# TOWN OF RIVERHEAD NOTICE OF PUBLIC HEARING

PLEASE TAKE NOTICE that a public hearing will be held before the Town Board of the Town at Riverhead at the Wading River Congregational Church, North Wading River Road, Wading River, New York, on the 7th day of November 2007 at 2:15 o'clock pm, to amend Chapter 108, entitled "Zoning" of the Riverhead Town Code as follows:

## Article VII Accessory Apartments

### Accessory Apartment Standards and Requirements

#### §108-34. Purpose

It is the intent and purpose of this article to provide workforce housing opportunities to meet the housing needs of median income families and to implement the housing element of the Town of Riverhead Comprehensive Plan (Town of Riverhead Planning Board Et. Al, 2003) by allowing accessory apartments within the Residence A40, Residence B-40, Residence A-80, Residence B-80 and Agricultural Protection Zoning Use Districts.

#### A. Findings.

The Town Board finds that there exist many benefits associated with the creation of accessory apartments on residential lots with detached single family dwellings, including providing a cost-effective means of accommodating necessary residential development by making better use of existing infrastructure and reducing the need to provide new infrastructure; increasing the supply of workforce housing without increased government subsidies and regulations; benefiting older homeowners, single parents, young home buyers and the disabled; integrating workforce housing more uniformly in the community; providing homeowners with revenue to meet rising homeownership costs, and by meeting growth management goals by creating more housing opportunities within existing developed neighborhoods.

#### B. Standards

- (1) Owner occupancy required. The owners of the real property upon which the accessory apartment is located shall reside within the principal dwelling existing upon the premises. No other owners shall own a larger percentage collectively or individually than the owner occupant. A property owner shall own only one accessory apartment within the Town of Riverhead and only one accessory apartment per Suffolk County Tax Lot shall be permitted.
- (2) Location on a lot. An accessory apartment may be located within the principal single family dwelling or within an accessory building.
- (3) Accessory apartment size. The minimum habitable area for an accessory apartment shall be a minimum of 300 square feet and a maximum of 650 square feet and shall not exceed forty percent (40%) of the habitable area of the principal dwelling of which the apartment is accessory. In no event may there be more than one (1) bedroom per accessory apartment.

- (4) Number of accessory apartments per lot. There shall be no more than one accessory apartment permitted per lot. Accessory apartments shall not be permitted in within an existing multi-family structure.
- (5) Exterior appearance. In the event that an accessory apartment is located within the principal dwelling, the entry to such unit and the appearance of the building shall, to the greater extent practicable, remain as a single family dwelling.
- (6) Off-Street Parking. There shall be located a minimum of two (2) 9' x 18' off-street parking stalls per dwelling unit. Parking areas and driveways must be paved with asphalt, concrete or similar impervious surfaces.
- (7) The principal structure as well as the accessory apartment must comply with all requirements for two family dwellings as per the New York State Building Code and the Laws and Housing Regulations of the State of New York, the County of Suffolk and the Town of Riverhead.
- (8) Duration. All permits issued hereunder shall be valid for an initial period of three (3) years and for successive renewal periods of up to five (5) years at the discretion of the Accessory Apartment Board.
- (9) New Construction. No permit shall be issued for an accessory apartment within any structure until a period of three (3) years has elapsed from the date of issuance of the relevant certificate of occupancy. Nothing contained in this subsection shall be construed to prohibit the construction of an addition to a principal building.

#### **§108-35. Applications.**

- (1) There shall be submitted to Building Department the following:
  - (a) An application to the Accessory Apartment Review Board for an accessory apartment;
  - (b) An application to the Building Department for all required Building Permits.
- (2) The Applicant shall make part of any required building permit the approval of the Suffolk County Department of Health Services, if required.
- (3) The Accessory Apartment Review Board as part of its application, may require the applicant to submit supporting documents including but not limited to floor plans, surveys, photographs, exterior or renderings.
- (4) The application for the transfer of an accessory apartment permit to a subsequent property owner shall be completed on such forms and in such a manner as prescribed by the Accessory Apartment Review Board.
- (5) The application must be supplied by the owners of the property and the applicant shall be required to file an acknowledgment with the Town of Riverhead stating that the accessory apartment permit or any extensions thereof shall terminate upon the death of the signator or the survivor of the signator, upon the transfer of title to said premises, upon the signator no longer occupying the premises as their principal residence or upon a conviction for a violation of this article.
- (6) The applicant will be required to file a form stating that the subject dwelling(s) shall conform with all New York State Building Code requirements and all Town of Riverhead requirements pertaining to accessory apartments or rental units. The applicant will be required to meet pertaining standards within 90 days of the building permit or the accessory apartment permit will become null and void.

### §108-136. Fees.

- (1) The fee for an accessory apartment permit for the initial three year period shall be \$500.00. The renewal fee for the subsequent five year periods shall be \$250.00.
- (2) Upon failure to obtain a certificate of occupancy within the total allotted time, the first re-application fee will be \$300. For a second failure to obtain the certificate of occupancy in the allotted time, the second re-application fee will be \$500. For any and all subsequent re-applications, the fee will be \$500.00.
- (3) The fee for the transfer of an unexpired term of an accessory apartment permit shall be \$50.00.

### §108-37. Accessory Apartment Review Board.
