UNFINISHED BUSINESS

- a) Adopts Master Plan - No action taken at this time.
- b) Regulations on Public Access to Records - Progress.
- c) Adoption of Codification Code - Town Board will meet soon with representatives to straighten this matter out.

Supervisor Leonard then asked if anyone wished to be heard.

PERSONAL APPEARANCES

Police Chief Grodski asked if any action will be taken regarding an amendment for a full stop at Northville Turnpike and Route 58 and Osborne Avenue and Route 58, now that the traffic lights have been installed.

Supervisor Leonard replied that they would take it up at the next meeting.

Councilman Menendez asked the Chief if traffic lights should be put up at the intersection of Northville Turnpike and Cross River Drive, before someone gets killed.

Chief Grodski replied that the Town has been fortunate so far and the peak of the summer traffic will tell if further precautions are needed.

He further stated that he would like to see a four-way stop there.

Further discussion followed.

Mrs. Emma Karch asked if they were going ahead on regrading Sound Avenue or were they just going to make another survey.

She further stated that she read in the papers that Judge Manning's comments on this matter at the last meeting were based on a political promise.

Judge Manning stated that he would live with that statement.

He then went on to say that in his mind, Sound Avenue and Fresh Pond Avenue is the most dangerous intersection in the Town of Riverhead.

He further stated that years ago, "the Town could live with a dangerous situation due to lack of funds and a lack of residents along the road, but now, there are five hundred people who live along that road and they don't even wish to travel along that road because of the danger."

He concluded by saying that he did promise those people that if he were elected, he would do everything in his power to correct this problem.

Emma Karch then referred to Supervisor Leonard's report at the last meeting regarding the small number of accidents on that spot in the last seven years and stated that she considers many intersections in Town to be more dangerous than this one.

Judge Manning agreed that there are many other dangerous intersections in Town, but if one life can be saved by fixing this intersection, he feels that the Town owes it to its people to correct these dangerous situations.

Further discussion followed.

PERSONAL APPEARANCES - continued:

Supervisor Leonard then replied that he has been here for three years and has never once received any calls on this intersection.

Judge Manning stated that differences in opinion are what made this country great, but disagreed with the Supervisor on one point, stating that Mr. Leonard was present at a meeting in Wading River and heard 150 to 175 people voice their concern about that intersection and he should not state that he has never heard any complaints.

Mrs. Karch then said that she believed Mr. Leonard.

Mr. Roy Hooper stated that he was sorry, but he had to challenge Judge Manning on this matter and stated that he didn't think Mr. Manning had been around Riverhead long enough to know the condition of a lot of things, anyway.

He further stated that if the Town went around fixing all the places in Riverhead that are potentially dangerous, the Town would go bankrupt, more than they are right now!

Councilman Menendez said he has been in Riverhead for fifty years and has driven on every road in Town and he has his heart in his mouth everytime he pulls out onto Sound Avenue from Fresh Pond Avenue, because no one can see if anything's coming.

He further stated that people go way out of their way to get to Wading River just to avoid that dangerous intersection and something must be done!

Marie Hoff stated that she has made it a point to travel these roads several times, once with an engineer, and she feels there is evidence in favor of both Supervisor Leonard's and Judge Manning's opinions, but also feels that the situation definitely needs to be corrected.

She further stated that she tried to make that turn, in question, several times and couldn't because she was not able to see.
