**Re: Riverhead Water District
Water Distribution System Maintenance
And Emergency Service Contract
H2M Project No.: RDWD 1701**

Dear Supervisor Walter:

On Thursday, December 7, 2017, the Riverhead Water District received bids for their Water Distribution System Maintenance and Emergency Services Contract. One contractor submitted bids, with the low bid being submitted by Bancker Construction Corp. of Islandia, New York. A summary of the bids received is shown below:

Contractor	2018 Bid	2019 Bid	2020 Bid
Bancker Construction Corp.	\$343,271.65	\$353,643.60 *	\$365,875.80

** - Upon evaluation of Bancker Construction Corp. submitted bid, an error in calculation was reported within the Bid Total of the Bid Comparison section for their 2019 year bid. The Bid Comparison showed a Bid Total value of \$353,613.80, the correct value for the 2019 Bid Total is \$353,643.60, represented above.*

Bancker Construction Corp. has successfully completed similar work for various water utilities over the past few years including the Riverhead Water District. Additionally, the bid prices submitted by them compare to projects similar in size and nature. It is our opinion that Bancker Construction Corp. is qualified and their bid prices are fair and reasonable.

It should be noted that this contract is for system maintenance and emergency services. The total bid amounts were used as means of selecting a low bidder. The actual construction value is unknown at this time and will depend on the number of emergency and maintenance situations that occur during the year. Based on this, we recommend that the Town/District award the contract to Bancker Construction Corp. for the 2018 calendar year in the amount of **\$343,271.65**. The award for the years 2019 and 2020 shall be made separately prior to the start of the respective year if the extension of the contract is deemed to be in the best interest of the District.

Should you have any questions or comments, please contact this office.

Very truly yours,

H2M architects + engineers
