Present:

Adam Grossman, Esq.	Town Attorney
Barbara Grattan	Town Clerk

Barbara Grattan: "Let the record show that the time is 1:06. The first public hearing will be called."

Public Hearing opened: 1:06 p.m.

Barbara Grattan: "I have affidavits of publishing and posting of a public hearing to be held at Riverhead Town Hall, Riverhead, New York at 1:00 p.m. on August 27, 1998, to hear all interested persons who wish to be heard regarding Chapter 54 - Unsafe buildings and collapsed structures, property owned by Brookfield Farms, Inc. located at 466 Main Road, Aquebogue. 4322 East Avenue, Riverhead, New York."

Adam Grossman: "I'd like to call Sharon Klos to testify. Sharon, are you here?"

Sharon Klos: "Yes, I am."

Adam Grossman: "Sharon, would you raise your right hand, please? Do you swear to tell the truth, the whole truth and nothing but the truth, so help you God?"

Sharon Klos: "I do."

Adam Grossman: "Sharon, could you state-- you already did state your name for the record-- or maybe you didn't."

Sharon Klos: "I didn't."

Adam Grossman: "You didn't. Okay. If you could do that, please?"

Sharon Klos: "Yes, I am."

Adam Grossman: "And what is your position with the Town of Riverhead?"

Sharon Klos: "Building Permits Coordinator."

Adam Grossman: "And what is your expertise for reviewing the Chapter 54 of the Town Code regarding residences that are not in compliance with said chapter?"

Sharon Klos: "I have over 20 years experience as a field super-- job project manager in the private sector. I served six years in the Town of Babylon as Senior Building Inspector in charge of commercial applications. I have completed 125 hours of mandated state training and an additional 112 hours of continuing education. I have accrued approximately 80 some odd credits in engineering and I have maintained this position for approximately six years with the Town of Riverhead."

Adam Grossman: "And, Ms. Klos, did you do a site inspection and a review of the property located on Main Street in Aquebogue which is the subject of this public hearing?"

Sharon Klos: "Yes, I did."

Adam Grossman: "And what did you find when you went to the premises?"

Sharon Klos: "Upon examination, the premises were open and accessible. The interior of the building is totally gutted. The premises at this point in time is being used to store building materials, which is a violation of the zoning. The bulding is open and accessible and it is capable of being used as a gathering place for vandals and for any individuals who would care to partake of illegal activities and as such I have maintained that the building is a danger to the health, safety and welfare of the residents of the Town of Riverhead and have invoked Chapter 54 for its condemnation."

Adam Grossman: "And your recommendation regarding this particular site?"

Sharon Klos: "On this particular site, I would recommend demolition."

Sharon Klos: "Thank you. Is there anything else you would like to add?"

Sharon Klos: "There is an additional building, an outbuilding to the rear which I would also include in this application."

Adam Grossman: "Okay. Thank you."

(Unidentified): "Could you as part of the record please read the tax map number in?"

Sharon Klos: "The tax map number of the premises is 600-85-3-3."

Barbara Grattan: "And the public hearing is closed as of 1:10."

Public Hearing closed: 1:10 p.m.

Public Hearing opened: 1:10 p.m.

Barbara Grattan: "I have affidavits of publishing and posting of a public hearing to be held at Riverhead Town Hall, Riverhead, New York, at 1:05 p.m. on August 27, 1998, to hear all interested persons who wish to be heard regarding Chapter 54 - Unsafe buildings and collapsed structures property owned by Christoforus Veoukas located at 519-525 Osborn Avenue. Adam Grossman: "I wish to call Sharon Klos to testify."

Sharon Klos: "Present."

Adam Grossman: "Sharon, could you please state your name-- oh, I'm sorry. Sharon, please raise your right. Do you swear to tell the truth, the whole truth, and nothing but the truth, so help you God?"

Sharon Klos: "I do."

Adam Grossman: "Thank you. This public hearing is regarding real property located at tax map number 126-1-2.003. Sharon, could you please state your name for the record?"

Sharon Klos: "Approximately 25 years of experience as a project manager and field supervisor in the private industry. Six years with the Town of Babylon as a Senior Building Inspector, Commercial Division; 124 hours of mandated state training for code enforcement officials. An additional 112 hours of continuing education through the same agency, and approximately six years of experience in the field in my present position for the Town of

Riverhead."

Adam Grossman: "And, Sharon, did you do an inspection of property-- real property owned by Christoforus Veoukas located at 519-525 Osborn Avenue, Riverhead, New York, at the tax map number I previously made reference to?"

Sharon Klos: "Yes, I did."

Adam Grossman: "And what did you find when you did site inspections of the property?"

Sharon Klos: "Upon examination, the building has-- it is of some age. The north side of the building is collapsing at this point in time. The roof is starting to cave in; the wall is starting to cave in. There is extreme weathering and rot throughout that building. There's weathering. The structure itself, I believe, has been compromised in that there is sag in the roof and other evidence of structural instability.

It would be my recommendation on this building that this building is a danger to the health, safety and welfare of the residents of the Town of Riverhead, and I would recommend its demolition at the earliest possible time."

Adam Grossman: "Is there anything you'd like to add to your testimony in addition to that?"

Sharon Klos: "I don't think so."

Adam Grossman: "Okay. Thank you very much. The public hearing is closed."

Barbara Grattan: "The public hearing closed at 1:15 p.m."

Public Hearing closed: 1:15 p.m.

Adam Grossman: "I have a list here of Great Peconic Yacht Basin, Inc. Do you have that?"

I have affidavits of publishing and posting of a public hearing to be held at Riverhead Town Hall, Riverhead, New York, at 1:15 p.m. on August 27, 1998 to hear all interested persons who wish to be heard regarding Chapter 54 - Unsafe buildings and collapsed structures property owned by Patricia McAlpine, located at 21 Front Street, Jamesport."

Adam Grossman: "I'd like to call Sharon Klos to testify. Sharon, could you raise your right hand, please? Do you swear to tell the truth, the whole truth, and nothing but the truth, so help you God?"

Sharon Klos: "I do."

Adam Grossman: "Sharon, could you state your name for the record, please?"

Sharon Klos: "Sharon Klos."

Adam Grossman: "Sharon, what is your position with the Town of Riverhead?"

Sharon Klos: "Building Permits Coordinator."

Adam Grossman: "And what is your expertise in reviewing applications or Chapter 54 of the code as applying to residences in the Town of Riverhead?"

Sharon Klos: "Approximately 25 years in the private sector as a job superintendent and project manager. Six years as Senior Building Inspector, commercial division, in the Town of Babylon; 124 hours of mandated state training. Approximately 112 hours of additional education also through New York State with respect to building codes and building structures and any problems therein. Approximately six years in my present position for the Town of Riverhead."

Adam Grossman: "And, Sharon, did you do site inspections of real property owned by Charles Mason located at 432 East Avenue,

Riverhead, New York, designated, Suffolk County Tax Map No. 600--

Barbara Grattan: "This one is 21 Front Street, Jamesport."

Adam Grossman: "Oh, I'm sorry. "Okay."

Barbara Grattan: "It's Patricia McAlpine."

Adam Grossman: "Okay. I had Mason next. Okay. Can you take that out when you-- "

Barbara Grattan: "You know what, Adam? You were right."

Adam Grossman: "Charles Mason is the next one on the list."

Barbara Grattan: "Lot 115. Two McAlpine. It's 115."

Adam Grossman: "Okay. Mason's 110."

Barbara Grattan: "Right."

Adam Grossman: "Okay. So we're doing McAlpine, okay."

Barbara Grattan: "I'm sorry, Adam."

Adam Grossman: "That's all right. Okay. The tape is on? Okay. And, Sharon, did you do a site inspection of real property owned by Patricia McAlpine located at 21 Front Street, Jamesport, New York, designated Suffolk County Tax Map #92-04-2.00?"

Sharon Klos: "Yes, I did."

Adam Grossman: "And what did you find when you did site inspections of the property?"

Sharon Klos: "The paperwork on this particular site, I believe, was signed by Bruce Johnson, who is our Fire Marshal, but I was with him on the days that he conducted that particular inspection. We found two structures, the one on the west side was open and accessible and in a severely deteriorated condition. The one on the left was in the same type of condition. Since that point in time it has come to my attention that-- through Mr. Johnson, that these two buildings have been secured."

Adam Grossman: "Okay. Now, we have properties located at 21 Front Street and 9 Front Street."

Sharon Klos: "That's correct."

Adam Grossman: "However, this particular public hearing is on 21 Front Street."

Sharon Klos: "Okay, all right."

Adam Grossman: "Okay."

Sharon Klos: "So we'll confine ourselves to 21."

Adam Grossman: "Yes."

Sharon Klos: "Okay. 21 would be the smaller building and that was the building on the east side. As I said, I was there with Mr. Johnson at the time of the inspectio. Those conditions-- "

Adam Grossman: "Sharon, could you hold for a second. Could you turn off the tape for a second."

Sharon Klos: "Okay. My comments with respect to the small building on the east stand. That building was in an extremely dilapidated condition and had been used as a center for the housing and feeding of innumerable cats. It has come to my attention through Mr. Johnson that this building has been secured."

Adam Grossman: "Okay. And what is your recommendation at this time?"

Sharon Klos: "Okay. At this time, it would be my recommendation that the structure be reviewed periodically within the next six months to ascertain that the boarding remains secured."

Adam Grossman: "Okay. Anything else that you would like to add, Sharon?"

Sharon Klos: "Not at this time."

Adam Grossman: "Okay. Thank you very much."

Barbara Grattan: "The public hearing is closed at 1:20 p.m.

Public Hearing closed: 1:20 p.m.

Public Hearing opened: 1:21 p.m.

Barbara Grattan: "The time is 1:21. The public hearing is opened. I have affidavits of publishing and posting of a public hearing to be held at Riverhead Town Hall, Riverhead, New York at 1:10 p.m. on August 27, 1998, to hear all interested persons who wish to be heard regarding Chapter 54 - Unsafe buildings and collapsed structures, property owned by Charles Mason located at 4322 East Avenue, Riverhead, New York."

Adam Grossman: "I'd like to call Sharon Klos to testify."

Sharon Klos: "Okay."

Adam Grossman: "Sharon, please raise your right hand. Do you swear to tell the truth, the whole truth and nothing but the truth, so help you God?"

Sharon Klos: "I do."

Adam Grossman: "Sharon, please state your name for the record?"

Sharon Klos: "Sharon Klos."

Adam Grossman: "What is your position with the Town of Riverhead?"

Sharon Klos: "Building Permits Coordinator."

Adam Grossman: "And what is your expertise in reviewing Chapter 54 of the Riverhead Town Code as it applies to properties located within the Town of Riverhead?"

Sharon Klos: "Approximately 25 years experience as a field supervisor project manager in the private sector. Approximately

six years with the Town of Babylon as Senior Building Inspector Commercial Division; 124 hours of training in building codes and construction in the State of New York. Approximately 112 hours of additional continuing education in the same field. Approximately 80 some odd credits accrued towards an engineering degree, and six years at my present position with the Town of Riverhead."

Adam Grossman: "And, Sharon, did you conduct site inspections of real property owned by Charles Mason located at 4322 East Avenue in Riverhead, New York, Suffolk County Tax Map #600-126-4-48?"

Sharon Klos: "Yes, I did."

Adam Grossman: "And what did you find when you conducted site inspections at that property?"

Sharon Klos: "There are two structures on the site. There's a garage to the rear of the property or the eastern end of the property which is in a collapsing condition at this point in time in that the rear wall is already falling down and so is one side wall. The house itself is in a very weathered condition. There is a cracked main girder running underneath the house. The homeowner has either attempted repairs or had repairs attempted on the premises. There's also a section of foundation which appears to be collapsing and falling in on the south wall by the cellar entrance. There was some shoring up done of the main girder, however, it's not placed on footings which means it's not structurally stable and to the north side of the house, there is a girder which is totally unsupported on both ends.

Obviously, my recommendation in this particular case would be that the garage be demolished as soon as possible and that any-- the house is-- what's complicating this is that the house is occupied. I believe at this point in time that the house is a danger to the individual who is residing therein.

On that basis, I think we should proceed along-- an order to vacate would be my recommendation for the next step."

Adam Grossman: "Okay. Is there anything further you'd like to add to your testimony, Sharon?"

Sharon Klos: "No."

Adam Grossman: "Okay. Thank you very much. We do have a couple of-- we have one person here-- I wasn't sure if anyone else intends to give testimony. Okay."

Public Hearing is closed: 1:25 p.m.

Public Hearing opened: 1:26 p.m.

Barbara Grattan: "This public hearing is opened. I have affidavits of publishing and posting of a public hearing to be held at Riverhead Town Hall, Riverhead, New York at 1:20 p.m. on August 27, 1998, to hear all interested persons who wish to be heard regarding Chapter 54, Unsafe buildings and collapsed structures property owned by Patricia McAlpine located at 9 Front Street, Jamesport, New York."

Approximately 112 hours of additional education in the same field. 80 some odd credits accrued towards an engineering degree, and six years experience in my present position with the Town of Riverhead."

Adam Grossman: "And, Sharon, did you conduct site inspections of real property owned by Patricia McAlpine located at 9 Front Street in South Jamesport, Tax Map #600-92-4-2?"

Sharon Klos: "Yes, I did."

Adam Grossman: "And what did you find when you conducted site inspections at the premises?"

Sharon Klos: "This is a two-story wood frame building in an extremely weathered condition. At the time of inspection it was open and accessible. The interior had been heavily vandalized and the building was open to weathering and further damage.

My feeling at the time that I inspect it-- I inspected it with the Fire Marshal, Mr. Bruce Johnson, and I believe that we concurred at that point in time that if the building was not secured, it should be demolished. Since then, it has come to my attention through Mr. Johnson that that building has been secured.

At this point in time, I would recommend that the building be monitored by the Building Department and inspected periodically for the next six months to assure that the securing remains intact."

Adam Grossman: "Okay. Is there anything further you'd like to add to your testimony?"

Sharon Klos: "Not at this time."

Adam Grossman: "Okay. Thank you very much."

Sharon Klos: "Approximately 25 years experience in the private sector as a project manager and a field supervisor. Approximately six years experience with the Town of Babylon as Commercial Building Inspector-- Senior, and 125 hours training through New York State with their mandated courses with building code and construction. 112 hours of additional education through the same agencies. Approximately 80 some odd credits of college education towards an engineering degree, and approximately six

years experience in my present position.

Adam Grossman: "And, Sharon, did you do site inspections of real property owned by Arlene Moore located at 533 East Main Street, Riverhead, New York, Tax Map #600-129-5-1.00?"

Sharon Klos: "Yes, I did."

Adam Grossman: "And what did you find when you did site inspections at the subject premises?"

Sharon Klos: "The subject building is a two-party garage frame on the west side of the property close to the property line. Of the two part structure, the structure to the south is far more structurally unsound than the one to the north. However, the one to the north is also at this point in time structurally unsound. The building is open and accessible and it is also open to further weathering."

Given the condition and the age of the premises, it would be my recommendation-- my strong recommendation that this particular structure be demolished."

Adam Grossman: "Sharon, is there anything else you'd like to add to your testimony?"

Sharon Klos: "Prior to demolition, this structure will have to be cleared of a huge accumulation of combustibles inside."

Adam Grossman: "Okay."

Sharon Klos: "Okay. I have nothing further to add."

Adam Grossman: "Thank you."

Adam Grossman: "And what are your qualifications to review properties that are-- pursuant to Chapter 54-- review pursuant to Chapter 54 of the Town Code?"

Sharon Klos: "Approximately 25 years in the private section as job superintendent and project manager. Six years with the Town of Babylon as a Senior Building Inspector with the commercial division; 124 hours of training through New York State in building construction and building codes; 112 hours of continuing education through the same agency. Approximately 86 credits of college credits towards an engineering degree, and six years experience in my present position with the Town of Riverhead."

Adam Grossman: "And, Sharon, did you conduct site inspections at real property owned by Joseph, Dorothy and Archie Puleo located at Route 25, Calverton, New York, designated Suffolk County Tax Map #600-117-2-9.01?"

Sharon Klos: "I did."

Adam Grossman: "And what did you find when you did site inspections of the subject property?"

Sharon Klos: "There was a farmstand erected at the site. The farmstand was in the process of collapse at the time that I was there. It was probably-- I'd say 10 to 15 degrees lifting at that point in time. The owners were notified through the Chapter 54 proceeding and at this point in time, that particular structure has been demolished."

Adam Grossman: "Okay. Is there anything else you'd like to add to your testimony?"

Sharon Klos: "No."

Adam Grossman: "Okay. Thank you very much."

Sharon Klos: "Yes, I did."

Adam Grossman: "And what did you find when you conducted site inspections at the subject property?"

Sharon Klos: "This particular site was a house trailer that had been actually involved in a fire and at the time that I performed the inspection, a good portion of the southside wall was gone. The structure was heavily damaged by the fire and it-- at this point in time or at that point in time, was totally uninhabitable."

My feeling is that the damage that was done to that trailer would preclude any possibility of repair and it would be my recommendation that that trailer be removed from the premises-- actually moved off it and demolished off site."

Adam Grossman: "Sharon, is there anything further you'd like to add to your testimony?"

Sharon Klos: "Not at this time."

Adam Grossman: "Okay. Thank you very much."

mandated by New York State in building codes and building construction; 112 hours of continuing education with the same agency. Approximately 86 credits-- college credits towards an engineering degree, and six years experience in my present position with the Town of Riverhead."

Adam Grossman: "And, Sharon, did you conduct site inspections at real property owned by Fred and Sybrinna Butler located at 18 Melene Avenue, Riverhead, New York, Suffolk County Tax Map #-- designated 600-105-2-014.00?"

Sharon Klos: "I did."

Adam Grossman: "And what did you find when you conducted site inspections at the subject property?"

Sharon Klos: "This is a single story frame single family dwelling. At the time that I performed the inspection, I found a building that was open and accessible. The front window was out, siding missing, the interior had essentially been totally gutted out. There was no plumbing. The house is definitely unfit for human habitation. There were piles of garbage in the street outside the home.

At this point in time, I do not consider this home habitable. It would be my recommendation that this edifice be removed and this be demolished."

Adam Grossman: "Okay. Do you have anything further you'd like to add to your testimony at this time?"

Sharon Klos: "No."

Adam Grossman: "Okay. Thank you."
