258 RESOLUTION IN OPPOSITION TO AN EAST END JETPORT AND
REJECTION OF THE FEASIBILITY STUDY

Councilperson COUNCILMAN PRUSINOWSKI offered the following resolution
which was seconded by Councilperson COUNCILMAN STARK.

WHEREAS, the FAA provided \$437,000 to Lee Koppelman, Executive Director of the Long Island Regional Planning Board, in 1992 to fund a feasibility study on the development of a joint use-commercial jetport on Navy-owned property within the hamlet of Calverton; and

WHEREAS, the so-called study, which is now complete and has been formally endorsed by the Long Island Regional Planning Board, concludes that a commercial aviation operation commencing with one cargo flight a day is feasible despite evidence that shows that cargo airports aren't economically successful; and

WHEREAS, this Town Board believes that the recommendation of the feasibility study was reached without sufficiently evaluating the impacts on the East End environment, the costs to taxpayers and the effects on the traditional and sustainable East End industries of farming, tourism and marine-related activities; and

WHEREAS, this Town Board finds that the recommendation of the study was reached without adequately considering alternative joint uses as requested by this Board;

NOW, THEREFORE, BE IT RESOLVED, that the Town Board has determined that siting a cargo jetport at Calverton would be contrary to federal, state and county initiatives, such as the National Estuary Program, the Special Groundwater Protection Area Study, the Clean Drinking Water Protection Program and the Wild, Scenic and Recreational Rivers Program, that seek to preserve and protect this area; and

BE IT FURTHER RESOLVED, that this Town Board determines that a cargo jetport will increase traffic, threaten the agriculture and tourism industries, increase air and water pollution and impact the quality of life and the rural character of the community of Calverton and the entire East End; and

BE IT FURTHER RESOLVED, that this Town Board has determined that the recommended cargo jetport does not meet the planning goals and objectives of the Town of Riverhead which include supporting agriculture, preserving rural character and promoting tourism; and

BE IT FURTHER RESOLVED, that the Town Board refuses to accept the recommendations of the Long Island Regional Planning Board regarding the feasibility of the East End Jetport; and

BE IT FURTHER RESOLVED, that the Town Board of the Town of Riverhead calls upon Federal, State and County Officials to reject the recommendations of the Long Island Regional Planning Board regarding the feasibility of the East End Jetport; and

BE IT FURTHER RESOLVED, that the Town Clerk be and is hereby directed to forward a copy of this resolution to The Long Island Regional Planning Board Executive Director Dr. Lee Koppleman; United States Senator Alfonse D'Amato, Congressman George Hochbrueckner, Governor Mario Cuomo, New York State Senator Kenneth LaValle, New York State Assemblyman Joseph Sawicki, State Assemblyman John Behan, Suffolk County Executive Robert Gaffney and Suffolk County Legislator Michael Caracciolo.

APPROVES CHANGE OF ZONE AND SPECIAL PERMIT PETITION OF CASILEN CORPORATION

COUNCILMAN STARK made the following motion which was

seconded by **COUNCILMAN PRUSINOWSKI**

WHEREAS, the Riverhead Town Board is in receipt of a petition for a change of Zone from Casilen Corporation in order to provide for the extension of C Zoning Use District to the exclusion of the Agriculture A and Business B Zoning Use Districts respecting real property located at the southwest corner of Middle Road and Osborn Avenue, Riverhead, New York: real property more particularly described as Suffolk County Tax Map 000-101-2-6.2, and

WHEREAS, the subject change of zone petition was attended by a special permit application to allow the construction of 220 residential condominium units pursuant to Section 108-20 of the Town of Riverhead Zoning Ordinance, and

WHEREAS, the Town Board, in its consideration of the change of zone and special permit did require the preparation of an Environmental Impact Statement, and

WHEREAS, the Draft Environmental Impact Statement analyzed those impacts to the natural and social environment which could be caused by the proposed project, including the relationship of the petition to the Comprehensive Plan of the Town of Riverhead, and

WHEREAS, the Environmental Impact Statement did, as required by the Environmental Conservation Law, discuss several alternatives with varying impacts, and

WHEREAS, the Riverhead Town Board, by resolution #299 of 1991 adopted a Findings Statement setting forth the conclusions of the Lead Agency with regard to the environmental impacts associated with the project as well as those elements to be incorporated in project design in order to mitigate identified environmental impacts, and

WHEREAS, those mitigation measures identified by the Lead Agency to be employed in the project design included:

1. The extension of the Riverhead Sewer District to the project site in order to meet Suffolk County Sanitary Code requirements and protect a Riverhead Water District supply well located in the general vicinity of the project site;
2. The development of a site plan which would provide a non-development area surrounding existing New York State regulated wetlands in order to protect the natural resource and would identify that wetland area to be considered pursuant to Section 108-95 C(1) of the Riverhead Zoning Ordinance;

3. The service of the site by the Riverhead Water District to avoid impacts upon the existing wetland system;
4. The preparation of a landscape plan and management program designed to minimize the impacts of fertilizers, herbicides and pesticides upon wetland areas;
5. The limitation of the ultimate residential yield to that proposed for the subject real property by the Town of Riverhead Master Plan; and

WHEREAS, subsequent to the Town Board's Statement of Findings, the Riverhead Sewer District authorized and caused to be prepared a connection evaluation report relative to impacts and effects of the proposed project upon both the existing Riverhead Sewer District and the extensions being considered by the Town Board, and

WHEREAS, after consideration of the aforementioned development project, the Riverhead Town Board, by resolution number #650 of 1992 approved an order to extend the Riverhead Sewer District to the subject property; such order in conformance with the approved map, plan and connection evaluation report, and

WHEREAS, the Town Board referred the Change of Zone and Special Permit petition to the Suffolk County Planning Commission for its report and recommendation; such Commission recommending approval subject to 20% of the residential units being reserved as affordable housing, and

WHEREAS, pursuant to the conditional order on the extension of the Riverhead Sewer District to the project site, the Riverhead Planning Board recommended the approval of the Change of Zone and Special Permit subject to the following conditions:

1. That the ultimate density of the subject real property not exceed that identified by the Town of Riverhead Master Plan;
2. That the special permit be predicated on connection to the Riverhead Sewer District and that such connection be in place prior to the issuance of any Certificate of Occupancy;
3. That open space and wetland areas be protected via the establishment of conservation easements;
4. That residential units be limited to condominiums and that a condominium map be submitted pursuant to the Town of Riverhead Zoning Ordinance; and

WHEREAS, a public hearing on this petition was held by the Riverhead Town Board on 10th day of February, 1993 at which time the commentary of interested parties of interest were heard, and

THEREAS, the Riverhead Town Board has carefully considered the contents of the proposed petitions, the SEQRA record created to date, the report of the Planning Department, the recommendation of the Suffolk County Planning Commission, the recommendation of the Riverhead Planning Board, the public hearing record as well as all other relevant planning, zoning, and environmental information, now

THEREFORE, BE IT

RESOLVED, that in the matter of the Change of Zone and Special Use petitions of Casilen Corporation, the Riverhead Town Board makes the following findings:

- FIRST:** That the Agriculture A Zoning Use District existing on the subject real property is not appropriate relative to the Town of Riverhead Master Plan and the surrounding industrial and commercial land uses and zoning districts;
- SECOND:** That the Master Plan recommended residential use of the property at a medium density of 2.32 units per acre;
- THIRD:** That multiple family dwellings are considered to be compatible with existing industrial and commercial land uses;
- FOURTH:** That development of attached units is preferable to single family realty subdivision in that large contiguous open space areas can be created to protect existing natural features;
- FIFTH:** That condominium development will result in private roadways, drainage areas and recreational areas reducing costs of municipal services required by the project;
- SIXTH:** That given the nature of both the subject property and the surrounding land uses, the site is particularly suitable for such use in the community;
- SEVENTH:** That access facilities are adequate for the proposed use;
- EIGHTH:** That adequate provisions will be made for the collection and disposal of sanitary waste;
- NINTH:** That the number of residential units in conformance with the Town Master Plan is justified in light of the units otherwise proposed built, or occupied within the Town of Riverhead;
- TENTH:** That the SEQRA Findings Statement issued by this Board recited those environmental mitigation measures

and land use planning considerations supporting the approval of a change of zone and special permit for condominium development; and

BE IT FURTHER

RESOLVED, that in the matter of the subject petitions, the Riverhead Board makes the following determinations:

1. That the use will not prevent or substantially impair either the reasonable or orderly use or the reasonable or orderly development of other properties within the neighborhood;
2. That disadvantages to the neighborhood from the location of such use within the property are outweighed by the advantage to be gained by either the neighborhood or the Town;
3. That the health, safety, welfare, comfort and convenience and order of the Town will not be adversely affected by the proposed land use;
4. That such proposed land use will be in harmony with and promote the general purposes and intent of the Town of Riverhead Zoning Ordinance; and

BE IT FURTHER

RESOLVED, that the Riverhead Town Board, based upon its findings and determinations hereby approves the Change of Zone and Special Permittions of Casilen Corporation as described in this resolution, subject he following conditions:

FIRST: That the total number of units shall not exceed that density envisioned for the parcel by the Town of Riverhead Master Plan of 1973, that is 2.32 units per acre resulting in a total of 132 dwelling units;

SECOND: That the total number of bedrooms constructed shall not exceed the following distribution:

2 Bedroom units/88% of total units

3 Bedroom units/12% of total units;

THIRD: That the special permit shall be predicated upon the extension of the Riverhead Sewer District

FOURTH: That residential development be limited to condominium and that a condominium map be submitted to the Planning Board pursuant to the Riverhead Zoning Ordinance;

FIFTH: That no building permit shall be issued prior to the approval of an engineered site plan prepared pursuant to Section 108-128 of the Riverhead Zoning Ordinance; such site plan to incorporate the following depictions:

- A. Conservation Easements over state regulated wetland areas;
- B. Wetland areas as flagged by the New York State Department of Environmental Conservation with clearing line;
- C. Location of private roadways, drainage, parking, and recreational areas;
- D. Location of on site sewage pumping station;
- E. Mitigation measures to be employed to minimize impacts of excavation and construction to wetland areas; and

BE IT FURTHER

RESOLVED, that in this approval the Riverhead Town Board hereby approves the recommendation of the Suffolk County Planning Commission requiring that 20% of the units be delivered as affordable housing; such percentage based upon the total number of affordable units already constructed in the Town of Riverhead, and

BE IT FURTHER

RESOLVED, that the Town Clerk and the Planning Director be authorized to proceed with those actions necessary to amend the official Zoning Use District Map of the Town of Riverhead, and

BE IT FURTHER
