

Minutes of a Regular Town Board Meeting held by the Town Board of the Town of Riverhead, held in the Town Hall, Howell Avenue, Riverhead, New York, on Wednesday, November 8, 1995, at 7:00 p.m.

Present:

James Stark,	Deputy Supervisor
Victor Prusinowski,	Councilman
Frank Creighton,	Councilman
Harriet Gilliam,	Councilwoman

Also Present:

Barbara Grattan,	Town Clerk
Robert Kozakiewicz,	Town Attorney

Deputy Supervisor called the meeting to order at 7:00 p.m. and the Pledge of Allegiance was recited.

Deputy Supervisor Stark: "If the Board would join us down here in front, I believe Kelly has got some prizes that we are going to award."

Kelly Grattan: "Tonight we're giving out the prizes for the Town of Riverhead Recreation Department's annual Halloween Poster Contest and on behalf of the Recreation Department, I would just like to say congratulations to all the winners. They did a really super job."

Deputy Supervisor Stark: "Thank you."

Kelly Grattan: "Okay. First, I'm going to call up the third grade winners. Third place for the third grade is Cherelle Williams from the Phillips Avenue School. Second place for third grade, Aneis Brown from Roanoke Avenue School. Okay. I'll make sure she gets that. First place for the third grade, Katie Podlas, St. Isidore's School."

Okay, moving on to the fourth grade. Third place Krystina Stocki from St. Isidore's School. Okay, second place for the fourth grade, Elaine Harris, also from St. Isidore's. First place for the fourth grade, Kristin Gianfalla, St. Isidore's.

Fifth grade. Third place for the fifth grade was Sean McCormick, St. Isidore's. Second place for the fifth grade, Larissa Zuhoski from St. Isidore's. First place for the fifth grade, Katelyn Cantiello, St. Isidore.

Okay. And last, but not least, the sixth graders, third place, Alicia Scott from Riverhead Middle School. Second place for the sixth grade, Katie Mickaliger from St. Isidore. And first place for the sixth grade, Walter Fields, from the Riverhead Middle School."

Deputy Supervisor Stark: "Okay, thank you, Kelly. We are going to go into the Town Board meeting so if anybody wants to leave, why don't we just take a couple of minutes-- it's going to be a long night so we'll break for a couple of minutes.

Is there a motion to approve the minutes of the October 17th meeting and the Special Board Meeting of October 20th?"

Councilwoman Gilliam: "So moved."

Councilman Creighton: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The minutes are approved.

Deputy Supervisor Stark: "Reports, please."

REPORTS:

Open Bid Report

Work clothes, opened on 10/23/95
1 bid was received from J & A
Uniform Supplies

Open Bid Report

for Chlorine contact chambers
modifications, which was opened on
10/27/95, two bids were received
from Bensin Contracting Inc. for
\$156,000 and Kovacs Construction
Corp., for \$294,000

Receiver of Taxes

Collection report for the month of October, 1995. Total collected was \$372,867.95

Town Clerk

Monthly report for October, 1995 \$11,192.89

Police Department

Police report for the month of August, 1995

Deputy Supervisor Stark: "Thank you."

Public Hearing opened: 7:16 p.m.

Deputy Supervisor Stark: "Let the record show that the time of 7:16 has arrived. Would the Clerk please read the record of public hearing?"

Barbara Grattan: "I have affidavits of publishing and posting of a Public Hearing to be held at Riverhead Town Hall, Riverhead, New York, at 7:05 p.m., on Tuesday, November 8, 1995, to hear all interested persons who wish to be heard regarding the adoption of the annual budget for the Town of Riverhead."

Deputy Supervisor Stark: "Is there anybody in the audience that is representing the applicant?"

Barbara Grattan: "No, this is the budget."

Councilman Prusinowski: "No, wait a minute. We have the-- "

Barbara Grattan: "You don't want that? You want the budget first? You have got three of-- "

Deputy Supervisor Stark: "I want the-- "

Councilman Prusinowski: "Trandahl."

Barbara Grattan: "Trandahl first."

Barbara Grattan: "Okay. Disregard the budget."

I have affidavits of publishing and posting of a Public Hearing to be held at Riverhead Town Hall, Riverhead, New York, at 7:05 p.m. on Tuesday, November 8, 1995, to hear all interested persons who wish to be heard regarding the consideration of the special permit petition of Virginia Trandahl to operate a bed and breakfast facility on property located on Peconic Bay Blvd. in Jamesport."

Deputy Supervisor Stark: "Thank you."

Barbara Grattan: "You're welcome."

Deputy Supervisor Stark: "Is there anybody that's representing

the applicant? Yes, ma'am, in the back. Okay. Very good. Come up. Yes, right up to the podium, please."

Virginia Trandahl: "I submitted my application for a special permit in April. I appeared before the Town Planning Board, I believe it was September or thereabouts. And as far as I know I fulfilled all the requirements and meet all the specifications under that law, the ordinance passed two years ago. So I hope you'll approve my application."

Councilman Prusinowski: "I just have to ask one question. Mrs. Trandahl, is the rooms in the same building? In other words, it's one house?"

Virginia Trandahl: "Yes."

Councilman Prusinowski: "This is not an apartment over the garage or something."

Virginia Trandahl: "No, it's in my house."

Councilman Prusinowski: "Okay, all right. And you submitted the plans of the building-- all the-- I haven't seen your application yet, but I-- we will review it."

Virginia Trandahl: "Site plan-- I submitted a site plan. I submitted floor plan."

Councilman Prusinowski: "Okay. And exactly where is this located again?"

Virginia Trandahl: "It's on the corner of Peconic Bay Blvd. and Logan Court."

Councilman Prusinowski: "Okay."

Councilman Creighton: "Maybe we could save some time if I ask a question that someone else will bring up I'm sure. I've been told that there is a covenant and restriction in your deeds that restrict this to single family residences only."

Virginia Trandahl: "This is a legal single family residence."

Councilman Creighton: "Is such a restriction in your deed?"

Virginia Trandahl: "A restriction in my deed?"

Councilman Creighton: "Yes. To single family residence only?"

Virginia Trandahl: "This is a restriction in the law I thought you meant."

Councilman Creighton: "No, in the covenant and restrictions in your deed when you purchased the property?"

Virginia Trandahl: "It is a single family residence-- it's a legal single family residence although there is another residence in back of the house in which my father lives. And-- "

Councilman Creighton: "Do you know if there is a restriction in your deeds?"

Virginia Trandahl: "A restriction for what?"

Councilman Creighton: "That you could only have a single family residence on this property?"

Virginia Trandahl: "I don't know if-- "

Councilman Creighton: "As part of the subdivision?"

Virginia Trandahl: "I don't know if there is such a restriction. I don't know that."

Councilman Creighton: "Okay."

Virginia Trandahl: "I'm not aware of it if there is, but I'm not planning to change that status because I couldn't operate the bed and breakfast under this law, I don't think, if it was not a single family residence. I mean I couldn't have one if it was a two family residence. Isn't that right?"

Councilman Creighton: "Well, I think the question that comes up is does making a bed and breakfast out of it change the status from a single family residence to something else and if you have such a

restriction in your deed-- covenants and restrictions in your deed, that it might be a matter that would influence the Board."

Virginia Trandahl: "I don't know. I'd have to look into it. As far as I know, all I know is that it is a single family residence."

Councilman Creighton: "At the present time. Thank you."

Deputy Supervisor Stark: "Anything else before I-- "

Councilman Prusinowski: "Just for the record, I'm going to asking this of every applicant. You will have no problem signing the waiver -- we're going to ask for a waiver that you are going to allow us to come onto your property unannounced to make inspections. From the Building Department. You have no problem signing. That's a condition of the law."

Virginia Trandahl: "No. I have no problem."

Councilman Prusinowski: "All right."

Deputy Supervisor Stark: "Is there anybody else in the audience who would like to make comment on this particular-- yes, ma'am. Just like in church. Right up front."

Mary Haseker: "My name is Mary Haseker. I live on Lagun Court, Lagun Court. And I am opposed to the bed and breakfast. I think-- talk about quality of life, and I think this would definitely be a downgrading of our quality of life. It would add traffic to the area. We have been burglarized at our home twice already. We have boats-- our boat has been burglarized twice. The boats have been set loose twice and this is with the people in our area that, hopefully, we know.

By bringing strangers into the area, I think it would definitely decrease the way we're living. I, personally, do not want strangers every week, new cars, new people.

There are definitely covenants and restrictions on the property that specifically say it is only to be used as a one family home. No other use. I have copies of them here; I will give them to you. We're one acre zoning. We're paying dearly for this one acre zoning. We moved here for a certain quality of life and I think this would be

downgrading it. And I think we have to take that into consideration not only on this bed and breakfast but any bed and breakfast that come in the middle of a residential area.

I was not aware that this law was passed. I'm going to look into it further. And I'm opposed to the law if it says you can just increase the number of people living in a house. That's it."

Councilman Prusinowski: "Just to sum up-- just to follow up what you said, ma'am. It's a new law. The reason we are making it by special permit, and we have a lot of conditions on there, is so that we can have a public hearing. The applicant-- it's not allowed in all zones in the Town. I know one down Peconic Bay Blvd. today, I had the Town Attorney pull it out of the packet. We don't allow it in residential D, there are certain residences A, we don't allow it in.

There was a debate whether or not from the Planning Department whether we should allow it in Jamesport. The concept behind this is to take older houses, bigger houses like you see in Vermont, that we have in central, downtown Riverhead, maybe in South Jamesport, some of the farm areas, that the big farmhouses, and give the opportunity for people to upgrade them, to remain owner occupied, and start this type of operation to augment our tourist business.

The reason we have it by special permit is so this can happen. That in all cases it might not be compatible with the neighborhood and the Board as the right to turn it down. So nobody has an as of right to have these things approved. They must come before the Town Board, make their case.

The other reason we put all the conditions in there is because we all don't want this law abused. I agree with you. I don't want to open the door and turn this into a rental law because that's not the purpose of it. And it's an ongoing process and as we go through this, it probably will be amended and changed to make it more tighter and more workable."

Mary Haseker: "Okay. I don't think that there was really a sufficient amount of publicity to let the residents of Riverhead know the repercussions that a law such as this could have."

Councilman Prusinowski: "Well, I disagree with that because there

was a lot of publicity about this. It was written in all the newspapers."

Mary Haseker: "There was-- I read the News Review from cover to cover every week and I did not see anything about it."

Councilman Prusinowski: "Well, I know there were big stories in there. We have public hearings. But neither here nor there. The system that we have in place, you received a letter in the mail, I'm sure."

Mary Haseker: "Yes, I did."

Councilman Prusinowski: "And that's why you got notified and that's why we're having the public hearing. And you make a lot of good points. And we do want a copy of those covenants."

Mary Haseker: "Okay. I have them. Who do I give it to?"

Deputy Supervisor Stark: "The Town Clerk please. Is there anybody else in the audience who would like to-- yes, sir, way in the back."

George (inaudible): "My name is George (inaudible) and I live on Morningside Avenue in Jamesport. I have some questions on the house, and that house originally was a two family house because I know the Wilders, persons who built it. And if it was an illegal two family house, whether it's a two family house now or whatever because it has separate kitchen facilities. How does the law affect that?"

Councilman Prusinowski: "I don't think this law has any affect on that. I mean that's a Building Department matter. Again, this is not-- this law was not put on the books to be a rental or a going into the housing business law. This was a specific law that was put in place to augment the tourism boom that hopefully we're going to experience more and more in the future. If that was an illegal two family house, that's a matter for the Town Attorney and the Building Department to investigate."

George: "All right, but you made a statement saying that two family houses were not allowed to be part of these bed and breakfast."

Councilman Prusinowski: "No. What I-- the concept was that in the law it says that this has to be a one-- in other words, for example, the other applicant who approached the Town recently, government, about this had built a beautiful house on Peconic Bay Blvd. across from Waterview Terrace there. He has a garage that has an apartment upstairs which he calls the guest house. That's not the concept of this law. This is not to turn the Town into the rental business in residential neighborhoods. This is to take old Victorian houses on Second Street, some of those-- farmhouses that instead of people renting them out to undesirables, or whatever, or have to sell the home, maybe have a family to augment their income and help the tourism business, maybe some of the big houses on Sound Avenue. And that's why we're doing it by a case by case-- we just want to-- and I tell you, we have a lot of restrictions as this person knows. She started in April and, in fact, a lot of people are complaining about the process because there's so much red tape, unfortunately that we put into the law because we're just nervous."

George: "Okay, well, I want to also state that I think this is a very good residential area and we really would not like to see it open up to a business because it does lead to a lot of extra traffic. It's hard enough to try to keep track of everybody and I don't think it really meets the intent of the law-- "

Councilman Prusinowski: "You're right. And that's our prerogative, under Town law, we can make that determination based on those impacts to the community, and as a Town Board we can deny the special permit."

George: "Well, I hope you take that into consideration. Thank you."

Councilwoman Gilliam: "Also, sir, I think our Town code contemplated that the bed and breakfast would be used as an accessory to a single family home in response to your initial inquiry. If this is, in fact, a two family house, whether it's being used as that or not, if it does have kitchen facilities that would make it a two family, then I think under our code that would present another problem in terms of it being used as a bed and breakfast."

Deputy Supervisor Stark: "Is there anybody else who would like to make comment on this? Yes, sir?"

Charles Haseker: "My name is Charles Haseker, at 34-- that's F-A-E-S-E-K-E-R, 34 Lagun Court, Post Office Box 77, South Jamesport 11790. I have here-- this is a copy of the declaration of protective covenants and restrictions and it's dated the 31st of August, 1982. And item number 6 says no lot shall be used or maintained for any purpose other than a one family residence. No trade or business shall be conducted on any lot. Specifically excepted from this restriction, however, is the practice of medicine, dentistry, law, architecture, providing the profession does not exceed the licensed practitioner and one assistant. So if you put a dentist office there, you could have a dentist and one dentist assistant. But if you put a bed and breakfast, God knows how many people are going to be there.

I'm strictly opposed to this bed and breakfast and I don't think it should be in our neighborhood."

Deputy Supervisor Stark: "Would you like to leave a copy of that?"

Charles Haseker: "Sure. She already has one."

Councilman Prusinowski: "The-- you're right and we're going to look at that and verify it and I just consulted with the Town Attorney. Those covenants if they are there, and I'm not saying they are not because we are just going to double check it, they run with the land and that would make this application void."

Charles Haseker: "Also, to the west, about a half a mile, we already have a motel. And to the east about a half a mile, we have a motel on the Bay. We also have what's known as the Veteran's Home down in-- I don't know what street it's one, First Avenue, that's a real beauty. That's another bed and breakfast down there that the town ought to look into."

Deputy Supervisor Stark: "That's long term."

Charles Haseker: "Thank you."

Deputy Supervisor Stark: "Thank you. Is there anybody else?"

Bill Noejhl: "Bill Noejhl, Peconic Bay Blvd., Aquebogue. I am

not in favor of this special permit application. I'm very concerned about what might happen to that garage that is behind that house. It is built to, in my estimation, for apartments, and maybe not for this application for a bed and breakfast, and maybe in a year or two it could lead to that. And I don't think that's very applicable to the neighborhood. Thank you."

Deputy Supervisor Stark: "Thank you. Is there anybody else? Yes, ma'am?"

Pamela Richter: "My name is Pamela Richter. I live at 35 Lagun Court. I have written a letter to you and I just would like to reiterate that I do not feel that this is necessary in my residential neighborhood. I kind of like the peace and quiet. I chose my home very carefully with this in mind and I really don't feel that I would like to share this with other people. I understand the need to maybe augment someone's income and I can sympathize with that, but I really don't think that this is the proper avenue to do that. This is a very residential place and we have a lot of problems dealing with people who like to speed down the Boulevard and we've had a few discussions with the police and setting up the road traps and everything like that. So I don't think that we need any more traffic in the area and bringing a business like this, I don't think that the situation really warrants it and that's about all I have to say. Thank you."

Deputy Supervisor Stark: "Thank you. Is there anybody else who would like to-- if not, I will declare the hearing adjourned."

Virginia Trandahl: "Can I say one more thing?"

Deputy Supervisor Stark: "Sure. Go ahead, we'll keep that open, Adam Clerk."

Virginia Trandahl: (inaudible)

Deputy Supervisor Stark: "Wait a minute. You've got to come to the microphone. State your name one more time so that-- "

Virginia Trandahl: "I'm Virginia Trandahl, I'm the one who is applying. I understand how you all feel. I'm sorry you feel that way. I'm not sure you do understand that under this law I can only rent three rooms at a time, no more than six people at a time. And no more

than seven days at a time. I mean it's not a big business type thing. It would be fairly small. It's-- I just wanted to make that clear."

Councilman Prusinowski: "Ma'am, we're going to review the covenants on your property and we'll get back to you."

Virginia Trandahl: "Okay. Should I wait for the rest of the evening?"

Councilman Prusinowski: "No, no, no. It's going to take a couple of weeks."

Virginia Trandahl: "Okay."

Councilman Prusinowski: "Thanks."

Deputy Supervisor Stark: "Thank you. If not, I will declare-- you have to come up, sir. I'm sorry. I've got a girl who transcribes these, so-- "

Charles Haseker: "Okay. How will we get notified about the outcome?"

Deputy Supervisor Stark: "The next Board meeting we will probably pass a resolution either approving or denying but certainly you could call the Town-- call my office and we'll let you know."

Charles Haseker: "Okay. Thank you."

Deputy Supervisor Stark: "Actually, it will probably be discussed at the work session a week from Thursday, that should be the 16th, somewhere around in there. Okay, I will declare that Hearing closed."

Public Hearing closed: 7:34 p.m.

Deputy Supervisor Stark: "Unmistakenly, I would ask the Board to come down in front again with me. We have three new policemen that we are to swear in tonight the Chief is going to bring. If you will come down front."

Chief Grattan: "Okay, ladies and gentlemen, I would like to introduce to you three new police officers who graduated from the police academy this past Friday. Anthony Bassi (phonetic), Robert Call (phonetic) and Christopher James. Anthony is new to the job, Robert Call has worked as a part timer for Suffolk County Police Department in the Port Jefferson area for a couple of summers, and Chris James has worked with me as a part timer since 1991. Gentlemen, raise your right hand please."

Chief Grattan swore in the three officers.

I, do solemnly swear to uphold the constitution of the United States, the constitution of the State of New York, the ordinances of the Town of Riverhead, the rules and regulations of the Riverhead Police Department and to faithfully execute the duties of police officer of the Town of Riverhead to the best of my ability so help me God.

Chief Grattan: "You are duly sworn, gentlemen. Congratulations. Gentlemen, if you would step over here and sign this book, please, for the Clerk."

Public Hearing opened: 7:37 p.m.

Deputy Supervisor Stark: "Let the record show that the time of 7:37 p.m. has arrived. Would the Clerk please read the notice of Public Hearing?"

Barbara Grattan: "I have affidavits of publishing and posting of a Public Hearing to be held at Riverhead Town Hall, Riverhead, New York, at 7:05 p.m. on Tuesday, November 8, 1995, to hear all interested persons who wish to be heard regarding the adoption of the 1996 annual budget for the Town of Riverhead."

Deputy Supervisor Stark: "The purpose of this meeting tonight, we have had a tentative budget that has moved to a preliminary state and we now ask the public to make comment on any additions that they would like to see made to the budget or cuts. And then the Board will deliberate. We have to by November 20th adopt a budget according to state law. So if anybody would like to make any comment on the

tentative budget as it stands right now, I will so recognize. Bill?"

Bill Noejhl: "Bill Noejhl, Peconic Bay Blvd., Aquebogue. I've been going over the Highway Department and I see between last year's budget and this year's budget, there's a few thousand dollars difference. Am I correct?"

Deputy Supervisor Stark: "Yes, sir."

Bill Noejhl: "Well, I've had a lot of discussions with Charlie Bloss about the highways. They have not been (inaudible) to let the water go and percolate down the side of the roads. We have a lot of puddling. The patchwork on the road looks like a patch quilt. A patch here, a strip here, blacktop, a strip there, blacktop. Our roads are substandard and with the envision of what's coming down the road, I say we are way behind times. I say we should float a bond, not that I want to bring the taxes up, I'm against higher taxes, but we have floated bonds for the theatre. We float bonds for Okeanos. Why can't we float a bond for the Highway Department? Bring our roads up to standards. It's a disgrace some of these roads. The puddling-- the drainage is bad. There's only one half way decent road-- or two half way decent roads that I know of in the Town. One is Edwards Avenue. It was done to convenience Splish-Splash. Roanoke Avenue on the north side is in fairly good shape and Sound Avenue. But the rest of the roads are terrible.

And, again, I suggest that floating a bond over a period of years to bring these roads up to standards. Now, if Grumman comes along, we have bad roads, you are going to have to do something about that. Be behind. Not that I want higher taxes, but we can do other things, we can do this for our roads, which we see is being done. We have it in front of us. It's permanent. Right now we have nothing. Thank you."

Deputy Supervisor Stark: "Thank you. Is there anybody else who would like to make a-- Steve?"

Steve Haizlip: "Steve Haizlip of Calverton. When Mr. Noejhl speaks of Edwards Avenue being a first class decent road, I'm sure he has in mind from Jericho Tpke, 25, south to the railroad tracks. But from the railroad tracks down to 94, it's not so good. It's kind of narrow. But the north part of Edwards Avenue could stand a lot of

improvement. That's curves in there and patchwork and so forth like he says.

How much is in this budget for raises for elected officials?"

Deputy Supervisor Stark: "Three per cent."

Steve Haizlip: "Three per cent-- about \$1,800 you stand to get, huh?"

Deputy Supervisor Stark: "I'm not quite sure, I haven't figured it out."

Steve Haizlip: "Well, the way that I think, until this economy picks up and some manufacturing comes in here and these jobs get better and the employment gets better, I think that should be-- a raise should be rescinded and not taken this year. When I was stationed once on a private airfield when I was in the army aviation, a fixed base operator said I need it for my plane. He said I wish I was in the same category that you fellows were. You have a bottomless pit. You can get anything you want. So you probably got a bottomless pit, you just hit us taxpayers and ask us again. So I would ask for that to be postponed maybe until this economy gets better. Thank you."

Deputy Supervisor Stark: "Thank you, Steve. Is there anybody else who would like to make a comment? Walter?"

Walter Paulik: "Good evening. My name is Walter Paulik. I'm the Chairman of the Town of Riverhead IDA, Industrial Development Agency. I have correspondence I'd like to give to Barbara this evening, but I'd like to read a quick letter to you.

I've been the Chairman of the Town of Riverhead Industrial Development Agency for the past 15 years. During the early 1980's, the Town of Riverhead set aside \$10,000 for the Agency to operate. The IDA is self sustaining and serves at the leisure of the Town Board. The Board of Directors serve honorably with no compensation for their services. There is no dedicated staff assigned to the Agency and no promotional marketing as a result.

Due to the change in the federal tax code in 1986 and the subsequent down turn in the real estate industry and the economy in

general, the IDA has not been active. Currently only one of our projects remains open on our books. New York State has required all IDAs throughout the State to submit audited financial information to them in compliance with mandates. In addition there are housekeeping items that require legal services. These requirements will deplete the remaining resources of the IDA.

As I indicated before, we've always been self sustaining because the fees generated. Those fees have now since dwindled. Our last deal was 1987. Without additional funding or a commitment to cover the expenses incurred by the IDA, the Agency will be required to close its doors.

With the Calverton reuse project pending in early 1996, the Town Board would be in a position to once again market industrial development and economic growth in the manufacturing and industrial sectors. It would be a tragedy not to have a Town IDA to market the Town and service industry.

During the July budget process, I submitted a memorandum requesting funding in the amount of \$10,000 for inclusion in the Town's budget. Upon review of this proposed budget, there is no provision to fund the IDA. I, therefore, respectfully request to have the Town Board reconsider and restore funding for the Industrial Development Agency.

That's the end of my letter. I'd just like to add one other proviso. There is a piece of legislation pending right now in Albany, in effect, to abolish these small IDA's, the Town IDA's, and incorporate them only into County IDA's. In the event that that legislation is successful, the funding, in effect, would just be set aside. And I would just like the Town Board to consider that and I would like to thank you for all your assistance in the past."

Deputy Supervisor Stark: "Thank you, Walter. Do you want to-- "

Walter Paulik: "Sure."

Councilwoman Gilliam: "Walter, are you aware of the Public Hearings that are going to be held, I think, next week in New York City regarding IDA and the proposal on that?"

Walter Paulik: "There are two of them. There's one in New York City and I think it's the 15th if I'm not mistaken. And there's also one pending up in Albany. But it's been my experience that they pretty much have their mind set on what they want to do and when you go on in there-- it appears that a lot of the agencies because of the funding, our total funding allocation is \$186,000 because they go by the per capita, I think it's \$75 per capita, the size of the Township. In effect we have to requisition Albany, so we are really at the mercy of Albany for the continuation of the IDA.

But I would just like us to be in a position to go ahead and market it because I do see that as a valuable resource."

Deputy Supervisor Stark: "Thank you, Walter."

Walter Paulik: "Thank you very much."

Deputy Supervisor Stark: "Is there anybody else who would like to make comment? Yes, sir?"

John Mather: "I'm John Mather, Bayberry Road, Wading River. I have a question. I read the budget and I would like to get a question and possibly a comment. Will there be a Riverhead clean up day either this year or next year?"

Councilman Prusinowski: "Yes."

John Mather: "There will be."

Councilman Prusinowski: "We are reinstituting a leaf pickup."

John Mather: "You are. Would that be next year?"

Councilman Prusinowski: "I was going to put it in the papers last week or the week before and I wasn't allowed to by the media. So I'm going to be-- we'll be publicizing it-- the Highway Department will be going around commencing November 26th. The curbside collection will still continue on Thursday and Friday. So those people who want on a regular basis, Thursday or Friday, bring their leaves to the curb, you can do that by putting them in the bags or you can still put them in open containers. If you have large containers, we'll take them, put them on the truck. Or if you would like, all residents in the Town,

are always invited to bring their own yard waste to the landfill. There's no charge. So any resident who has a pickup, who wants to during regular business hours, we're open I think 7:30 to 4:30, can do that. But starting November 26th, and the schedule will be published in the newspaper, we are going to be going around Town picking up the leaves and branches again."

John Mather: "Question. This trash pickup. Was this in effect up to now, on Fridays, that if you have yard waste in open containers that it would be picked up?"

Councilman Prusinowski: "Well, it's not in a sense open containers. If you have, you know, large garbage pails, if you want to put them in garbage pails-- "

John Mather: "Yes, that's what I mean."

Councilman Prusinowski: "Yes, you can, Thursday and Friday. Depending on where you live in Town."

John Mather: "Yes, I realize that."

Councilman Prusinowski: "Right."

John Mather: "It's been my experience and all the people in the locale, I know two roads adjoining myself, on Friday if you put a container out, it's very rarely picked up. It's a 20% pickup rate."

Councilman Prusinowski: "Yes. We're having a problem with Thursday and Friday. We're going out to bid again next year. We're going to change that arrangement. It did not work out to be honest with you. The Monday, Tuesday and Wednesday collection has been very regular. We're having a problem and we're considering withholding payments to the carters because of that and we're constantly on their case. In the denser areas of Town it doesn't seem to be a problem, but when we get into the less dense areas, they kind of peek down the roads and when we had the bid contracts and they were awarded, we had the bidding meeting, we told them to make sure that they put into their bids enough money for the lean times so that we want the roads covered and I'll be very candid with you, we're having a problem with that. The leaf pickup is being reinstated because reality is that number one, we're very fortunate in Riverhead. We have room at the landfill

to accommodate the yard waste. A lot of towns in the west don't. Number two, it's just that we are in a rural community and when the people in Wading River and Calverton have a lot of leaves. It's just you get overwhelmed. So we're going to be out there to help them pick it up. The Highway Department is going to be out there."

John Mather: "I know in my own experience, if they weren't picked up, if the cans were still sitting with the yard waste Monday morning, I would call up the Town Hall, I guess extension 252 which is the Supervisor's office, and the girl said someone will be there to pick it up and they would actually send a person in a pickup truck from here and pick them up. It's kind of wasteful I think."

Councilman Prusinowski: "Yes, well, we do that to accommodate-- and I'll tell you why. Because taxpayers pay for a service, we want to deliver and that's why we've been doing it. That's our problem, not you know, I mean, we have personnel on staff. It's not anymore overtime or anything like that. But it's just that we want to provide the service that you are paying for."

John Mather: "By the way, I don't want to say that it happens every time. It happens one out of five."

Councilman Prusinowski: "Well, I'll be candid with you. We're going to change that system, we're trying to-- we're devising-- I have-- actually, we have private companies now that are contacting me. They want to come in the Town for free and they-- for example, Scotts wants to come and take all our yard waste and pay us, actually pay us, the garbage industry is changing anyhow. So probably what you are going to see on that third pickup day is private contractors come in there like Scotts Company or Gershower (phonetic) or metal guys. One company will come around and pick up all the refrigerators and I know it will be picked up then because they are going to make money on it. That's really where I'm heading for on that third day because they are writing me now and that's the new thing that's going around the country so hopefully we will get it straightened out."

John Mather: "Thanks a lot."

Councilman Prusinowski: "You got it."

Deputy Supervisor Stark: "Thank you. Is there anybody else who

would like to make a comment? Bill?"

Bill Noehjl: "Bill Noehjl, Peconic Bay Blvd., Aquebogue. Vic, you said the Town is going to clean up the leaves and that. If they are raked out into the street, are they still going to clean them up or if they are put into sacks?"

Councilman Prusinowski: "Either way."

Bill Noehjl: "Okay, that's what I was wondering. But why put it in sacks if you can put out into the street?"

Councilman Prusinowski: "You're right. Because if you want to do it on the off days and have the carter pick it up. But we will take it either way."

Bill Noehjl: "All right. Just that I wanted that straightened out. If I don't put it in bags, the next guy puts it in bags, it blows back onto the guy who puts it in bags."

Councilman Prusinowski: "Well, ideally we would like it in containers because-- or bags-- because it solves that problem. But what happens is when you go up to some neighborhoods like when I went up to Wading River last year, and we had to send the trucks up, Bill, they had so many leaves."

Bill Noehjl: "I do, too."

Councilman Prusinowski: "I know you do. And, you know, you are there bagging for a (inaudible) years and you can never catch up with it, so-- "

Bill Noehjl: "I just wanted that straightened out, you know, either way."

Councilman Prusinowski: "Right. I'm going to probably go in during the hearing and I'll go in and get the schedule, I have it on my desk. And I'll just read it so the TV audience can start preparing because actually have the schedule from Charlie."

Bill Noehjl: "Thank you."

Deputy Supervisor Stark: "Thank you, Bill. Is there anybody else who would like to make a comment? If not, I declare the Hearing closed."

Public Hearing closed: 7:52 p.m.

Public Hearing opened: 7:53 p.m.

Deputy Supervisor Stark: "Let the record show that the time of 7:53 has arrived. Would the Clerk please read the notice of Public Hearing?"

Barbara Grattan: "I have affidavits of publishing and posting of a Public Hearing to be held at Riverhead Town Hall, Riverhead, New York at 7:15 p.m. on Tuesday, November 8, 1995, to hear all interested persons who wish to be heard regarding the development of the Town of Riverhead's Community Development Block Grant application for the fiscal year of 1996."

Andrea Lohneiss: "Andrea Lohneiss, Community Development Director. The Town of Riverhead receives an annual appropriation of funding from the Department of Housing and Urban Development. Project funding is based on an application prepared by the Town and each component activity must meet one of two national objectives. Either a benefit to low and moderate income persons or elimination of slum and blight."

Eligible activities meeting the national objective may then qualify in a number of categories, including historic preservation, public service, infrastructure improvements, public facilities, and housing rehabilitation.

As funding from other sources has diminished, demand on CDBG funding has become highly competitive. The Town Board must evaluate proposals and determine which will provide the greatest benefit to the Town and its citizens. The final application must be completed and submitted by December 1st. All those wishing to speak to this issue are encouraged to do so."

Deputy Supervisor Stark: "Thank you, Andrea. Is there anybody

that would like to make comment right now? Yes, sir? Fred?"

Fred Edel: "Fred Edel, Locust Street, Aquebogue. I have a prepared statement to read into the record. Would that be all right? Okay. I represent the Aquebogue community and our community requests the Town Board to set aside monies from the Community Block Grant to assist our community.

We are requesting a Community Block Grant to be used to rehabilitate the roads and correct the severe drainage problem that makes our roads virtually unpassable during rainstorms. We meet the qualifications for a Community Block Grant.

I also wish to submit for the record a petition signed by the members of the community. This petition requests that this grant be used for the sole purpose of road rehabilitation. I respectfully request your review of this petition. And our community appreciates your effort and work on our behalf. Thank you. Ock-A-Bock Association."

Deputy Supervisor Stark: "Do you have the written portion? Okay. Oh, okay. It might be easier for the girl that transcribes it. Thank you. Yes, sir. Way in the back."

Ray Kreiger: "Good evening. My name is Ray Kreiger from Oakwood Drive in Manorville. That's in the Town of Riverhead. I recently read in the News Review an article or a short caption on the residents problem in Aquebogue on a dirt road-- on their private roads. I, myself, live on a private road. There's actually two private roads in the Manorville area, it's Horton Court and Oakwood Drive. And in the last week, I tried to get my opinions in on this and if any Block Grant money is put aside for private road improvement, I think what's going to have to happen is it's going to have to go throughout the whole Town. Not just one community. Because it's the Town of Riverhead, and unfortunately what that will do is diminish whatever funds would become available, but we are in a situation whereas our road back in April, we had a fire back in the woods. They had about 100 fire trucks down our road and they also had to bring down bulldozers. And the bulldozer-- I asked the guy could you please drag the road as you are leaving, and what happened was the bulldozer broke down in the woods and they had to drag that out. So what we were left with was a damaged road. Now with all the heavy rainstorms, it's becoming

impassable."

Councilman Prusinowski: "What's the name of the road?"

Ray Kreiger: "Oakwood Drive."

Councilman Prusinowski: "It's still pretty bad?"

Ray Kreiger: "It's loaded with potholes. But, you know, the thing is that there seems to be a lot of dirt-- a lot of private roads in the Town and I know that the Town in no way has the funding to take these roads over and improve them. So whatever one community is going to get, unfortunately I think what you are going to have to do is look at all the roads in Town and see what can be done to help all the residents that happen to live on them. Thank you."

Deputy Supervisor Stark: "Thank you. Yes, sir. Yes, ma'am, way in the back."

Cheryl Smith: "Good evening. I'm Cheryl Smith. I also live on Oakwood Drive. If-- same thing, if anybody has any funding, it would be greatly appreciated. With the fire, I was the last house on this dead end street, and they all parked in my driveway and in front of my house. So when it rains, I get about three feet of water. So if there is any way that you could have a little sympathy for a mother who spends an awful lot of time in a maintenance place and having a vehicle fixed, would be greatly appreciated. Thank you."

Deputy Supervisor Stark: "Thank you. Yes, ma'am?"

Nancy Binger: "Members of the Town Board and the Supervisor. My name is Nancy Binger. I reside in Aquebogue and I'm the President of the Board of Directors of the Riverhead Community Awareness Program. I'm here requesting, hopefully-- "

Deputy Supervisor Stark: "Better known as CAP."

Nancy Binger: "Right. I was going to tell you a little about that. Yes, CAP is Community Awareness Program that does several things in the Town. We employ three social workers, one that we put in the high school, one that goes into the middle school, and we have one servicing some of the elementary schools. We also do a program in Pulaski Street

School and St. Isidore's School where we reach about 650 students with a substance abuse prevention program. And I think most of you are familiar. We culminate that at the end of the year in May with our Say No To Drugs march and I even saw a T-shirt in here earlier tonight so some of these kids are involved, too.

The Riverhead Community Awareness are-- the budgets that we have from the grants that we have-- we have been cut 12 percent and I don't know if you received any correspondence from our director telling you that, but, okay, I'll just kind of go over a little bit of that.

So, we've been cut. What that means-- "

Councilman Prusinowski: "It's from you."

Nancy Binger: "Yes, but it came from the office."

Councilman Prusinowski: "Okay."

Nancy Binger: "And I wasn't sure that it was going to get out, so we're hopefully requesting some money from the Town Board through this Community Development Grant, about \$20,000, if possible. Our cuts are at the minimum \$14,000 over the last couple of years and what those cuts mean to us is that we will probably have to do away with a social worker in the middle school. And it's kind of a snowball effect because if we lost that social worker then we lose that whole grant that that is written for.

We target children at risk with the social workers and where the school-- their social workers are mandated, a lot of the kids that go to those social workers are mandated because they've gotten into trouble already. We target the kids right before that, so that teachers or their parents or other problems that they might have, we try to get them before they start using drugs, before they actually have a problem with all of this.

You have, Victor, I guess, some of the actual figures so I won't go into that. I can tell you that I'm not real comfortable speaking in public, so you know this must be pretty important to me and to the community for me to even be up here. So I would ask you that you could consider that in your-- when you propose that budget for that Grant. We also-- it is a public service, and we also-- a large

percentage over 60% of the kids that we service are from low and moderate income houses. And if you know anything about education, you are far better served in the community if programs like ours can go in and educate the kids then to have to pay the police-- not knocking the police, but to have to pay for it later with the crimes and the problems that, you know, that happen in the community.

And I would like to also answer any questions that you might have. I also have two of our peer leaders. Aside from working with the kids in Pulaski Street and St. Isidore's, we have 50 peer leaders, eighth grade and high school students that go back into the school with our volunteer program and work with those kids, try to give them the tools to stay away from drugs. Alternate activities. I see you had posters there. I mean, that's a great thing for kids to be able to do in the community. Showing them ways to say no. Not just saying to say that, but they have to have that ammunition to fight that as well. So I'll let them just say a couple of words, but do you have any questions of us in regards to that?"

Deputy Supervisor Stark: "No. Mary cornered me earlier."

Nancy Binger: "Okay, so she has probably answered all the questions. Well, thank you for your time and-- "

Deputy Supervisor Stark: "She answered them before I asked them."

Nancy Binger: "Okay. I'm just going to introduce Darren Stakey, who is one of our peer leaders. And he can tell you what he does in the school."

Darren Stakey: "Hello. Thank you for inviting me to be here. My name is Darren Stakey, as you know, and I reside in Lakeview Drive, in Riverhead. I'm in the ninth grade in the high school, and I'm in the peer leadership program. And I'm here mainly to talk about the human aspect. Of course, you've heard about the 12 percent cuts and how that's affecting, but I guess you really have to be there because you actually see the brighten of the kids eyes when you walk into the classroom and they know your name. And it's more of an experience because when you teach somebody, you learn the stuff better yourself. And I think it's a very important thing that we have this in our schools and, again, it keeps our children off of drugs and it teaches ways to say no. But even more than that, it gives kids a way-- a

person to look up to. Not an adult that can say, this person is making me do this, but a person that has been in that situation, because I've been in CAP, and somebody who knows what's going on, knows how the person feels, and that's one of the main reasons that I think this peer leadership program is so important. Thank you."

Nancy Binger: "And this is Shanell Vestell."

Shanell Vestell: "Okay. My name is Shanell Vestell and I reside on the Millbrook Gables area of Riverhead, on Osprey Avenue. And I would just like to say that we should-- that you should continue to fund the peer leadership program because not only is it a good thing for the fourth and fifth graders who we teach, but it's a good thing for us upperclassman because we get a chance to represent Riverhead High School at seminars all over the county and all over New York State and, hopefully, this year at international conference, and also it's important that we fund this program because, I mean, there are a lot of-- with all the drugs and alcohol and cigarettes that's plaguing our neighborhoods and plaguing our generation, it's important that the young kids know of the dangers of these things and that-- even though DARE is a program that promotes drug prevention, that it's important that we students and high school students, present a positive role model. I mean we have all different kinds of peer leaders. We have musicians, student athletes, you've got honor students like myself, and also have ROTC cadets who these kids-- they look up to us and we present good role models in this Town and our community. And like she said with the 12 percent cuts, we might lose a social worker. And these social workers are the people who train us and prepare us to go into the classrooms and teach a vital lesson to these young people. So we encourage you to please, please continue to fund this program. Because it's not only important for the fourth and fifth graders, but it's important for grades eight through twelve and our entire community."

Nancy Binger: "Just to clarify something that Shanell said because not to continue to fund us because actually Suffolk County is who funds us and you might understand that, but for the public, but to ask you to help us out so that we can continue our programs. That's what our request is for. Thank you."

Deputy Supervisor Stark: "Thank you. Anybody else who would like to make comment? Yes, sir. Steve, I'll get you in a minute. I'm trying to go from the back forward."

Larry Kaiser: "Thank you. My name is Larry Kaiser, I reside in Jamesport. And I'm here representing the Aquebogue, Jamesport, Laurel Business Association. I'm just here to express my thanks and the thanks of our organization for the project that we started this year. Monies have been allocated for the improvements of the downtown Jamesport area.

It's my understanding that funds have been allocated and released and work should be started the beginning of the year, of '96. However, the organization would like to remind the Board that they are committed to a two phase project here. The second part of the phase would need the funds of approximately \$23,600. If there is any way the Board could see clear, see their way to have this money allocated for the remainder of this project, it would be greatly appreciated. Thank you."

Deputy Supervisor Stark: "Thank you. Anybody else?"

Larry Oxman: "Good evening. Larry Oxman. I'm here as the president for the Place for Learning. We had been before you not too long ago, if you recall, in an informal work session. At that time, we were talking about possibly looking to go into the Rimland building for our organization. Right now, we are actually taking your advice. It seemed that you were favorable of the concept of the Place for Learning which is going to be an educational center. It started out as a children's museum. It's now more of a multi-generational learning center. Science, math and technology.

Taking your lead, we've gone to the private sector and it looks like we have, indeed, found a location which we are currently negotiating on. I have a letter that I'd like to give to you. Rather than read the letter directly, you can certainly read the letter yourself.

But in essence what we're looking for-- for funds to help us start off. This would be in helping us acquire a site. In addition, we're also looking to set that same amount as a goal for our own fund raising sources through the private sector.

Since we last met, and to give you an overview on what we've done, we had our first public debut so to speak at the County Fair. We had a nice booth. We had a very positive response from everyone that came

to the booth. We had about 250 people that signed our questionnaire wanting to get involved. Out of that, 80 people were solid volunteers. At that booth, we had participation from Lt. Col. Christiana (phonetic) who does the Galaxy program which the Riverhead School District is involved in, I understand, this year. So that was all very, very positive and it kind of gave us confidence that we were doing the right thing.

In the meantime, Board members, myself, have started to visit other centers, to learn from other centers and what we could do to have that take place here in Riverhead. We're continuing to meet on a regular basis.

I think that the Place for Learning really would provide a very positive impact to the economic welfare of the downtown area and Riverhead as a whole, and for that matter the east end. I think you will see that there's a letter from the Business Improvement District. It seems to be in keeping with the economic revival of the downtown. There has been recent articles about creating an arts district. I say not only let's have an arts district, let's have an education district. This would complement Okeanos greatly. I also think that having this type of a center in Riverhead, with our success, that that would also aid in the marketability of the bonds for Okeanos.

All in all, I see it being a very wonderful and positive project. If you have any specific questions, I would be glad to answer. Okay. Thank you very much."

Deputy Supervisor Stark: "Thank you, Larry. Is there anybody else who would like to make comment? Andrea, do you have any closing remarks? If not-- yes, Bill?"

William Kasperovich: "William Kasperovich from Wading River. It seems that every time I have to come into Riverhead by bus, it rains. And so, once again, for the umpty time, I am bringing up the need for some sort of weather shelter at the bus stop. And I don't see anything materializing in that direction. Even the excuses or the reasons for not acting on it by virtue of relocating the stop itself seems to have faded out. But we still have many people that stand out there in the weather waiting for the bus. And if we are at the point of community development, it would seem to me that this is a development for the community.

Any difference I get on this, I use an example that in New York City where the vandalism and the graffiti are at its worst, they are able to build and maintain weather shelters at bus stops. Now, we in Riverhead don't have as big a problem as that and yet it seems we are dragging our feet on protecting the people that have to use the bus. They don't do this because they have a limousine in the garage. They do this because they have no alternative. And I think this community development should have this as a positive item for whatever extent and whatever direction.

The storekeepers there make it quite plain that you are not welcome to come in out of the rain. And there are enough people in number that this is an item of concern. Thank you."

Deputy Supervisor Stark: "Thank you. Yes, Steve."

Steve Haizlip: "Steve Haizlip of Calverton. For Mr. Bill Gasperovich, I have got the perfect solution for it. Calverton station has been closed now going on 20 years. A train don't even stop there. And yet, there's a beautiful shed standing right there. Not even being used. Suitable size for people to stand under it for the rain. All it would take would be a few concrete blocks with some bolts in it, truck it over, and set it in place. I suggest you try to see if you can get it from the Long Island Railroad Company. Thank you."

Deputy Supervisor Stark: "Thank you, Steve. Is there anybody else who would like to make comment? If not, I will declare the hearing to be closed."

Public Hearing closed: 8:17 p.m.

Deputy Supervisor Stark: "I see our guests from the Cub Scouts are getting a little weary eyed, so we are going to take about a 10 minute break, but prior to our breaking, I would like to introduce to you tonight our newly elected Councilpeople. I believe Jim (inaudible) is in the back. Jim, would you stand up. Mark-- well, tell him to come on in. Anyway, we'll get Mark when he comes back. We'll take a 10 minute break so the Cub Scouts can get to school on time tomorrow morning."

Recess 8:18 p.m. to 8:33 p.m.

Deputy Supervisor Stark: "Call the meeting back to order. The Public Hearing for the petition of Robert Strecker to construct a lateral water main has been withdrawn."

Public Hearing opened: 8:33 p.m.

Deputy Supervisor Stark: "I would ask the Clerk to read the notice of Public Hearing for the installation of a lateral water main to serve the subdivision of Sound Breeze."

Barbara Grattan: "That's for 7:20 though, Jim. We've got another one first."

We have the taxicab."

Deputy Supervisor Stark: "Well, it's after 7:20."

Barbara Grattan: "Well, I don't know. You are going out of order."

Deputy Supervisor Stark: "He's a very high priced consultant. Let's get him out of Town."

Barbara Grattan: "Okay, you've got it. Excuse me for one second. Let me do my thing."

I have affidavits of publishing and posting of a Public Hearing to be held at Riverhead Town Hall, Riverhead, New York, at 7:20 p.m. on Tuesday, November 8, 1995, to hear all interested persons who wish to be heard regarding the installation of a lateral water main to serve the realty subdivision known as Sound Breeze at Wading River, Section IV and Fairway Drive."

Dennis Kelleher: "Good evening. My name is Dennis Kelleher from the consulting firm H2M. We are the consultants for the Riverhead Water District. The developer for the Sound Breeze subdivision has

petitioned the Board for the installation of water mains to service what he calls Section IV of the complex.

Sections I, II, and III have previously been approved to provide water into the subdivision.

The Section IV is to serve a 46 lot section. It is off North Wading River Road. In order to provide public water to this section, we would require the installation of 5,780 feet of water main. The estimated water use for these 46 homes would be 5,520 gallons per day on an average, with a peak summer rate of 22,800-- excuse me, 22,080 gallons per day.

The total cost to install the water mains and appurtenances would be \$264,300. The total cost to be paid by the developer.

In addition to that, based on key money cost of \$2,500 per dwelling, the developer would be required to put up \$115,000 to pay for additional improvements within the Riverhead Water District, such as additional wells, storage tanks, etc."

Deputy Supervisor Stark: "Anybody would like to make a comment on this particular Public Hearing? If not, I declare the Hearing to be closed."

Public Hearing closed: 8:35 pm.

Deputy Supervisor Stark: "In between Hearings, Mark Kwasna is the newly elected-- if you would stand up for a second, Mark, let everybody take a look at you. Mark will be taking office in January along with Jim."

Public Hearing opened: 8:35 p.m.

Deputy Supervisor Stark: "Let the record show that the time of 8:35 has arrived. Would the Clerk please read the notice of Public Hearing?"

Barbara Grattan: "I have affidavits of publishing and posting of a Public Hearing to be held at Riverhead Town Hall, Riverhead, New York, at 7:15 p.m. on Tuesday, November 8, 1995, to hear all interested persons who wish to be heard regarding the proposed Local Law to consider the enactment of an ordinance to regulate the business of owning and or operating taxicabs within the Town of Riverhead."

Deputy Supervisor Stark: "Harriet?"

Councilwoman Gilliam: "Okay. We are revisiting this topic based on some subsequent discussions which we had with taxicab owners to revise the proposal and I'll just mention a couple of the salient points that came out of the discussions in the meetings that Victor and I had with the taxicab owners.

One was a concern about the fee for licensing of a vehicle. We have agreed to be consistent with what other municipalities are doing in terms of charging \$100 per vehicle for licensing. And with respect to driver's permits for taxicab drivers, the fee that is proposed in the revised ordinance is \$25.

Another area of concern was the use of vans as taxicabs in the Town and after I checked with New York State Department of Transportation, the State does have independent regulations with regard to the operation of vans as taxicabs and our code now reflects that. That if a motor vehicle is being used as a van for transporting passengers for compensation, that in addition to meeting the Town requirements, they would have to document that they are in compliance and have been approved by New York State Department of Transportation for such use. And those are the major points that are part of the revision."

Deputy Supervisor Stark: "Is there anybody in the audience who would like to make comment on the Public Hearing? Yes, sir."

Ronald Eck: "Mr. Supervisor, Supervisor elect, and Councilpeople. First I wish to congratulate you, Mr. Stark. I said I would take a vacation, which I did, but the vacation was longer than I figured. It was a very (inaudible) summer that I had. I'm in pain now, but I am here. I had to move out of the Town of Calverton, but I wish to do a little talking tonight, but on the taxicab issue. I would like to see the Town not only do a-- have a State inspection, but I would like to see the Town have maybe a six month inspection after the State in-

pection because some of them taxicabs should not be on the road.
That's all I have to say."

Deputy Supervisor Stark: "Thank you. Yes, Steve. Are you going fishing back there, Gary?"

Steve Haizlip: "Steve Haizlip, of Calverton. I am glad to hear that the fee of \$100 for each vehicle has been set for \$100 rather than \$500 which was originally, which is more reasonable and in line with the small Town that we have and the economic situation of generating revenue by these cabs. So I'm glad-- and also the reasonable fee of \$25, the registering of the driver. That's reasonable. Now, we're getting down to common sense and economic, and rather than trying to promote high revenue out of people that don't have it and is trying to operate and start out. So, I commend you on resetting that fee."

Deputy Supervisor Stark: "Thank you, Steve. Is there anybody else? Bill?"

William Kasperovich: "William Kasperovich from Wading River. My memory serves me well at the Town Hall meeting where licensing cabs in Riverhead came up for the first time and the conditions that were of concern then to me are the same conditions of concern now.

You charge \$100 for vehicle, what are you going to do for that \$100? Most of the cabs operate with-- are not private cabs. They pick up everybody and anybody along the way or pick up several parties at the same time so when you engage a cab, you don't engage a cab alone. There are other people that share the cab with you.

Also, the conduct and the type of drivers that have to accommodate the public, somebody has to ride herd on them, not that it as dreadful as it used to be years ago, but I would expect that we are going to make provisions and concerns in addition to seeing that they abide by the law. To me the consideration and concern on the top of the list is the people that have to use the cabs and I don't know that we have people that use the cabs specifically to evaluate the conduct of the cab drivers and the cab companies. We are going to charge them \$100, let's do \$100 worth of service for the people, not the companies or they are in a business to make a profit. If they don't make a profit, they take their business elsewhere. But, the people that have to use

these cabs are the people that should be looked after and I don't think that anybody is paying attention in this direction. So I bring it to light here and now. Thank you."

Deputy Supervisor Stark: "Thank you, Bill. Anybody else? If not, I declare the Hearing closed."

Public Hearing closed: 8:43 p.m.

Deputy Supervisor Stark: "Is there anybody who would like to speak to the Town Board on any particular given subject? Yes, sir? He had his hand up before you did, Bill."

Ronald Eck: "Sorry, Bill. Mr. Supervisor Elect, I heard your speech last night on a few things, but I'd like to let you know before I leave this wonderful Town, I'd like to let you know I received a letter dated July 7th from Dr. Robert Holmes. He says to me, Mr. Ron Eck, Post Office Box in Calverton, which I still hold. Dear Mr. Eck: Thank you for your contribution of coupons to be turned in for our computer supplies. I had collected a lot of coupons from the Sunoco gas station in Centereach. They had given me extra coupons and every time I had a bunch, I would take them to Dr. Holmes.

I'm not going to read the whole letter. But they went to the Phillips Avenue School. My granddaughter isn't in Phillips Avenue School anymore now; she's in Pulaski Street School. But I got a letter and I'm going to give it to Barbara. He thanked me for the assistance.

Also, I received a letter from the Town of Riverhead Senior Citizens Program, which is right across the street. Dear Mr.-- that was dated August 8th. Dear Mr. Ron Eck. My post office box in Calverton and they got a post office box, too, it's 202. Dear Mr. Eck: Thank you for the donation of the handicap equipment to our senior center. Your generosity in supplying these items is greatly appreciated. Again, thank you for your kindness and it's signed Sue McEnvoy (phonetic).

Now, I've heard things before. I've heard a lot of things about this Town; I heard a lot of things about you, Jim. I heard things said that you were dictating to the people. We have a flag up there.

I know you were in the service, Jim. I don't know if Vic was in the service, but I know Frank was. I have a letter here in front of me. At our past Republican Party National Convention held in Dallas, Texas, a one Gregory Johnson led a protest demonstration and stole a flag from a nearby bank. Outside the convention hall he started to demonstrate against our flag, what it stands for. He started to chant, red, white and blue, we spit on you. The police officer standing by-- I'm not reading it all, I'm just going through it, let him do what he was doing until he started to burn the flag. The minute he burned the flag, they arrested him. Gregory Johnson took his case to the Supreme Court and he won by freedom of speech.

Now I heard out in Southold Town recently at an afternoon meeting -- they have afternoon meetings out there and they have evening meetings. A man got up, I won't mention his name, but he was more or less calling Supervisor Thomas Wickham a Russian. Now Mr. Wickham is not no Russian. He ain't dictating to the people. He don't have no red flag with a sickle on it and a hammer.

But it says here that they wanted us to write a letter to Senator Monihan (phonetic) because our two senators who support the amendment have recently resigned. We need Sen. Monihan's support and he has been negative on the support given the resolution for our flag. I have some letter here with me, I already typed them up and everything, they're printed. If anyone wants to have copies of them, I will have them after the meeting. And if they want them, all they have to do is put their name on it and sign it and send it off to Sen. Monihan or Sen. D'Amato or even Congressman Forbes. Now, Congressman Forbes has been helping us a lot.

Now, another thing I said I heard your speech last night on youth programs. A lot of people don't know what the Knights of Columbus in this Town has been doing. I hate to take up a little bit more than five minutes, but I have started as sports chairman of the Immaculate Conception Council Knights of Columbus in Riverhead, two years we've been doing this now. I have started it and my co-chairman is Farmer Dan Donohue up in Calverton, and we have one of our coaches here tonight. We went into the Little League because we couldn't get our kids to go into the Knights of Columbus Squires. We started two little league teams we donate to. We sponsor a softball little league for the girls and a baseball team for the boys. I couldn't make them this year because of my health. But last year I was down there for

just about every game. I hope to make them next year. But I have also started and I hope there are parents listening to me tonight, I went over and I seen Bill Roth (phonetic) last week. He is the coach-- the athletic chairman for the schools. We have started this year and I'm going back to keep in touch with Bill Roth in about a week, we have started what they call a free throw program. That means basketball and we need children from ages 10 to 14, no matter what they look like, what school they come from. I believe we have 16 schools in the Town of Riverhead. Any child from 10 to 14 I would advise them to go over to see Bill Roth at the high school. His office is in the back in the weight room, right behind the school, the first door you come to and register your child with him. Because we are looking for a team.

And they will win trophies. They will go to county sports events, free throw events, and also go to State free throw events. Okay, Jim, I'll get on with it. So, Jim, the Knights of Columbus have been doing a lot of things in this Town. And people don't know about it."

Deputy Supervisor Stark: "Thank you. Yes, Bill."

William Kasperovich: "William Kasperovich from Wading River. This subject to me is like a broken record. I've been here time and time again, and I feel strongly about it, I feel there's a lack of procedure in the Township with regard to violations and citations.

I put in a complaint on a building violation on December the 3rd with all the information. Every "i" and "t" were marked. And today as of this afternoon, it has not been resolved. Meaning that the process is faulty and the solution I have brought forth here many times, is that violations should be posted out on the lobby bulletin when it is issued. Such that the public will know violation is outstanding or the violation is not being acted upon. Now, I could stand here for a long time and go into various cases of serious nature that have not been accommodated. And the good Lord blesses us that we don't have as many disasters and problems as we have, but at the same time year after year we have a system and it doesn't work and we don't do anything to correct it. And I say post the violations, post the citations. If they're not acted upon, if they're disregarded, or they are not posted, the public then has grounds to follow through. This business of going to the Building Department and look through the book

to see whether it's there or what's been done about it consumes a lot of time and people and what have you. But, you are then putting neighbor against neighbor. You are putting neighbor against community. You are putting neighbor against many things. Where the system should be taken care of by people who collect a salary and they are expected to do this.

And this is nothing new with me. I haven't originated this idea. There are many places in this country that I've been in that you go into the Town Hall and the bulletin board up front lists outstanding violations. You go into New York City, you see it in the Daily News. Issued violations, outstanding violations. So it's not a question of doing something illegal or improper. It is putting it out front and if people want to take issue with it, there's the step to take. They can't say it hasn't been put out front or they've been sliding it under the carpet or they're ignoring it.

Now, I'm not asking for anything to be acted on now. But I'm asking that this subject be put on the agenda from now until January the 1st with recommendations on how and what to do such that when you have your new Board you will have a firm researched thought out procedure of public posting violations, citations, and other improper, irregular things that the public should know. Thank you."

Deputy Supervisor Stark: "Thank you. Steve? I'll get to you in a minute, Annie, right after Steve."

Steve Haizlip: "Steve Haizlip of Calverton. I'm going to follow along the lines that Bill just spoke. You know, I'm not a Town omnibusman and I'm not a Town CEO. But yet I get calls and I get talked to all the time about this and about that, somebody's got mess all over, can't you do something? What I'm going to do in the future, as he says, you are getting paid for this. Or somebody is getting paid. I'm going to just call up, I'm going to write down on my calendar the date and the time and who I spoke to, and then if I get a rebuttal from it, I'll say there's what I did and we'll see if things can happen that way.

I would like to inquire about resolution 746. Since this is already printed, since it's printed on a Town document which is being discussed in a meeting tonight, what is objected to County transfer of Suffolk County police dispatchers? Are they trying to be getting to-- "

Deputy Supervisor Stark: "They transfer the budget line from the police line into the general fund of which we all pay for in the County and we would not be receiving services, the services of, so we are asking to put in back in there. In the five western towns budget lines for police, rather than charge us for it."

Steve Haizlip: "I didn't quite catch all that. Could you just explain it just briefly?"

Deputy Supervisor Stark: "The police dispatchers are funded by a budget line. Last year that was in the police budget line. They've drawn that out of that and put it into the general fund of which you and I and everybody out here on the east end will pay a portion of."

Steve Haizlip: "And this is Suffolk County?"

Deputy Supervisor Stark: "What we're saying is we don't receive any of that service, so put it back to where-- "

Steve Haizlip: "And this is Suffolk County Police in Yaphank?"

Deputy Supervisor Stark: "That's right."

Steve Haizlip: "I go with that. Okay. Now, they don't give us anything, so we shouldn't have to pay it."

Deputy Supervisor Stark: "Right. Annie, and then we'll take up the resolutions."

Ann Miloski: "My name is Ann Miloski and I live on South Path Road in Calverton in the subdivision of Timber Park which was officially subdivided in March of 1948. Now, we're having a problem in there. It seems that a piece of property which I always thought was the soccer field for Timber Park has been sold to Central Biblical Inc. in Freeport. Now this Sunday we had a very nice surprise. A mobile home, trailer home was pulled onto the property with from 30 to 50 people there, cutting down trees and burning the trees, which is of a great concern to us because that whole area is wooded and the houses would go down immediately in that area if the wind is blowing in the right place.

So, and the other concern I have is that I've been working on the

Calverton Hamlet Study for three years and in all that time, we've been working on Industrial A property which I notice that part of this property is zoned and no one has even pointed this property out to us and I think that that is a major concern because it's like seven and a half acres. Two acres of which is frontage on South Path Road which is Residential C and the back parcel is Industrial A. Surrounding it is the buffer zone of the navy which has been designated as open space. And I can't for the life of me see how that could have ever been put Industrial A. And I don't know when it was put there or who put-- "

Deputy Supervisor Stark: "A long time ago, Ann. I bet you 25 years ago."

Ann Miloski: "I would like to have the Town Board members and the Supervisor to really look into this and do something about it."

Deputy Supervisor Stark: "I went past it the other day. Bobby has been addressing it. I'll let Bobby respond to it."

Robert Kozakiewicz: "Monday morning I was greeted by a number of calls and complaints concerning this particular piece of property. I understand the police also received a number of calls and had been out to the site on a number of occasions."

As you've pointed out, the property which my recollection is about 7.4 acres total is within two zoning districts, the front being Residential C I believe, and the back being Industrial A. The open burning is obviously a problem under the environmental conservation law and I also believe under the Public Health Law any Township greater than 20,000 in population you must obtain a burning permit through the forest rangers and we also have provisions in the Town code. So if they were burning, they should not have done so unless they had a permit and it's highly unlikely they would have gotten one for that location.

There's been some question as to what the intended use of the site is. I've heard varying stories about what will be done or what they intend to do at the site, so we are looking into it and certainly it is something that we got a number of calls on Monday and we are following up on it."

Ann Miloski: "Very good, thank you. The other thing I wanted to

ask you about are they allowed to leave that trailer and mobile home on that property? According to-- I don't believe they can."

Deputy Supervisor Stark: "It's more of a-- "

Ann Miloski: "Unless they were parking it on their property, on the rear part of the property. But not to live in or to have people come for the weekend to camp out there."

Robert Kozakiewicz: "That was the question as to what it was being used for. If it was being used to reside in, I would agree with you. That that's not a permitted use of that trailer. If it was being used as a work station, then it gets a little bit more gray."

Ann Miloski: "But they would have to have a building permit first."

Robert Kozakiewicz: "That's, well, to clear land in a residential zone, our site plan land clearing restraints do not affect residential property. So you can clear a residential site without a building permit."

Ann Miloski: "But they can't bring 50 people there every weekend, can they?"

Robert Kozakiewicz: "To live there and to reside there, I think you might have a problem. Yes."

Ann Miloski: "Okay, thank you."

Deputy Supervisor Stark: "Thank you. Bill?"

Bill Noehjl: "Bill Noehjl, Aquebogue. To substantiate what Bill has said and what Steve has said, there are a lot of activities going around in this Town on a weekend that are not in order. I wish a telephone number that I can contact someone Saturdays and Sundays and holidays of what is considered illegal operations, like commercial yard sales, things of that type. They just come out after the 40 hour week of the Town is over and they do as they please. Is there a number that can be called to have someone come out and check on the spot, not Monday morning, Tuesday or Wednesday? Now, when it's being done?"

Deputy Supervisor Stark: "727-4500."

Bill Noehjl: "That's the police department. They don't do it."

Deputy Supervisor Stark: "The police department certainly can if they feel it-- they deem it necessary, can call out the code enforcement officer. They will make the first judgment on it on a weekend. Or in the evening."

Bill Noehjl: "That's the only one?"

Deputy Supervisor Stark: "Yes. Unless you want to call me at home."

Bill Noehjl: "That won't do any good, Jim."

Deputy Supervisor Stark: "I'm certainly listed in the book and you have called me at home."

Bill Noehjl: "I have called you at home and I haven't got a response."

Deputy Supervisor Stark: "I don't mind you calling me at home."

Bill Noehjl: "But, will you come out?"

Deputy Supervisor Stark: "If I'm available I will come out."

Bill Noehjl: "All right. Thank you."

Deputy Supervisor Stark: "Don't call too often."

Bill Noehjl: "It would be more often than not. You'd be surprised how much is going on."

Deputy Supervisor Stark: "We could have a good time traveling around the Town. I'd go on a tour of the Town with you. Let us take up the resolutions."

Resolution #721

Councilman Prusinowski: "If you don't mind, I just want to read

this schedule. Because it's the loose leaf pickup that some people are going to jump on it."

Deputy Supervisor Stark: "All right."

Councilman Prusinowski: "The week of November 27th we are going to be Laurel, Northville, Jamesport, Aquebogue from Southold Town line west to 105. The week of December 4th, we will be picking up Riverhead, Baiting Hollow, Calverton, Route 105 west to Edwards Avenue, and the week of December 11th, Calverton, Wading River, Manorville, Edwards Avenue west to Brookhaven Town line. Read the local newspapers. We'll have the schedules published."

721, approves change order for secondary settling tank. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #722

Deputy Supervisor Stark: "Authorize publication of advertisement regarding reuse of the Calverton facility. So moved."

Councilman Prusinowski: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #723

Councilman Creighton: "This declares the lead agency and determines the significance of action of Mary Lou Sargent application for a day care center. So moved."

Councilwoman Gilliam: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #724

Councilwoman Gilliam: "Authorization to publish bid. So moved."

Councilman Creighton: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #725

Councilman Prusinowski: "Amends site plan Paraco Gas. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #726

Deputy Supervisor Stark: "Authorizes publication of public notice for open meeting reference the redevelopment of the former Stumman facility. So moved."

Councilman Prusinowski: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #727

Councilman Creighton: "This authorizes the publication of a bid for cold water meter. So moved."

Councilwoman Gilliam: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #728

Councilwoman Gilliam: "Does someone else want to do this because I'm going to abstain."

Councilman Creighton: "This authorizes publication to post a request for proposals for historic preservation activities at the Hallockville Museum Farm. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam?

Councilwoman Gilliam: "I'll abstain based on the fact that I am a member of the Board of Directors of Hallockville."

The Vote (Cont'd.): Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #729

Councilman Prusinowski: "We are publishing a bid. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #730

Deputy Supervisor Stark: "730 to 732, without objection I'll move appoints recreation aides for our winter program. So moved."

Councilman Prusinowski: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolutions are adopted.

Resolution #733

Councilman Prusinowski: "Authorizes the Supervisor to release petty cash monies to Receiver of Taxes. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #734

Deputy Supervisor Stark: "Amends the site plan of Tanger Factory Outlet Center amendment 3. So moved."

Councilman Prusinowski: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #735

Councilman Creighton: "This authorizes the publication of bid for chemicals for use by the Town. So moved."

Councilwoman Gilliam: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #736

Councilwoman Gilliam: "I'd like to move to table this resolution."

Deputy Supervisor Stark: "I'll second that."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is tabled.

Resolution #737

Councilman Prusinowski: "Amends site plan of Harley Davidson. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #738

Deputy Supervisor Stark: "Authorization to republish a bid. So moved."

Councilman Prusinowski: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #739

Councilman Creighton: "This authorizes the Clerk to publish and post notice of Public Hearing regarding the special permit petition of William Tintle (Main Road Associates). So moved."

Councilwoman Gilliam: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #740

Councilwoman Gilliam: "Amend site plan approval of Cross Ready Mix, Inc. to permit installation of curbing and landscaping. So moved."

Councilman Creighton: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #741

Councilman Prusinowski: "I'll move Resolution 741, 742 we are publishing more bids. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolutions are adopted.

Resolution #743

Councilman Creighton: "This extends the site plan approval of Arthur Kretschmer. So moved."

Councilwoman Gilliam: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #744

Councilwoman Gilliam: "Awards bid for paint. So moved."

Councilman Creighton: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #745

Councilman Prusinowski: "Authorizes the Town Clerk to publish and post a Public Notice. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #746

Deputy Supervisor Stark: "Resolution objecting to the County transfer of Suffolk County Police Dispatchers funding to the general fund. So moved."

Councilman Prusinowski: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #747

Councilman Creighton: "This grants a parentage leave of absence. So moved."

Councilwoman Gilliam: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #748

Councilwoman Gilliam: "Authorizes expenditure for memorial flags for Veterans Day. So moved."

Councilman Creighton: "And seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #749

Councilman Prusinowski: "This is a general Town budget adjustment which will enable us in part to buy some police cars. So moved."

Deputy Supervisor Stark: "Seconded."

Deputy Supervisor Stark: "Moved and seconded."

The Vote: Gilliam, yes; Creighton, yes; Prusinowski, yes; Stark, yes. The Resolution is adopted.

Resolution #750

Deputy Supervisor Stark: "Motion to pay bills."

Councilman Prusinowski: "So moved."

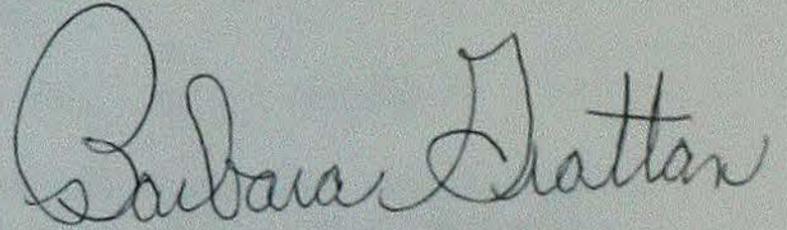

Deputy Supervisor Stark: "Seconded. All in favor?"

The Vote (Collective response): Aye.

Deputy Supervisor Stark: "Opposed?"

Without objection, this meeting is adjourned."

Meeting adjourned: 9:10 p.m.
