorney."

William Kasperovich: "The other point is a matter of obligation on the town to look after people that live here. If you happen to live in a rented facility, your landlord is responsible for giving potable water to the residents.

Now we have a condition where several dwellings- not dwellings, I shouldn't say dwellings- cottages and one trailer are supplied by a common pump, water pump. This common water pump supplies seven dwellers with water and through the record in the Suffolk County Water Department and the Water Department here in Riverhead, there is no record earlier than five years back by a tenant asking for a water test.

Now the last time I talked to Mr. Pendzick he told me if they ask for a water test on private property, it's going to cost us about \$500. This afternoon over the phone, a man tells me from the Water Department just give him the correct proper information and they will test the water without charge. I talked to Mr. Pendzick and conveyed this to him and I feel that even though it's private property, if there's an indication that a hazard exists by the surrounding cesspools to the common pump, that we should act and there will be no charge to the township."

Supervisor Cardinale: "I understand the point because I know we discussed this. Gary's here. Let me ask a question so we can move- I know that's one of the comments you wanted to make tonight. Gary, would you come up for a second? Bill has discussed this with me.

There is a place apparently near where he is, there's seven people on a well. He believes it's the town's responsibility even if the private individuals don't ask for a water check with the Suffolk County Health Department, that we can. I know it's not- it's not

7/20/2004minutes

related to you, you're running a water system and they're not taking your water. But do you know anything that you can add here?"

Gary Pendzick: "The property- he's right. It's about six to seven bungalows off of a single well. It's owned by a single owner to the best of my knowledge. Over the years- I'm sorry."

Sal Mastropolo: "It's subdivided."

Gary Pendzick: "It's subdivided?"

Sal Mastropolo: "It went to the Zoning Board of Appeals last year. He subdivided it into three lots. It was supposed to get town water when the subdivision happened. I don't know how far it's gone."

Supervisor Cardinale: "That's interesting."

Gary Pendzick: "They have not hooked up yet, I can tell you that. They still are on a single well. They're within the district, we can serve them. All they have to do is have a desire."

Supervisor Cardinale: "They're eligible to be served and they may even be subdivided and asking for relief that would require them to tie in? Is that correct?"

Sal Mastropolo: "It's an out of town landlord. She inherited the property when her father passed away. She lives either in Massachusetts or Connecticut. She wanted to sell some of it. She couldn't sell it as once piece so there was a big to do about subdividing in into three lots. Okay?"

And the proposal first was five lots and then the Zoning Board of Appeals said no, three is okay."

Supervisor Cardinale: "And they would have to get Health Department approval for that subdivision."

Sal Mastropolo: "They have to get Health Department approval. They have to have water on the three lots with three individual hookups."

Supervisor Cardinale: "Yeah."

Sal Mastropolo: "There's a whole bunch of contingencies on the subdivision. Contingent upon certain things."

7/20/2004minutes

Supervisor Cardinale: "Right. Do you know the application name? If I could get- I'll look into it, Bill."

Sal Mastropolo: "I think the property is Ofrias (phonetic), Bill."

Supervisor Cardinale: "Ofrias."

Sal Mastropolo: "Was that Ofrias property?"

William Kasperovich: "Yes."

Supervisor Cardinale: "Okay. I can ask the Planning Board, who the director who apparently turned into a pumpkin at 10, I would ask him if there is a pending application with ZBA involvement and the problem may be solving itself by this because if they subdivide, they will have Health Department approval which will require public water hookup. And they can't- they won't sign a map without that I'm reasonably certain of that. So there may be a solution in the offing, so I will look into it and Jill will get back to you. Right, Jill? Jill, you're leaving? Jill's got her pocketbook, she's fallen asleep."

Councilman Densieski: "Jill's working overtime tomorrow."

Supervisor Cardinale: "Right. My deputy has already got her pocketbook, she's not even going back to the office. Thank you, Bill."

William Kasperovich: "All right. Now, in the meanwhile since all this has been going back and forth for a long time, these people don't know whether the water is potable or not. And there are many water borne diseases that travel in the ground water and you don't taste it. You ingest it as a victim."

And when the Board of Appeals became aware of this, attempt to break down, they became aware of this condition, they did nothing towards the- what I consider a hazard. That this water condition is- should be acted on with diligence, not just put off and put off. We can't wait for a disaster to force people to do something. If it's labeled a hazard by the Department of Health, then the owner is responsible, whether it's broken into three sections or supplied in one and distributed.

But there are different ways to solve this water supply from municipal source and they haven't acted on any of it."

7/20/2004minutes

Supervisor Cardinale: "They may have to do so now. They may be compelled."

William Kasperovich: "I bring this to the light that even though it's private property, it is a hazard to the public and that is the renters, and something should be brought to attention post haste."

Supervisor Cardinale: "I appreciate what you're saying and I will look into it and thank you. Thank you for your comments."

William Kasperovich: "If I may say one parting word- "

Supervisor Cardinale: "Yes."

William Kasperovich: "-- since you people- I come into Riverhead quite often now that I'm feeling better and a day doesn't go by that somebody doesn't say to me well, where have you been? I haven't seen you on TV. I haven't seen you in the town hall. Now, there is no need for me to really be here. You have a deputy engineer, you have legal assistants. There is no excuse for not tackling these problems, not when they happen, but prior to their happening. And this for the betterment of the town is very important."

Supervisor Cardinale: "I appreciate that. We like to see you come by every once in a while."

William Kasperovich: "I do- have taken this opportunity of being here, that we should encourage these two men by whatever means we can to work for the town. They apparently sound enthusiastic but they're new here. They haven't been discouraged yet. They haven't confronted the problems or the contractors coming here to work. And you're hiring a man at \$35.00 an hour where if the court called for an engineer of his caliber to come into a case, he'd be getting \$135 an hour. No more than the lawyers are getting \$250 an hour.

So you've got two men at a low cost and it's not how much money they can save the town, but how much good they can do for the town for conditions that exist now and that are in the foreseeable future.

Fifty years I came here, I foresaw things that it took 50 years to come to light. And at that time, nobody wanted to move for the future. Nobody wanted to move- spend money for the future. And I say that's penny wise and pound foolish. We have to do things to

7/20/2004minutes

improve conditions that exist and I feel after the time I've been here, that we've just gotten used to things. We got used to conditions that should not exist."

Supervisor Cardinale: "Well, thank you, that's a good point and we hope their enthusiasm will help the town, the new people. Thank you.

Timmy, you wanted to comment. You've been very patient."

Tim Yousik: "I stepped outside for a moment when you took your break and unfortunately missed a resolution about the sidewalk, café dining- "

Supervisor Cardinale: "Yes."

Tim Yousik: "-- rules. When is this going to go to a vote?"

Supervisor Cardinale: "We talked about that, Tim. Ed was quick enough to pick it up. We hope to pass it Thursday so it will be- we were going to put it off routinely and he reminded us it's going to be past the summer."

Tim Yousik: "Okay."

Supervisor Cardinale: "Thursday, we expect to pass it."

Tim Yousik: "Which is great. That's fine. Permit process. What are we looking at here so we can rush this along and not be serving in the snow."

Supervisor Cardinale: "Yeah, right. I have asked- you should know this, if you don't. I want to make it clear publicly. I have asked that Main Street be expedited. The Fauna was opened just before the Blues Festival, the dinosaur museum was opened in time to enjoy some summer season. So I'm going to do the same thing with this. These things should go in and out within the day, I would hope, because they- it's a summer season, a sidewalk café, what's the big deal."

Tim Yousik: "Okay. The rules, I guess, have been pretty much typed up by Dawn. I took a look at them. Everything seems to be right on the money. The things that are required. If I got them together now when this is passed on Thursday, who do I turn it into?"

Councilwoman Sanders: "Building Department."

7/20/2004minutes

Tim Yousik: "The Building Department. Okay."

Supervisor Cardinale: "Leroy's got instructions to expedite anything on Main Street because we've got a renewal district down there. That's what we're trying to do. Make it better."

Tim Yousik: "Okay, Thursday is great. I appreciate that. I've been waiting longer than any of you have been here for this. Literally it's been seven years."

I happen to agree with Ed and yourself on this signage thing. It really bothers me because I think that we're going to start putting signs up in other languages. I mean I do believe we should do the universal symbols, I think that's fine.

My question to Mr. Bartunek and the two Councilwomen is, if Ed starts a petition which I would certainly be glad to join him and help, how many signatures do you want before you would reconsider? I mean honestly what would you- I know you try and make decisions based on what the people feel in this town. If there was a real petition drive going, what do you want to see?"

Councilwoman Sanders: "I don't have a number in my head, Tim. I'll have to address it when- "

Tim Yousik: "Okay."

Councilwoman Sanders: (Inaudible)

Tim Yousik: "Because, Ed, for whatever it's worth, if you're going to put petitions together it will certainly be at the restaurant."

And I'm sorry that Sandra left because I'd like to tell her about my new 36 pound adopted Maine Coon 39 inch long cat."

Supervisor Cardinale: "Wow."

Tim Yousik: "You think your cat eats?"

Supervisor Cardinale: "I can imagine. It sounds like a tiger."

Tim Yousik: "Thank you."

7/20/2004minutes

Supervisor Cardinale: "Thank you. Is there any other comment? Tom, would you like to comment? And Sal."

Tom Lasandro: "Tom Losandro, Baiting Hollow. I want to talk about the signs also. I strongly believe the symbols is more than enough and something, you know, that baffles me is that somebody could vote yes on something like that but they could turn around and say no on an employee like Dave Cullen. Okay? Who has saved this town a lot of money. If it wasn't for him, I was told that the courts weren't going to happen. He made it happen. He did a lot of work towards that.

And he helped me a lot also in the beginning when it was, you know, the new term started for the new Supervisor, new Town Board, on filming the work sessions. And I did it on a voluntary basis for a long time and to me, you know, I did that because I care about Riverhead a lot, not just, you know, all of it. I like living here and I try to keep, you know, my thoughts on Riverhead, not on political gain.

I have- that's one thing I'm not. I'm not a political person and I never will be. This is me. You either like me or you don't. You know. And for people to, you know, turn a resident down like that, it's like a slap in the face as far as I'm concerned.

When the resolution came about to pay me, okay, for the two months that I did do it before I resigned for personal reasons which I won't go into, it's not necessary, it was a 5-0 vote. Here a person saves the town money, I didn't save the town money, and he couldn't get a 5-0 vote. Personally, I feel that is a disgrace to Riverhead. It's not putting Riverhead first. When a person saves this town money, okay.

He leads this town by his example. If people- if we had more people like him in this town, we'd all be a lot better off. You know. So it's a shame what happened tonight but it happened and everything they say happens for a reason, you know. And I hope everybody remembers, you know, Dave Cullen, even though he's going part time, I'm sure he's going to stay involved as much as he can, you know, and I wish him the best. And I wish you all the best also."

Supervisor Cardinale: "All right. Thank you, Tom. Yes, Sal."

Sal Mastropolo: "Sal Mastropolo, Calverton. Can you tell me if we ever dredged the Wading River Creek this year?"

7/20/2004minutes

Supervisor Cardinale: "Yes. We actually did. It was a great deal of effort to get what we got dredged out. But there will be a much larger dredging which we were in New York to get the okay on in March- is that correct, Jill?"

Jill: (Inaudible)

Supervisor Cardinale: "A major dredge in the fall and a reopening of the mouth in (inaudible)."

Sal Mastropolo: "Are we going to consider bulkheading it? Because I'll tell you, I used the creek last week and three hours into the tide, you can hardly get out."

Supervisor Cardinale: "I'm aware of that."

Sal Mastropolo: "Okay."

Supervisor Cardinale: "We are according to Jill who has been very diligent on this project, we are going to consider bulkheading and you're exactly right that we got what we could in this dredge, but it is inadequate and we know that and we're going to make it really much better in the fall and in the coming spring dredges which, incidentally, LILCO is going to pay for which is even- what do they call themselves now- LIPA. LIPA is going to pay for it."

Sal Mastropolo: "Are we going to go forward with redoing the ramp and backing it up?"

Supervisor Cardinale: "We have proposals to do several hundred thousand dollars worth over there and we're in the plan stage and then the Town Board has got to get together and approve it."

Sal Mastropolo: "Okay. Now you said yes about the bulkheading."

Supervisor Cardinale: "Yeah, I'd like to do it. She's applied for it. Do you think it's realistic, Jill?"

Jill: (Inaudible)

Sal Mastropolo: "Yeah. But I guess the concern is if you are bulkheading from the ramp back, that's one thing, but I think the bulkheading needs to be from the point going out because that's what washes back in again. Okay?"

7/20/2004minutes

The next question is (inaudible)."

Supervisor Cardinale: "Yes."

Sal Mastropolo: "Are we doing anything with them? Because I wrote some comments in an e-mail- "

Supervisor Cardinale: "Yes."

Sal Mastropolo: "-- and I never heard back and I haven't seen it on any of the work sessions."

Supervisor Cardinale: "Yeah. I'm glad you asked. Yes, I got your e-mail for starters. You should have seen- I remember your comments. They were quite good. They should have been acknowledged. If they weren't, that was an oversight. They are going to be in at-Thursday's work session we are supposed to see a proposed agreement.

The concerns that you mentioned in your e-mail, such as who controls the data, etc. have been addressed and I would be interested in your insights as to whether they were addressed adequately and also the legal staff is going to give me their insight."

Sal Mastropolo: "Yeah. I'd like to hear the proposal again because I'd like to understand who's going to own the software- "

Supervisor Cardinale: "Yes."

Sal Mastropolo: "Who's going to do the input because all of the labor- it's labor intensive on the input side, okay?"

Supervisor Cardinale: "Right."

Sal Mastropolo: "So you're basically doing all their work."

Supervisor Cardinale: "Yeah."

Sal Mastropolo: "Okay? And once they have you hooked, forget it. You're hooked for life."

Supervisor Cardinale: "You could- and you made those points very well in the e-mail. You could be a great help here as you are incidentally when you help us with the proofing of the resolutions each week, so I will make it a point to speak with you before the Thursday work session because I am not skilled in this area. I think

7/20/2004minutes

that Rose is and others, but I could use some assistance on that."

Sal Mastropolo: "Okay. I appreciate that."

Supervisor Cardinale: "Okay."

Sal Mastropolo: "Okay. The next question is the seven acres of the Water District property."

Supervisor Cardinale: "Yes."

Sal Mastropolo: "That somebody was considering selling. Did we make a decision on that? I had put in a comment about using it for affordables."

Supervisor Cardinale: "Yes. That's Sean Walter and, no, we proposed a sale about two months ago. We got distracted as to whether we were going to sell it with or without, you know, were we going to sell it complete with development rights, or were we going to strip the development rights and sell it without it, and we lost it."

Sal Mastropolo: "I haven't heard any comments in the work sessions on it."

Supervisor Cardinale: "Yes. It hasn't come up again. So I have a note to bring Sean in in regard to the whole open space development rights program. We'll bring that up at that time on Thursday."

Sal Mastropolo: "Okay. One last comment. I feel for the people in Reeves Park, okay. I understand what they're going through. I think the way it was handled tonight was wrong though. I think they should have been made to wait their turn. You have an agenda, okay? And the rest of us had to sit and wait while you handled their complaint, and they weren't even in order."

Supervisor Cardinale: "Yeah."

Sal Mastropolo: "Okay? You know, we should have put them in order, made them wait, done the rest of the business the way we do it normally, and taken their complaint in the right order in the public comment section, not give them the first hour of the meeting and then sent them home so they can enjoy the summer evening."

Supervisor Cardinale: "Yeah."

7/20/2004minutes

Sal Mastropolo: "The rest of us would like to enjoy the summer evening, too- "

Supervisor Cardinale: "Yeah."

Sal Mastropolo: "-- but we sit here and wait our turn, okay. They should have waited their turn as well."

Supervisor Cardinale: "I think that's a legitimate fair statement. The thing that compelled me to do what I did was basically- "

Sal Mastropolo: "Get rid of the crowd."

Supervisor Cardinale: "Yeah, because we were so overloaded here."

Sal Mastropolo: "I understand what you were trying to do but- "

Supervisor Cardinale: "Your point is well taken."

Sal Mastropolo: "-- they ran the meeting basically for the first hour and I think that was wrong."

Supervisor Cardinale: "Yeah, they delayed our meeting start by an hour."

Sal Mastropolo: "Yes."

Supervisor Cardinale: "I appreciate your point. But I wanted to make sure it was safe and it is. It is safe now, but it's 10:30. Thank you."

Sal Mastropolo: "You're welcome."

Supervisor Cardinale: "If there's no other comment- there's one more comment. We'll take that."

Unidentified: "This is not really a comment. I've written my name and address and I want to give this to Mr. Densieski so that when he has his petition, he can send me a copy so I can pass it around."

Supervisor Cardinale: "Okay, great. Thank you. Is there any

7/20/2004minutes

other comment? If there is not, we've reached the end of the public comment period. We have one other comment. I'd like to take that and then I'll close the meeting. And we'll be having a work session at 1:00 p.m. on Thursday in this room and everyone's invited if they want to come. It's going to be on TV, you can stay home and watch it, too. Yes."

Bob: "Hi, Bob, Reeves Park. I just want to take a moment to praise the Riverhead Water Department and also Mr. Mark Kwasna our Highway Superintendent. I think so often we are very willing to beat up on our officials and organizations and I just want to take some time to praise the Water Department from Riverhead.

Two winters ago the water meter froze up, I guess it was about 3:30 in the morning and called the Water Department and they were able to get a gentleman out, I guess it was about 4:30 in the morning or so to rectify the problem and I just thought that was excellent service. I was assured by the gentleman on the telephone that the problem would be taken care of.

Also, at the time we received flyers that the roads were going to be repaved in Reeves Park, I contacted Mr. Kwasna. As you know, we have many little cul de sac sections in Reeves Park and my family acquired the property back in the early '60s and this portion of the road had never been paved before so I thought it would be a good opportunity to get it paved.

I called Mr. Kwasna. He immediately got hold of a map of the area, called me back and he said I'll be up there within 20 minutes to check out the area and see what we can do. And he was up in about 15 minutes. Looked over the area, said I'll have the men out tomorrow to take care of this and I just felt that that was excellent service from Mr. Kwasna and I want to say hats off to him and also to the Riverhead Water Department. So that's it. Thank you."

Supervisor Cardinale: "I appreciate your saying that. Thank you."

Bob: "Thank you."

Supervisor Cardinale: "Okay, with that comment, we're going to close the meeting at 10:35 p.m."

Meeting adjourned: 10:35 p.m.
